

Why Drones Are Beneficial in the Construction Industry

[Article originally appeared in www.osha.com]

The construction industry is evolving, and drones are at the forefront of this transformation. By incorporating drones into your workflow, you can achieve greater accuracy in site assessments, expedite project timelines, and improve safety on job sites. This blog will outline the key advantages of using drones in construction, highlighting how they can improve project management and benefit your business, leading to more successful project outcomes.

1. Examine Hard-to-Reach Areas with Drones

Drones are invaluable for inspecting hard-to-reach and unsafe areas on construction sites. Imagine

discovering water stains on a completed floor after a storm. Instead of diverting a crew, a drone can quickly inspect exterior surfaces, streaming live video to identify issues like cracks.

This capability is also beneficial for residential roofing contractors, allowing them to inspect high-pitch roofs safely. In fact, According to a 2020 survey conducted by the National Safety Council (NSC), 50% of those surveyed reported being exposed to dangerous work environments, such as heights or confined spaces, where drones could potentially reduce the risk of injury.

Drones provide both broad overviews and detailed close-ups, enhancing safety and efficiency

by identifying potential problems without risking workers' safety.

2. Improved Surveying and Mapping

Using drones for precise topographic surveys eliminates the need for traditional, labor-intensive methods. These surveys can be conducted more quickly and safely, covering large areas in a fraction of the time it would take using conventional techniques.

Drones can quickly gather data over large areas, creating detailed 3D models of construction sites. These models help in accurate planning, reducing the risk of errors and ensuring the project stays on track. With high-resolution cameras and advanced sensors, drones can capture intri-

cate details, providing valuable insights into the terrain and site conditions.

3. Cost Savings

One of the significant advantages of using drones in construction is cost savings. Automated drone surveys reduce labor costs and time, allowing for more efficient use of resources. For example, automating the survey process means minimizing the need for extensive manual labor and reducing the time required to complete tasks.

Additionally, drones enhance safety monitoring, which can lower insurance premiums. Drones identifying potential hazards early and improv-

Bridging the Expertise and Knowledge Gap From a Retiring Generation of Builders

[Article originally appeared in www.constructionexec.com]

By James Norris

The goal of AI in construction should be to manage risk better than ever before. This is how we keep our people safe and, frankly, it is how builders make money. Whoever manages risk best wins! Years ago, I heard from a head of construction operations that the goal of a construction company is to make more than 14% profit on the capital backing the construction company.

Basically, make more than you can in the stock market. If not, it makes no sense to be in busi-

ness as a builder and you might as well go trade stocks or open a kombucha franchise for millennials. I am a millennial, so no offense taken.

The focus of AI needs to be based on value and the problems we as an architecture, engineering and construction industry know we are facing. Let's start by rehashing some well known AEC industry problems to understand the real value AI can bring and is bringing to our industry:

KNOWN AEC INDUSTRY CHALLENGES

1. Good workers are hard to find! In 2024, the industry was short by a half a million construction workers.

2. Our building experts are retiring! According to the U.S. Bureau of Labor Statistics, nearly 1 in 4 construction workers are older than 55, and retirements will continue to whittle away at the workforce.

3. We're running our people ragged! Workers in the construction industry are more vulnerable to burnout than in any other field. In 2017, the National Association of Home Builders found that only 3% of people aged 18 to 25 wanted to work in construction.

SO WHERE DO WE START WITH THIS AI INITIATIVE AS SOFTWARE COMPANIES OR BUILDERS?

First, building AI into a construction workflow requires expertise in the built world. Our industry is slow to adopt new software that doesn't instantly show value that is obvious to all parties. That's why 2D drawings on software mobile apps became multibillion-dollar companies. Everyone wanted updated drawings at their fingertips because it was an obvious solution.

So, if you want AI to solve a construction problem that is truly obvious and can scale to help millions of people, hire people who deeply un-

derstand the nuances of the construction problem as well as AI engineers. Some questions to answer on your AI solution journey are:

- Is it simple?
- Is it reliable?
- Is it in real time or time-sensitive?
- Is it faster than what I am doing now?
- Does it predict risks well?
- Does it work with all the data I am capturing, such as schedule, safety, fieldwork and cost?

The more information you have, the better the solution you can implement. These are questions we ask at Smartapp before creating anything, whether it be automated, AI-driven or both.

WHAT IS SMARTAPP DOING WITH AI AND AUTOMATION?

Released in the fall of 2023, the benefits of the Brena.ai AI assistant have already helped on a \$100 million project.

Carter Center Staff Tribute to Former U.S. President Jimmy Carter

[Article originally appeared in www.jimmycartertribute.org]

The global staff of The Carter Center mourns the passing of our visionary founder, former U.S. President Jimmy Carter, whose long life of selfless service to humanity has left a lasting mark on us and on the world.

President Carter believed in giving every effort, as broadly as possible, to make a positive difference in the world. His legacy will remain an ongoing inspiration to us at The Carter Center and to everyone who believes in compassion, justice, and human rights.

We shall miss President Carter's strong leadership and profound humility as we carry on his work of waging peace, fighting disease, and building hope.

In lieu of flowers, President Carter requested that those wishing to honor his memory do so through contributions to The Carter Center and

acts of service to humanity. Please visit www.jimmycartertribute.org to make a memorial gift, sign a virtual condolence book, and learn more.

Why Drones Are Beneficial in the Construction Industry

Continued from page 1

ing site safety contribute to a safer and more cost-effective construction process. The reduction in accidents and improved safety records can lead to substantial savings in insurance costs and liability claims.

A specific success story is how major construction projects across India reduced the time spent on surveying by 60% and significantly lowered the costs associated with manual inspections and reworks by using drones for site surveying and monitoring.

4. Environmental Impact Assessment

Drones play a crucial role in monitoring environmental changes and minimizing ecological disruption during construction projects. They can track the impact of construction activities on surrounding areas, ensuring compliance with environmental regulations. This proactive approach helps mitigate negative effects and promotes sustainable construction practices.

Capturing real-time data on environmental conditions enables construction teams to adjust their practices to minimize harm to the ecosystem. This includes monitoring water quality, vegetation health, and wildlife activity, ensuring that construction activities align with environmental protection standards.

5. Inventory Management

Managing materials and equipment on a construction site can be challenging. Drones streamline inventory management by providing real-time monitoring of on-site materials and equipment. This ensures accurate stock levels and helps prevent shortages or overstocking, ultimately contributing to a more efficient construction process.

Drones can track the location and quantity of materials through regular aerial surveys, reducing the risk of theft or misplacement. This real-time visibility into inventory levels allows for better planning and resource allocation, ensuring that the right materials are available when needed.

6. Marketing and Client Engagement

Drones are also powerful tools for marketing and client engagement. They can create compelling visuals for marketing materials and presentations, offering clients a unique perspective on the project.

For example, high-quality aerial footage and images can showcase the project's progress and highlight key features, making presentations more engaging and persuasive. These regular visual updates and immersive project tours enhance client satisfaction and keep stakeholders informed about the progress.

7. Improved Safety Monitoring

Worker safety is paramount in construction, and drones significantly enhance safety monitoring. With real-time surveillance capabilities, drones can conduct hazard assessments from a safe distance. This allows for the identification and mitigation of potential risks, ensuring a safer working environment for everyone involved.

Using drones to continuously monitor the site can help detect unsafe practices or conditions and alert the appropriate personnel to take corrective actions promptly.

8. Emergency Response and Disaster Management

In the event of natural disasters or emergencies, drones are invaluable for assessing site damage quickly. They can aid in rescue operations and emergency planning by providing real-time data and high-resolution images. This capability ensures a quick and effective response to any crisis, minimizing downtime and facilitating recovery efforts.

Drones can quickly survey large areas affected by disasters to identify hazards, assess damage, and locate individuals in need of assistance. This rapid assessment enables emergency responders to prioritize their efforts and allocate resources more efficiently.

CALIFORNIA SUB-BID REQUEST ADS

ANVIL BUILDERS INC.
1550 Park Ave. Emeryville, CA 94608
Phone: 415-285-5000 • Fax: 415-285-5005

Request for for DBEs, MBEs, WBEs, SBEs, SBA MBEs, & HUBZone Subcontractors and Suppliers for
Project: City of Palo Alto - Local Advanced Water Purification System (Local AWPS)
Contract No: IFB193197
Bid Date: 1/31/2025 • Bid Time: 3:00 PM

The Project will construct a new odor control structure, membrane filtration, reverse osmosis system, a new permeate storage tank, blending station, new chemical storage facilities, electrical, instrumentation and control systems. Site work includes pile foundation, concrete slab, yard piping, replacement of a sewer line, paving, grading, landscaping, a metal canopy, a pre-engineered electrical building and a perimeter wall.

Seeking all trades (but not limited to): Demo, Concrete, Rebar, Piles, Asphalt, Fencing, Misc Metals, HVAC, Fire Sprinklers, Landscaping.

Plans, specifications, and requirements can be viewed at our office or by reaching out to us at estimating@anvilbuilders.com. By submitting a proposal your company agrees to Anvil Builders Inc standard subcontract. For assistance with bonding, lines of credit, insurance, or anything else regarding bidding on this project, contact Anvil Builders via phone or email.

Will you be bidding this project? Please email or fax your response to estimating@anvilbuilders.com / 415-285-5005.

ANVIL BUILDERS INC.
1550 Park Ave. Emeryville, CA 94608
Phone: 415-285-5000 • Fax: 415-285-5005

Request for LBE Subcontractors and Suppliers for
Project: Sunol Valley Water Treatment Plant Short Term Improvements
Contract No: WD-2909
Bid Date: January 16, 2025 • Bid Time: 2:00 PM

The objective of the project is to improve several treatment systems at the Sunol Valley Water Treatment Plant. This includes repair of sediment and flocculant basin concrete; replacement of sludge removal equipment, channel and filter valves, cationic polymer system, and sample pumps; and installation of chemical piping. In addition, a new utility water pump station will be installed to support the facility. The work is to be performed in Alameda County, California.

Seeking all trades (but not limited to): Demo, Concrete, Rebar, Misc Metals, Fencing, Plumbing/ Process Pipe, Asphalt Paving, Security Guard, Welding, Waterproofing, Hydroseed, and other required work and trades.

This project requires a confidentiality agreement. For plans, specifications, and requirements, please email estimating@anvilbuilders.com to be added to our confidentiality agreement. A link will then be provided with the plans and specifications. By submitting a proposal, your company agrees to Anvil Builders Inc.'s standard subcontract.

For assistance with bonding, lines of credit, insurance, or anything else regarding bidding on this project, contact Anvil Builders via phone or email.

Will you be bidding this project? Please email or fax your response to estimating@anvilbuilders.com / 415-285-5005.

Phone: 510-526-3424 • FAX: 510-526-0990

REQUEST FOR DBE SUBCONTRACTORS AND SUPPLIERS FOR:
State Route 85 Noise Reduction (Phase 2) Project
Contract C24218
San Jose, CA
Santa Clara Valley Transportation Authority
REVISED BID DATE: January 07, 2025 @ 2:00 PM

We are soliciting quotes for (including but not limited to): Trucking, Temporary and Permanent Hydroseed and Erosion Control Measures, QC/QA Testing, Crash Cushion, Construction Staking, Lead Compliance Plan, Construction Area Signs, Traffic Control System, Striping & Marking, Portable Changeable Message Sign, Illegal Dumping Disposal, Water Pollution Control Program, Sweeping, Treated Wood Waste, Noise Monitoring, Roadway Excavation (Type Z-0 Aerially Deposited Lead), Shoulder Backing, Geosynthetic Pavement Interlayer, AC Dike, Tack Coat, Grinding Asphalt & Concrete, Misc. Iron & Steel, Stainless Steel Capture Housing, Cold Plane AC, Minor Concrete (Minor Structure), Drill & Bond Dowel, Joint Seal, Public Safety Plan, Prepare Bridge Deck Surface, Polyester Concrete Overlay, Concrete Pipe, Adjust Utilities, Guardrail Systems, Pavement Marker, Rumble Strip, Roadside Signs, Vegetation Control (Minor Concrete), Concrete Barrier, Striping & Marking, Electrical and Construction Materials

Jean Sicard (510-809-3411 jsicard@ocjones.com) is the estimator on this project and is available to provide assistance or answer questions regarding the project scope of work including bid requirements, break out of bid items, plan or spec interpretation, bonding or insurance requirements, and other bid assistance. Plans and specs are available to review at our Berkeley office or can be sent out via Building Connected. PDF format quotes should be emailed to the estimator or faxed to 510-526-0990 prior to 12:00 PM on the date of the bid. Quotes from SBE/DBE Subcontractors, Suppliers and Truckers are highly encouraged. OCJ is willing to breakout any portion of work to encourage SBE/DBE participation. Subcontractors must possess a current DIR, Contractors License, and insurance and workers compensation coverage including waiver of subrogation. OCJ may require Performance and Payment bonds on subcontracts. OCJ will pay the bond premium up to 2% of the contract value. Please contact OCJ for any assistance required by your firm in obtaining bonding or insurance. The US Small Business Administration may also assist you in obtaining bonding - please see the following site for information: <http://www.sba.gov/content/contractors>. Visit the California Access to Capital Program Financing Solutions website for additional resources for your small business - http://www.calbizfinance.org/ca_cert_biz_program.html. OCJ is available to help obtain necessary equipment, material and/or supplies. All subcontractors are required to execute OC Jones' standard subcontract agreement, comply with all insurance requirements, and name OCJ as additional insured. Copies of our agreement and insurance requirements are available upon request. OCJ is a Union contractor, and we are signatory to the Operating Engineers, Laborers, Teamsters, and Carpenters. OCJ is an Equal Opportunity Employer.

Sub-Bids Requested from qualified DBE Subconsultants for:

PROGRESSIVE DESIGN-BUILD SERVICES FOR THE ADVANCED WATER PURIFICATION FACILITY AT RP-4 PROJECT EN25070.00
Owner: Inland Empire Utilities Agency
Location: Rancho Cucamonga, CA
Bids Due Date: January 20, 2025 @ 3:00 P.M.
Proposal Date: February 20, 2025 @ 3:00 P.M.

667 Brea Canyon Road, Suite 30 • Walnut, CA 91789
Phone: (909) 595-4397, Fax: (909) 444-4268
Contact: Lori Olivas, lori.olivas@jfshea.com

J.F. Shea Construction, Inc. is soliciting your participation in the preparation of this bid. We are particularly interested in bids from subconsultants for the following work items:
Survey, Geotechnical Engineering, Geotechnical Drilling, Architectural Design, Structural Design, Electrical Design, Civil Design, Surge Analysis, Corrosion Control Design, Permitting, Potholing, Utility Locating with Ground Penetrating Radar.

Plans and Specifications: Please email your request to lori.olivas@jfshea.com. Project Documents may also be viewed at our Walnut Office. J.F. Shea Construction, Inc. is an equal opportunity employer and intends to negotiate in good faith with interested DBE firms and intends to utilize the lowest responsive bidder. J.F. Shea expects potential subconsultants to be bondable. J.F. Shea will pay for up to 1% for bond costs. Subconsultants are expected to bid per the Project Documents, including requirements for warranties.

An Equal Opportunity Employer

Small Business (SB), Small Disadvantaged Business (SDB), Historically Underutilized Business Zone (HUBZone), Indian Small Business Economic Enterprises (ISBEE), Service-Disabled Veteran Owned Small Business (SDVOSB), Women-Owned Small Business (WOSB) and Minority Owned (MBE) Subcontractor/Supplier Bids Requested For:

National Park Service
YOSE 196416 Rehabilitate the El Portal Wastewater Treatment Facility and Administrative Camp
Solicitation No. 140P2025R0008
REVISED BID DATE: Monday, January 6th, 2025 at 2pm
Project Location: Yosemite National Park, El Portal, CA

Email quotes to jmiranda@shimmick.com

Shimmick / CEC Joint Venture is requesting quotes from certified SB, SDB, HUBZone, ISBEE, SDVOSB, WOSB, and MBE subcontractors and suppliers in the following scopes of work, including, but not limited to:

Subcontractors: Architectural; Clear and Grub; Concrete Building; Coring; Demolition; Earthwork; Electrical; Environmental; Erosion Control; Fencing; Flatwork; Grinding AC Concrete; Haz Abatement; Instrumentation; Insulation; Mechanical; Paint/Stain; Paving; Rebar; Roofing; Steel Erection; Structural Steel; Survey; Trucking; Utility Work; Welding

Suppliers: Aggregate; Doors; Mechanical Equipment; Misc. Metal; Pipe (Copper Stainless, PVC, Steel); Precast Structural; Precast Utility; Pump; Ready Mix; Steel Fabrication; Trench Shoring; Utility Pipe (CMP, CSP, Plastic, Plate, DIP, Steel, VCP, RCP); Valves & Fittings

Plans are available to download on Sam.gov by searching for solicitation ID no. 140P2025R0008. You may also contact Jamie Miranda at jmiranda@shimmick.com for a download link to view plans and specifications or to schedule an appointment via Teams to discuss the documents. Meetings are held during regular business hours.

Should you require assistance with your bid, please contact our lead estimator Jason Burden at jbunden@shimmick.com.

All items of work listed above are made available, even items of work normally performed by Shimmick / CEC JV. Please contact the lead estimator listed above for assistance with breaking down items of work into economically feasible units, with assistance obtaining equipment, supplies, materials, bonding, insurance, estimating, or related assistance. 100% Performance and Payment bonds with a surety company subject to approval of Shimmick / CEC JV are required of subcontractors for this project. Shimmick / CEC JV will pay bond premium up to 1.5%. Subcontractors will be required to abide by terms and conditions of the AGC Master Labor Agreements and to execute an agreement utilizing the latest JV Long Form Standard Subcontract incorporating prime contract terms and conditions, including payment provisions. Shimmick / CEC JV's listing of a Subcontractor is not to be construed as an acceptance of all of the Subcontractor's conditions or exceptions included with the Subcontractor's price quote. Shimmick / CEC JV requires that Subcontractors and Suppliers price quotes be provided at a reasonable time prior to the bid deadline to enable a complete evaluation. For assistance with bonding, insurance or lines of credit contact Amanda Mobley at amanda.mobley@shimmick.com.

Shimmick / CEC Joint Venture is requesting quotes from certified SB, SDB, HUBZone, ISBEE, SDVOSB, WOSB, and MBE subcontractors and suppliers in the following scopes of work, including, but not limited to:

Subcontractors: Architectural; Clear & Grub; Cellcrete; Concrete Building; Dewatering; Earthwork; Electrical; Environmental; Erosion Control; Fencing; Flatwork; Instrumentation; Insulation; Landscape; Marine; Masonry; Mechanical; Painting; Piles; Structural Precast; Rebar; Roofing; Shoring; Signs; Structural Steel; Survey; Trucking; Utility Work; Waterproofing; Welding

Suppliers: Aggregate; Architectural Items; Doors; Expansion Joints; Fabric; Falsework Material; Joint Seal; Lumber; Mechanical Equipment; Misc. Metal; Pipe Pile; Sheet Pile; Copper Stainless Pipe; Steel Pipe; Structural Precast; Precast Utility; Ready Mix; Steel Fabrication; Trashracks; Plastic Utility Pipe; Valves & Fittings

Plans are available to download on Sam.gov by searching for solicitation ID no. 140R2024R0017. You may also contact Jamie Miranda at jmiranda@shimmick.com for a download link to view plans and specifications or to schedule an appointment via Teams to discuss the documents. Meetings are held during regular business hours.

Should you require assistance with your bid, please contact our lead estimator Roxanna Kharrazi at rkharrazi@shimmick.com.

All items of work listed above are made available, even items of work normally performed by Shimmick / CEC Joint Venture. Please contact the lead estimator listed above for assistance with breaking down items of work into economically feasible units, with assistance obtaining equipment, supplies, materials, bonding, insurance, estimating, or related assistance. 100% Performance and Payment bonds with a surety company subject to approval of the JV are required of subcontractors for this project. The JV will pay bond premium up to 1.5%. Subcontractors will be required to abide by terms and conditions of the AGC Master Labor Agreements and to execute an agreement utilizing the latest Long Form Standard Subcontract incorporating prime contract terms and conditions, including payment provisions. The JV's listing of a Subcontractor is not to be construed as an acceptance of all of the Subcontractor's conditions or exceptions included with the Subcontractor's price quote. The JV requires that Subcontractors and Suppliers price quotes be provided at a reasonable time prior to the bid deadline to enable a complete evaluation. For assistance with bonding, insurance or lines of credit contact Amanda Mobley at amanda.mobley@shimmick.com.

CALIFORNIA SUB-BID REQUEST ADS

Ames Construction, Inc. is seeking certified and qualified *SB subcontractors and suppliers to meet the *SB Requirements for the following:

PROJECT: BF Sisk Dam SOD Modifications, Phase 2
OWNER: Bureau of Reclamation
REVISED BID DATE/TIME: January 27th, 2025 @ 12:00 PM

PLEASE SUBMIT BID TO:
 Ames Construction, Inc.
 391 N. Main St., Ste 302 • Corona, CA 92880
 Phone: (951) 356-1275 • Fax: (951) 549-9003

SB/HUBZONE/SB/SDB/WOSB/VOSB/SDVOSB/ANCS & INDIAN TRIBES Subs/Suppliers required include but are not limited to: Asphalt Paving, Asphalt Striping, clearing and grubbing, aggregates, misc. site work, blasting, dewatering, erosion control, drainage material, dust palliative, e-fence, temporary fencing, permanent fencing, instrumentation, metal fabrication, project monitoring, quality control, reinforcing steel, site security, surveying, traffic control, wildlife management, archeologist, biologist, environmental surveying, geotextiles, landscaping, misc. metals, noise survey and plan, pavement markings, trucking and construction supply. Ames Construction, Inc. will work with subcontractors and suppliers to breakdown items into economical feasible packages and to establish delivery/construction schedules to allow for maximum *SB participation.

Ames will require bidders to provide performance and payment bonds for the full amount of the Subcontract values. Costs of the bonds are to be provided as a separate line item. Please call to discuss how Ames Construction can assist you in your bonding, credit and/or insurance needs. Also, let us know if you need assistance in obtaining necessary equipment, supplies, materials or related assistance or services for this project. Please contact us for more information. Ames' Subcontract terms and conditions will apply to any contracts resulting from this request. The Subcontractor, by submission of its bid, agrees to the "Terms and Conditions" including all Exhibits and Attachments of Ames Subcontract Agreement. Ames reserves the right to accept or reject any or all quotations. For questions about plans, specifications and other contract requirements please contact our office. Contact info provided below. Bids submitted to Ames in response to this RFQ shall remain open and valid until the contract is executed. Ames Construction, Inc. is an Equal Opportunity Employer.

Our contact for this project is Jason Filarey at jasonfilarey@amesco.com and Matthew Adams at MatthewAdams@amesco.com or (951) 356-1275. Please fax quotes to (951) 549-9003 or email them to CABID@amesco.com.

Plans and specifications can be viewed and downloaded at: <https://ames.sharefile.com/d-sf0f2ac2ae48347579f4294480f96d796> *SB includes HUBZone SB, SDB, WOSB, VOSB, SDVOSB, ANCS AND INDIAN TRIBES)

REYES CONSTRUCTION, INC.
 CONSTRUCTION WITHOUT COMPROMISE

REQUEST FOR Sub-Proposals from Certified DBE Firms
 Project Name: San Onofre to Pulgas Double Track Phase 2
 Contract Number: 4250093
 Owner: SANDAG
 DBE Goal: 19.6%

Subcontractors/Subconsultants/Vendors wanted for:
 (Subcontractors): Fencing & Railing, Street Sweeping, Clear & Grub, Electrical, Hydroseed, Landscape/Planting, CIDH Piles, Waterproofing, Asphalt, Bridge/Structural Steel, Railroad Signal Communications, Railroad Track, Directional Drilling, Dry Utilities, Reinforcing Steel, Trucking, Steel Coating, Minor Concrete – Minor Structures, Retaining Wall, CFA (Auger) Piles, Shoring, Surveying, Signage & Striping, Quality Control and Job Coordinator.
 (Suppliers): Ready Mix Concrete, Aggregates, BMP Materials, Topsoil, Rock Slope, Waterworks, RCP, Structural Backfill, Structural Steel, Railroad Ties, Sound Barrier, Bearing Pads, Miscellaneous Metals and Signage

Project Scope:
 The Base Bid scope of work consists in general of grading, a new bridge, embankment, construction of drainage ditches, culverts, and retaining wall construction within the limits of MP 216.6 to MP 217.7 on a portion of the LOSSAN commuter rail corridor within Camp Pendleton in San Diego County. An Additive Alternate is included in the scope that includes the construction of 1.1 miles of second main track within the project limits.
 Work includes track construction; construction of a new single-track bridge; embankment and retaining wall construction; construction of drainage ditches, culverts, associated structures; site work and track bed preparation (including site clearing, grading, ballast, and sub-ballast, maintenance access roads, utility relocation and hydroseeding); in addition to procuring all materials and performing all other work necessary to complete the work in accordance with the Contract Plans and Special Provisions.

REVISED BID DATE: January 16th at 2:00PST/PDT

REYES CONSTRUCTION, INC.
 State License Number 507561
 1383 South Signal Drive, Pomona, CA 91766
 Phone: 909-622-2259 Ext. 108 • Fax: 909-622-3053
 Contact: Christina Ramos - Fri 8:00 AM - 4:30 PM

Assistance will be available in obtaining bonds, lines of credit, insurance, necessary equipment, supplies, materials or related technical assistance.
 By submitting a proposal, Respondent/Bidder acknowledges that they have performed a thorough review of the terms and conditions contained in our standard subcontract/purchase order (Contract). Respondent/Bidder quotes, including terms and conditions contained therein, will not be included in subcontracts/purchase orders issued for the project. Respondent/Bidder shall submit, in writing with their proposal/quote, any exceptions to the RCI Contract terms and conditions.

Note: RCI may disqualify and reject the respondent's proposal/bid based on the exceptions submitted.

For information on the availability of scope of work, plans and specifications, and requirements of the contract please contact our office.

McCarthy Building Companies
 515 S. Flower St | Ste. 3600 | Los Angeles, CA 90071 | 213-655-1100 | License #411173

LACCD ELAC KWAC
 Monterey Park, CA

McCarthy Building Companies, Inc. is soliciting interest from qualified subcontractors and suppliers to participate in the bidding for award phase of the project. The Scope of Work includes:

a. LACCD East Los Angeles College, Kinesiology Wellness Athletic Center (ELAC KWAC)
 McCarthy and HED have been awarded the LACCD Kinesiology Wellness Athletic Center (KWAC). The KWAC building is a new 96,000 SF consisting of a new competition gymnasium, weight room, lockers rooms, juice bar, studio and fitness rooms, conference rooms, classrooms, offices, workstation areas, huddle rooms, Physical Therapy lab spaces, support spaces, and Rooftop PV. The existing Bungalows portables and parking lot areas will need to be demolished prior to the start of KWAC construction. The existing Child Development Center is an active building which needs to be maintained throughout construction while the existing Men's Gym needs to remain active until the KWAC Building is completed. The new KWAC Building will connect to the existing campus hydronic loop at the CUP, the campus Medium Voltage Loop and the campus communication fiber loop. The new Site work includes a new Multipurpose Field, public gathering/seating areas, landscape areas, and a new fire access road.

Bidders will be awarded a Stipulated Sum (Lump Sum) Design Build/Assist Contract. The contract will require Part A & Part B services (Part A = Design & Preconstruction Costs; Part B = Construction Costs). Each Bid Trade Package will have the specific Part A design and preconstruction responsibilities outlined in a McCarthy Scope Sheet.

Note: LACCD requires contractors to be able to satisfy their Project Labor Agreement (PLA). Technology contractors must be pre-approved with LACCD.

Project Location: 1301 Avenida Cesar Chavez, Monterey Park, CA 91754

Work categories to be awarded include: Structural Steel, and High Density Shelving.

Key Subcontractor Qualifications: Design-build experience; bondable and prequalified with McCarthy Building Co.

Key Dates (subject to change): Request for Proposals (RFP) issued to Subcontractors – 12/20/24 via Building Connected; RFI's Due 1/08/25; Proposals Due to McCarthy – 1/17/25.

- * - This project will require subcontractors to sign the Project Labor Agreement (PLA)
- * - This project contains an Owner Controlled Insurance Program (OCIP)
- * - A 100% Performance and Payment Bond from an admitted surety will be required upon award of contract for all trades.
- * - McCarthy is an equal opportunity employer and encourages qualified Small Business and Minority Business participation.
- * - LACCD requires an EMR of 1.24 or lower.

Please contact us if you have any questions regarding project specifics:
 McCarthy Building Co, Inc.
 Manasi Pitkar, Sr Preconstruction Director
 E-Mail: mpitkar@mccarthy.com

WE ARE AN EQUAL OPPORTUNITY EMPLOYER

INVITATION TO BID

Clark Construction, an equal opportunity employer, is seeking bids from all subcontractors, including Disadvantaged Business Enterprises (DBE), CMD Certified SF and SFPUC Micro and Small Local Business Enterprises (LBE), Minority Business Enterprises (MBE), Women Business Enterprises (WBE), and Other Business Enterprises (OBE).

Your bid is due to Clark on or before January 13th, 2025 @ 12:00PM PST.

Project Description:
 SAN FRANCISCO RECREATION AND PARKS:
 This project involves renovating an existing public park that is approximately 7 acres on the shore of India Basin along the southeast waterfront of San Francisco, California. The project involves the construction of two new buildings, a boathouse and a park restroom facility. The project also involves the construction of in-water components including marine way walls, a pile supported floating dock, and gangway. Other site improvements include, but are not limited to, paving, site walls, irrigation, grading, soils, planting, seating elements, site furnishings, stairs and rails, a new playground, utilities, site lighting, pergola structures, basketball courts, public art components, sidewalk frontage improvements, wayfinding signage, and interpretive signage elements.

The work is located at 900 Innes Avenue, San Francisco, California, 94124. The Engineer's Estimate for the project is \$58,000,000.

INFORMATION ABOUT PLANS AND SPECIFICATIONS

Drawings, Specifications, and Scope Information May Be Obtained From:
 Todd McQuinn at todd.mcquinn@clarkconstruction.com (202-446-4516)

Bid documents can be viewed at: Clark Construction Group – California, LP, 180 Howard Street, Ste 1200, San Francisco, CA 94105 and online at our *Building Connected*™ website.

Trade Packages Include: Photographic Documentation, Testing & Inspection, Field Engineering, Demolition, Concrete Reinforcement, CIP Concrete, Structural Steel, Miscellaneous Metals, Rough & Finished Carpentry, Waterproofing, Roofing, Metal Panels, Joint Sealants, Swinging Doors, Overhead Coiling Door, Glass & Glazing, Drywall/Framing, Tiling, Painting, Signage, Facility Fall Protection, Fire Suppression, Plumbing, HVAC, Electrical, Earthwork, Deep Soil Mixing, Support of Excavation, Deep Foundations, Landscaping, Asphalt, Site Concrete, Fences and Gates, Utilities and Marine Construction.

Mar Con Builders is bidding as a "General Contractor", requesting bid quotations from all subcontractors and suppliers and **DVBE Subcontractors/Suppliers** for the following

Title: Luther Burbank School Interior Project (SFUSD #12338)

Project Description:
The objective of the project is to improve several treatment systems at the Sunol Valley Water Treatment Plant. This includes repair of sediment and flocculant basin concrete; replacement of sludge removal equipment, channel and filter valves, cationic polymer system, and sample pumps; and installation of chemical piping. In addition, a new utility water pump station will be installed to support the facility. The work is to be performed in Alameda County, California.

Engineers Estimate: \$45 Million

Project: Brackney Landslide Area Pipeline Risk Reduction Project
CWO # 2020-003
Owner: City of Santa Cruz
Bid Date: February 7th, 2025 @ 2:00 p.m.

We are requesting quotes from all qualified DBE Subcontractors and Suppliers but not limited to:
Aggregates, Asphalt, Concrete Material, Slurry, Low Density Cellular Grout, Pipe Suppliers, Analytical Testing, Directional Drilling, Geotech Engineers, Striping, Surveying, Vibration Monitoring, Trucking, Hazmat, Valves/Water Main/Temp Facilities.

Project Description:
The Work of this Contract includes the construction of the Newell Creek Pipeline in the Brackney Landslide area in Felton, CA between Glen Arbor Road and Brackney Road. The Brackney Landslide Area Pipeline Risk Reduction project will relocated approximately 2,250 feet of the Newell Creek Pipeline to increase the resiliency and reliability of water supply from the Loch Lomond reservoir. The project area is at particular risk of geotechnical hazards with approximately 2,700 linear feet new 24-inch inside diameter (ID) carrier pipeline, including an approximately 1,685 foot long portion to be installed by horizontal directional drilling (HDD). HDD through deep bedrock formation was determined to be the most cost-effective method to avoid landslide hazards. The project will require new easements for realignment. Due to limited access and construction staging, the project will require close coordination with neighbors and other utility owners, and the County of Santa Cruz.

Engineers Estimate: \$10 Million

Project information, including plans & specifications can be found by contacting:
estimating@mountaincascade.com

Project: Local Advanced Water Purification System (Local AWPS)
ITB Number: 193197 CIP: WQ-19003
Owner: City of Palo Alto
Bid Date: January 31st, 2025 @ 3:00 p.m.

We are requesting quotes from all qualified DBE Subcontractors and Suppliers but not limited to:
Pipe Suppliers, Precast Materials, Steel Tanks, Bypass Pumping, CIDH Piles, Demolition, Electrical-Building, Fencing, Hydroseeding, Landscaping, Reinforcing Steel, Painting/Coatings, Concrete Repair, Concrete, FRP Grating, Crack Repair, Pre-engineered buildings, Misc. Metals, Valves/Water Main/ Temp Facilities, Steel Pipe, Strainers, Insulation, Generators/Switch Gear, Drainage Pumping Equipment, Pumping Plant Electrical Equipment.

Project Description:
Description of Project: The Local AWPS project consist in two Phases. This IFB is for Phase that will produce 1.125 MGD of RO permeate and will include housekeeping pads for future skids and pipe headers sized enough to accommodate expansion. Phase I Motor Control Centers will also accommodate for Phase II electrical loads. The permeate produced from the project will be blended with the existing tertiary-treated recycled water to achieve an instantaneous TDS concentration of 400 to 500 mg/L. The Local AWPS will be constructed without interruption to the current treatment operations, except as allowed under special circumstances, such as piping and utility tie-ins. The electrical service, potable water service and fire water supply will be independent from the RWQCP service. New service connections will be made with City of Palo Alto Utilities (CPAU).

Engineers Estimate: \$53.5 Million

 Disadvantaged Business Enterprises (40 CFR Part 33) applies.
 FAR 52.219-8 Utilization of Small Business Concerns applies.
 Buy American 41 U.S.C chapter 83 applies

An Equal Opportunity Employer CA Lic. 433176 DIR #: 100001147

Project: Hayward WPCF Administration Building
Location: Hayward, CA
Project Bid Date: 1/28/2025 2:00P.M.
Please Submit Bids by: 1/28/2025 1:00P.M.
Owner: City of Hayward
Estimator: Billy-Joel Celeste
Est. Budget: \$36,600,000

We are actively pursuing compliance with the DBE business goals and would appreciate your bid on this project.

Project Description:

Construction, startup, and commissioning of the 21,347 sf WPCF Administration Building, including all engineering, labor, materials, and equipment as required by the Contract Documents, including but not limited to selective demolition and salvaging of existing facilities and systems; site paving and grading; landscaping and other site improvements; yard piping and electrical systems; structural and architectural work; plumbing and heating, ventilation, and air conditioning systems; laboratory; fire alarm and suppression systems; power supply systems; instrumentation and control systems; and all other items necessary for a complete and functional facility.

*** A non-mandatory pre-bid conference will be held on Tuesday December 17, 2024 @ 10 am.

*** Pre-Bid RFI/Technical questions shall be submitted via Bidnet Direct by COB January 21st by 4:00 pm.
 Please use www.bidnetdirect.com to submit such questions by the deadline.

*** Davis-Bacon Requirements/Prevailing wage rates are required

*** CWA Requirement: This contract is subject to the Community Workforce Agreement (CWA) approved by the Hayward City Council. The successful bidder and all subcontractors, at any tier, will be required to sign an Agreement to be Bound which can be found in Attachment C in the Specifications as a condition precedent to entering into any contract for this project.

***All bidders must hold their bid pricing for 60 days.

***Bid documents are available through Building Connected or from Amoroso's Box site at:
<https://sjamoroso.box.com/v/HaywardWPCFAdministration>

S.J. Amoroso Construction Co., LLC (Amoroso) may require subcontractors to provide 100% Payment & Performance Bonds, from a California admitted surety with an AM Best rating of A-VII or better, as a condition of contract. Amoroso is signatory to the Carpenter's Collective Bargaining Agreement. Amoroso strongly encourages the use of qualified M/W/D/O/S/DVBE subcontractors and vendors. Please include the use of qualified M/W/D/O/S/DVBE suppliers and lower tier subcontractors where applicable. It is the subcontractor's responsibility to review the Owner's General and Special Conditions for this project, as they will be binding. Subcontractors will also be required to execute Amoroso's standard Subcontract Agreement and comply with Amoroso's standard insurance requirements and safety requirements, all without modification, should we both be awarded this project. These documents can be found on our website, www.sjamoroso.com. Amoroso's listing of a subcontractor is not to be construed as an acceptance of all of the sub's conditions or exceptions included with the price quote. Per California Labor Code 1771.1: A contractor or subcontractor shall not be qualified to bid on, be listed in a bid proposal, subject to the requirements of Section 4104 of the Public Contract Code, or engage in the performance of any contract for public work, as defined in this chapter, unless currently registered and qualified to perform public work pursuant to Section 1725.5. Subcontractor's must provide their CA License & DIR Certification numbers with proposals.

WE ARE AN EQUAL OPPORTUNITY EMPLOYER.

PLEASE SUBMIT QUOTES BY EMAIL TO SOCALBIDS@FLATIRONCORP.COM OR FAX TO (858) 271-1330

Plans and specifications are available, at no cost, from Caltrans <https://ppmoe.dot.ca.gov/des/oe/weekly-ads/oe-project.php?q=08-1J5404> (Registration Required). Additionally, plans and specifications are available to view at Flatiron's San Diego, CA and Chino, CA offices. Please call to make an appointment to view the documents.

This project has a 22% DBE Goal. In addition to request for participation from DBE subcontractors and suppliers, Flatiron requests non-DBE subcontractors to provide lower-tier DBE participation. Bidders are required to indicate lower-tier DBE participation information to be evaluated as part of their quote.

Quotes must be valid for same duration as specified by Owner for contract award. Quotes will be broken down into comparable packages as reasonably necessary to facilitate participation. Flatiron intends to work cooperatively with all firms for scopes of work you are licensed and qualified to perform. Assistance in obtaining bonding, lines of credit, insurance, equipment, supplies, and materials is available upon request. Additionally, please contact us if you require technical assistance.

Subcontractors are required to possess and maintain a current contractor's license and must also be registered with the Department of Industrial Relations (DIR) as required by Public Contract Code Section 1725.5. Subcontractors will be required to execute Flatiron's Standard Subcontract Terms and Conditions and insurance requirements. A copy of the document in electronic format is available upon request.

Bond Requirements: Notwithstanding any contrary language in a bid to Flatiron or any prior course of dealing between Flatiron and a bidder, and unless waived in writing by Flatiron, Flatiron reserves the right to require each bidder to provide payment and performance bonds assuring bidder's obligations to Flatiron in the amount of 100 percent of the bid to Flatiron. Flatiron will reimburse the bond premium at actual cost not to exceed 3%. The surety on the bonds must be a California admitted surety.

Landmark Project to Revitalize San Francisco's Historic Fisherman Wharf

[Article originally appeared in www.sf.gov]

Mayor London N. Breed today announced the unanimous approval by the Board of Supervisors for the proposed Fisherman's Wharf Revitalized project term sheet, which outlines high-level project plans, financing structures, and lease terms. The term sheet between Fisherman's Wharf Revitalized LLC and the Port of San Francisco covers the development of Pier 45 and portions of the adjacent Seawall Lots 300-301.

With this major milestone accomplished, the project developer will now develop more detailed designs, conduct further negotiations with the Port, engage in outreach with Fisherman's Wharf stakeholders, perform financial and operational due diligence, and undergo environmental and regulatory review.

"This is a major milestone for what will be the most transformative improvement along the northern waterfront since the Embarcadero freeway came down," said Mayor London Breed. "Once completed, this will transform the Fisherman's Wharf to become a place where San Franciscans will enjoy coming to and visitors will be drawn to from across the Bay Area and beyond. This is the kind of vision and investment that we need to boost our local economy, drive tourism, and create exciting activities that serve San Francisco for generations to come. I want to thank project sponsors, Port staff, and everyone involved who is working hard to make this project possible."

The Board's approval of the term sheet yesterday unlocks an important milestone in the project's advancement and comes after unanimous

recommendation from the Board of Supervisors Budget and Finance Committee on December 4, and approval by the Port Commission on October 8.

"The proposed project represents significant long-term investment in the Fisherman's Wharf community and has been shaped by continuing engagement with stakeholders," said Port of San Francisco Executive Director Elaine Forbes. "The project aligns with the Port's goals of re-energizing the waterfront, supporting the fishing industry, increasing public access to the bay, advancing seismic and flood protection efforts, and making the area attractive to diverse groups of people. We look forward to further engagement with the developer and our Fisherman's Wharf stakeholders to bring this exciting project into greater focus."

The Fisherman's Wharf Revitalized LLC proposal includes separate developments at Pier 45 and Seawall Lot 300-301, which is bounded by The Embarcadero, Taylor Street, and Jefferson Street.

For Pier 45, which is the hub of fish processing in San Francisco, the development currently proposes renovation of Shed A and the reconstruction of a new Shed C that will include fishing industry storage, a processing facility with public viewing area, parking, expanded public access along the eastern apron, and the "Fisherman's Wharf Experience," an attraction with a seafood market, food hall, exhibits telling the story of the fishing industry and Fisherman's Wharf, and events and performing arts space.

Empowering Youth Entrepreneurship in Chico with 3CORE

CalOSBA Partner: 3CORE, Inc.

Location: Northern California | Butte County | Chico

Business Type: Small Business Assistance/Economic Development

On November 30th, in celebration of Small Business Saturday, our North State partner 3CORE mentored and sponsored youth entrepreneurs at the micro-business marketplace in Chico in conjunction with the Downtown Chico Business Association (DCBA). This was part of an ongoing series of activities connected to their youth entrepreneurship initiative that also included mentoring youth in the Thursday night market season this past year.

“3CORE, in partnership with the DCBA and Team Chico, launched the ‘Empowering Young Entrepreneurs’ initiative to inspire and cultivate the next generation of innovators and business leaders in our community,” said Luis Moreno, Assistant Director for the agency. “We believe that empowering young entrepreneurs drives innovation, strengthens local economies, and creates long-term community resilience.”

Recognizing that many aspiring entrepreneurs face financial barriers, limited networks, and a lack of guidance, this program was designed to remove those obstacles by offering free resources, mentoring, and a dedicated space at Chico’s Thursday Night Market to sell and market their products and services.

With “Empowering Youth Entrepreneurs,” 3CORE aims to show young people that there are exciting opportunities here in their own region and, ultimately, to celebrate the small businesses that make Chico so unique and special.

Our Mission.

Our mission is to cultivate healthy businesses, because people matter.

Your success is just the beginning. Small businesses create jobs, support local families, provide economic stability and help our communities grow.

Our 3CORE Team is here assist with financing, provide mentoring and offer perspective to help your business be the best it can be.

Small Business Case Study

Blue Star Refreshments, San Jose, California

Edible and Sustainable

Blue Star Refreshments is an office refreshment service provider located in Silicon Valley that has made the commitment to go green. They offer complete office refreshment services including coffee, snack, dairy products, fresh fruit, baked goods, and catering services, with an emphasis on a low carbon footprint, energy savings, less waste, and healthier snacking through their Healthy Snack Program.

The people at Blue Star understand that simply offering ‘green’ products is not enough. They avidly promote energy saving techniques and help companies big and small develop an effective ‘green strategy’. This aspect of their business makes them not only an office refreshment service provider, but also an environmental consultant for many of their customers. They have even been able to save their customers money by offering new vending machines that reduce energy consumption by an average of 35-45%.

Their practices have helped them become a credible company. Blue Star is also a certified Green Business from Santa Clara County Green Council.

- Pallet and packaging recycling program
- Retrofitted old equipment with energy saving technologies free of charge to customers
- Promote Vendmiser and Coolermiser cooling Technologies in all implementations
- Retrofitted LED lights in vending machines to reduce energy consumption and increase life span
- Implemented route scheduling system which reduced time and transport expenses by 20%
- Conserves water by use of low flow toilets and washing delivery trucks 50% less
- Provides biodegradable utensils, cups, bowls and plates, napkins and paper towels for catering
- Promotes bulk snack program to reduce individual packaged snacks

Diesel Compared with B99 Biodiesel

B99 biodiesel has substantially less environmental impacts than conventional diesel.

Tests have shown the following results: Average biodiesel emissions compared to conventional diesel²

	B99	B20
Total unburned hydrocarbons	-67%	-20%
Carbon Monoxide	-48%	-12.6%
Carbon Dioxide*	-78%	-15%
Particulate Matter	-47.4%	-12%
Air Toxics	-60-90%	-12%-20%
Sulfates	-99%	-20%**
TPAH(Polycyclic Aromatic Hydrocarbons)***	-80%	-13%
nPAH (nitrated PAH's)***	-90%	-50%
Ozone potential of speciated HC	-50%	-10%
Mutagens	-89%	-20%

¹Recycle / ²Estimated from \$100 result / ³Average reduction across all compounds measured

Data are from the U.S. Environmental Protection Agency (2002).

Small Business Case Study

Dos Coyotes Border Café, Davis, California

Mexican Food Verde

Dos Coyotes Border Café took steps to save money and reduce greenhouse gas emissions at two locations in Davis, making Dos Coyotes an even more popular place to eat.

Davis owner Bobby Coyote decided to help the environment by changing the way he runs his businesses. Like many small businesses, Dos Coyotes replaced old equipment with newer, more energy efficient appliances. These new appliances save both money and energy.

The inside of ‘The Marketplace’ Dos Coyotes Border Café in Davis on Covell Boulevard.

Both Davis Dos Coyotes locations save money and reduce greenhouse gas emissions by purchasing energy efficient equipment and replacing old lighting.

Business Snapshot

A Mexican restaurant that reduced greenhouse gas emissions by replacing old equipment with newer, more energy efficient appliances

Actions to Cut Waste & Save Energy

- Installed a high efficiency HVAC system in restaurants
- Non-disposable dishes used in-house
- Installed AC economizers
- Purchases energy efficient equipment
- Implemented a biking incentive for employees and customers
- Recycles paint
- Turns off equipment when not in use
- Uses formaldehyde-free building products

Cost to Renovate: \$5,000

Snapshot of Typical Restaurant Energy Uses

Refrigeration and cooking make up the largest portion of energy use in a typical California restaurant at 25% each, followed by lighting 16%. This data is from the California Commercial End Use Survey (2006).
