

New in 2025: Building more homes, faster

[Article originally appeared in www.gov.ca.gov]

This release is part of a rolling series from the Governor's Office, showcasing a cross-section of laws taking effect in 2025. Stay tuned for more updates about other new laws over the coming days.

What you need to know: Governor Newsom signed important changes into law that take effect in 2025 – including expanding housing access and spurring the development of more homes, faster.

As the new year soon begins, California continues its forward momentum with a new set of laws signed by Governor Newsom that improve the health, safety, and well-being of all Californians.

“California’s new laws tackle today’s biggest emerging challenges head-on. Through partnership with the Legislature, we’re strengthening public safety, building more housing, and providing more resources for our communities. These practical reforms protect what matters most while creating more opportunities for all Californians.”

- Governor Gavin Newsom

Building more homes, faster

Here are just some of the laws taking effect in 2025 that will create more housing for all Californians:

- **More housing in more communities:** SB 1037 by Senator Scott Wiener (D-San Francisco) cracks down on local govern-

ments that block or delay approved housing, imposing penalties up to \$50,000 per month — funds that go right back into supporting affordable housing in those same areas. Meanwhile, AB 3093 by Assemblymember Chris Ward (D-San Diego) updates the rules so cities and counties must plan for everyone’s housing needs — especially folks at the lowest income levels — so that all Californians can have a place to live.

- **Expanding emergency shelter options:** SB 1395 by Senator Josh Becker (D-Menlo Park) makes it easier to develop and operate interim housing, including emergency shelters and navigation centers. These facilities provide more than a place to stay — they connect people with housing assistance, health care, and other services to help them get back on their feet.
- **Expanding farmworker housing:** Every day, California’s farmworkers put food on tables of residents across the state, yet many struggle to find homes near the fields where they work. AB 3035 by Assemblymember Gail Pellerin (D-Santa Cruz) makes it easier to build new farmworker housing in Santa Clara and Santa Cruz Counties, helping agricultural workers live closer to their jobs and spend more time with their families.

Why it matters: By streamlining processes and holding local governments accountable, these changes will create more housing available for Californians across all income levels.

Artificial intelligence and chip money: 2024 California technology year in review

[Article originally appeared in www.calmatters.org]

By Ryan Tate, CalMatters

Over the last year, California technology grew so pervasive and important that its impact finally became a central preoccupation of California government.

Some of that impact was positive, like a surge of unexpected tax revenue that likely came from one or more profit-gushing, capital-intensive Golden State tech companies like AI chipmaker Nvidia.

But lawmakers were more concerned with harms than benefits.

Gov. Gavin Newsom signed into law bills banning deepfake campaign ads, deepfake content on big online platforms, and disclosure of artificial intelligence content in advertising.

The governor also signed a bill requiring California schools to limit or ban student use cell-phones, codifying statewide a practice that has become increasingly common at the district level as educators look to refocus students. Schools

The Dreamforce conference hosted by Salesforce in San Francisco on Sept. 18, 2024. Dreamforce is an annual tech conference attracting thousands of participants and is the largest AI event in the world, according to Salesforce. Photo by Florence Middleton for CalMatters

in Los Angeles and San Diego took a more critical look at their use of artificial intelligence after unhappy surprises involving chatbots and grading software.

The state bureaucracy moved to update enforcement of existing laws to account for AI. The California Civil Rights Department moved to restrict how employers use the technology to

screen job applicants while the Government Operations Agency set rules for how state departments themselves use it.

There were limits to the regulatory impulse: The governor vetoed a bill to make companies test large AI models for their potential to help with mass attacks, reasoning that the bigger threat was overregulating an innovative industry. State agencies, meanwhile, struggled to enforce a law designed to help app workers.

2025 outlook

In 2025, California lawmakers must decide whether to accelerate their regulation of technology under Donald Trump’s second presidential term; Trump has promised to rescind modest AI guardrails installed by the Biden administration and could use the technology to assist with mass deportations. This may include another crack at major AI curbs, given that the governor promised to take another swing at the problem following his veto of the testing bill.

McCarthy Building Companies
515 S. Flower St | Ste. 3600 | Los Angeles, CA 90071 | 213-655-1100 | License #411173

LACCD ELAC KWAC Monterey Park, CA

McCarthy Building Companies, Inc. is soliciting interest from qualified subcontractors and suppliers to participate in the bidding for award phase of the project. The Scope of Work includes:

a. LACCD East Los Angeles College, Kinesiology Wellness Athletic Center (ELAC KWAC)
McCarthy and HED have been awarded the LACCD Kinesiology Wellness Athletic Center (KWAC). The KWAC building is a new 96,000 SF consisting of a new competition gymnasium, weight room, lockers rooms, juice bar, studio and fitness rooms, conference rooms, classrooms, offices, workstation areas, huddle rooms, Physical Therapy lab spaces, support spaces, and Rooftop PV. The existing Bungalows portables and parking lot areas will need to be demolished prior to the start of KWAC construction. The existing Child Development Center is an active building which needs to be maintained throughout construction while the existing Men's Gym needs to remain active until the KWAC Building is completed. The new KWAC Building will connect to the existing campus hydronic loop at the CUP, the campus Medium Voltage Loop and the campus communication fiber loop. The new Site work includes a new Multipurpose Field, public gathering/seating areas, landscape areas, and a new fire access road.

Bidders will be awarded a Stipulated Sum (Lump Sum) Design Build/Assist Contract. The contract will require Part A & Part B services (Part A = Design & Preconstruction Costs; Part B = Construction Costs). Each Bid Trade Package will have the specific Part A design and preconstruction responsibilities outlined in a McCarthy Scope Sheet.

Note: LACCD requires contractors to be able to satisfy their Project Labor Agreement (PLA). Technology contractors must be pre-approved with LACCD.

Project Location: 1301 Avenida Cesar Chavez, Monterey Park, CA 91754

Work categories to be awarded include: Structural Steel, and High Density Shelving.

Key Subcontractor Qualifications: Design-build experience; bondable and prequalified with McCarthy Building Co.

Key Dates (subject to change): Request for Proposals (RFP) issued to Subcontractors – 12/20/24 via Building Connected; RFI's Due 1/08/25; Proposals Due to McCarthy – 1/17/25.

- * - This project will require subcontractors to sign the Project Labor Agreement (PLA)
- * - This project contains an Owner Controlled Insurance Program (OCIP)
- * - A 100% Performance and Payment Bond from an admitted surety will be required upon award of contract for all trades.
- * - McCarthy is an equal opportunity employer and encourages qualified Small Business and Minority Business participation.
- * - LACCD requires an EMR of 1.24 or lower.

Please contact us if you have any questions regarding project specifics:

WE ARE AN EQUAL OPPORTUNITY EMPLOYER

REQUEST FOR Sub-Proposals from Certified DBE Firms
Project Name: San Onofre to Pulgas Double Track Phase 2
Contract Number: 4250093
Owner: SANDAG
DBE Goal: 19.6%

Subcontractors/Subconsultants/Vendors wanted for:

(Subcontractors): Fencing & Railing, Street Sweeping, Clear & Grub, Electrical, Hydroseed, Landscape/Planting, CIDH Piles, Waterproofing, Asphalt, Bridge/Structural Steel, Railroad Signal Communications, Railroad Track, Directional Drilling, Dry Utilities, Reinforcing Steel, Trucking, Steel Coating, Minor Concrete – Minor Structures, Retaining Wall, CFA (Auger) Piles, Shoring, Surveying, Signage & Striping, Quality Control and Job Coordinator.

(Suppliers): Ready Mix Concrete, Aggregates, BMP Materials, Topsoil, Rock Slope, Waterworks, RCP, Structural Backfill, Structural Steel, Railroad Ties, Sound Barrier, Bearing Pads, Miscellaneous Metals and Signage

Project Scope:

The Base Bid scope of work consists in general of grading, a new bridge, embankment, construction of drainage ditches, culverts, and retaining wall construction within the limits of MP 216.6 to MP 217.7 on a portion of the LOSSAN commuter rail corridor within Camp Pendleton in San Diego County. An Additive Alternate is included in the scope that includes the construction of 1.1 miles of second main track within the project limits.

Work includes track construction; construction of a new single-track bridge; embankment and retaining wall construction; construction of drainage ditches, culverts, associated structures; site work and track bed preparation (including site clearing, grading, ballast, and sub-ballast, maintenance access roads, utility relocation and hydroseeding); in addition to procuring all materials and performing all other work necessary to complete the work in accordance with the Contract Plans and Special Provisions.

REVISED BID DATE: January 16th at 2:00PST/PDT

REYES CONSTRUCTION, INC.
State License Number 507561
1383 South Signal Drive, Pomona, CA 91766
Phone: 909-622-2259 Ext. 108 • Fax: 909-622-3053
Contact: Christina Ramos - Fri 8:00 AM - 4:30 PM

Assistance will be available in obtaining bonds, lines of credit, insurance, necessary equipment, supplies, materials or related technical assistance.

By submitting a proposal, Respondent/Bidder acknowledges that they have performed a thorough review of the terms and conditions contained in our standard subcontract/purchase order (Contract). Respondent/Bidder quotes, including terms and conditions contained therein, will not be included in subcontracts/purchase orders issued for the project. Respondent/Bidder shall submit, in writing with their proposal/quote, any exceptions to the RCI Contract terms and conditions.

Note: RCI may disqualify and reject the respondent's proposal/bid based on the exceptions submitted.

Project: San Joaquin Pipeline Valve & Safe Entry Improvements:
Phase 2B & 2C – Contract No. HH-1016

Owner: San Francisco Public Utilities Commission

Bid Date: January 9th, 2025 @ 2:00 p.m.

We are requesting quotes from all qualified MBE/WBE/LBE Subcontractors and Suppliers but not limited to:

Aggregates, Asphalt, Concrete, Slurry, Pipe Suppliers, Precast Materials, Cathodic Protection, Concrete Flatwork, Concrete Structures, Electrical-Building, Fencing, Reinforcing Steel, Striping, Structure Steel, Welded Steel Pipe, Crane Rental, Painting/Coatings, Grate, Valves/Water Main/Temp Facilities.

Project Description:

The objective of the project to improve existing San Joaquin Pipeline (SJPL) System for safe personnel entry into segments of pipelines without a system shutdown. Phases 2B & 2C focus on improvements at the crossover vaults (Pelican, Roselle, and Emery) and SJPL#4 tie-in. Phase 2B includes: a) Uprate by installing three (3) City-Furnished 72" butterfly valves; b) two (2) City-Furnished 54" Butterfly Valves (KGVs) and two (2) City- Furnished 36" Knife Gate Valves; c) Furnish and install fourteen (14) Removable Spool Pieces (RSPs) and reinforced concrete vaults, d) Furnish and install six (6) 8" KGVs, eight (8) 12" KGVs, and three (3) 24" KGVs that are manually operated, and e) Associated structural, corrosion control, electrical, and I&C work. Phase 2C includes: a) Uprate three (3) 60" Butterfly valves, b) Install six (6) RSPs and reinforced concrete vaults, c) Install six (6) manually operated 8" bypass KGV, and d) Associated structural, corrosion control, electrical, and I&C work. The work is to be performed in Stanislaus County, California.

Engineers Estimate: \$57 Million

Project: Sunol Valley Water treatment Plant Short Term Improvements
Contract No. WD-2909
Owner: San Francisco Public Utilities Commission
Bid Date: January 16th, 2025 @ 2:00 p.m.

We are requesting quotes from all qualified MBE/WBE/LBE Subcontractors and Suppliers but not limited to: Pipe Suppliers, Electrical-Building, Fencing, Hydroseeding, HDPE Pipe, Valves/Water Main/temp Facilities, Reinforcing Steel, Painting/Coatings, Concrete Repairs, FRP Grating, Bird Netting, Steel Pipe, Pumping Plant Equipment, Drainage Pumping equipment, Generators/Switch gear, Misc. metals,

Project Description:
The objective of the project is to improve several treatment systems at the Sunol Valley Water Treatment Plant. This includes repair of sediment and flocculant basin concrete; replacement of sludge removal equipment, channel and filter valves, cationic polymer system, and sample pumps; and installation of chemical piping. In addition, a new utility water pump station will be installed to support the facility. The work is to be performed in Alameda County, California.

Engineers Estimate: \$45 Million

Project: Brackney Landslide Area Pipeline Risk Reduction Project
CWO # 2020-003
Owner: City of Santa Cruz
Bid Date: February 7th, 2025 @ 2:00 p.m.

We are requesting quotes from all qualified DBE Subcontractors and Suppliers but not limited to: Aggregates, Asphalt, Concrete Material, Slurry, Low Density Cellular Grout, Pipe Suppliers, Analytical Testing, Directional Drilling, Geotech Engineers, Striping, Surveying, Vibration Monitoring, Trucking, Hazmat, Valves/Water Main/Temp Facilities.

Project Description:
The Work of this Contract includes the construction of the Newell Creek Pipeline in the Brackney Landslide area in Felton, CA between Glen Arbor Road and Brackney Road. The Brackney Landslide Area Pipeline Risk Reduction project will relocate approximately 2,250 feet of the Newell Creek Pipeline to increase the resiliency and reliability of water supply from the Loch Lomond reservoir. The project area is at particular risk of geotechnical hazards with approximately 2,700 linear feet new 24-inch inside diameter (ID) carrier pipeline, including an approximately 1,685 foot long portion to be installed by horizontal directional drilling (HDD). HDD through deep bedrock formation was determined to be the most cost-effective method to avoid landslide hazards. The project will require new easements for realignment. Due to limited access and construction staging, the project will require close coordination with neighbors and other utility owners, and the County of Santa Cruz.

Engineers Estimate: \$10 Million
Project information, including plans & specifications can be found by contacting:
estimating@mountaincascade.com

Project: Local Advanced Water Purification System (Local AWPS)
ITB Number: 193197 CIP: WQ-19003
Owner: City of Palo Alto
Bid Date: January 31st, 2025 @ 3:00 p.m.

We are requesting quotes from all qualified DBE Subcontractors and Suppliers but not limited to: Pipe Suppliers, Precast Materials, Steel Tanks, Bypass Pumping, CIDH Piles, Demolition, Electrical-Building, Fencing, Hydroseeding, Landscaping, Reinforcing Steel, Painting/Coatings, Concrete Repair, Concrete, FRP Grating, Crack Repair, Pre-engineered buildings, Misc. Metals, Valves/Water Main/ Temp Facilities, Steel Pipe, Strainers, Insulation, Generators/Switch Gear, Drainage Pumping Equipment, Pumping Plant Electrical Equipment.

Project Description:
Description of Project: The Local AWPS project consist in two Phases. This IFB is for Phase that will produce 1.125 MGD of RO permeate and will include housekeeping pads for future skids and pipe headers sized enough to accommodate expansion. Phase I Motor Control Centers will also accommodate for Phase II electrical loads. The permeate produced from the project will be blended with the existing tertiary-treated recycled water to achieve an instantaneous TDS concentration of 400 to 500 mg/L. The Local AWPS will be constructed without interruption to the current treatment operations, except as allowed under special circumstances, such as piping and utility tie-ins. The electrical service, potable water service and fire water supply will be independent from the RWQCP service. New service connections will be made with City of Palo Alto Utilities (CPAU).

Engineers Estimate: \$53.5 Million

CALIFORNIA SUB-BID REQUEST ADS

Ames Construction, Inc. is seeking certified and qualified *SB subcontractors and suppliers to meet the *SB Requirements for the following:

PROJECT: BF Sisk Dam SOD Modifications, Phase 2
OWNER: Bureau of Reclamation
REVISED BID DATE/TIME: January 27th, 2025 @ 12:00 PM

PLEASE SUBMIT BID TO:
Ames Construction, Inc.
391 N. Main St., Ste 302 • Corona, CA 92880
Phone: (951) 356-1275 • Fax: (951) 549-9003

SB/HUBZONE/SB/SDB/WOSB/VOSB/SDVOSB/ANCS & INDIAN TRIBES Subs/Suppliers required include but are not limited to: Asphalt Paving, Asphalt Striping, clearing and grubbing, aggregates, misc. site work, blasting, dewatering, erosion control, drainage material, dust palliative, e-fence, temporary fencing, permanent fencing, instrumentation, metal fabrication, project monitoring, quality control, reinforcing steel, site security, surveying, traffic control, wildlife management, archeologist, biologist, environmental surveying, geotextiles, landscaping, misc. metals, noise survey and plan, pavement markings, trucking and construction supply. Ames Construction, Inc. will work with subcontractors and suppliers to breakdown items into economical feasible packages and to establish delivery/construction schedules to allow for maximum *SB participation.

Ames will require bidders to provide performance and payment bonds for the full amount of the Subcontract values. Costs of the bonds are to be provided as a separate line item. Please call to discuss how Ames Construction can assist you in your bonding, credit and/or insurance needs. Also, let us know if you need assistance in obtaining necessary equipment, supplies, materials or related assistance or services for this project. Please contact us for more information. Ames' Subcontract terms and conditions will apply to any contracts resulting from this request. The Subcontractor, by submission of its bid, agrees to the "Terms and Conditions" including all Exhibits and Attachments of Ames Subcontract Agreement. Ames reserves the right to accept or reject any or all quotations. For questions about plans, specifications and other contract requirements please contact our office. Contact info provided below. Bids submitted to Ames in response to this RFQ shall remain open and valid until the contract is executed. Ames Construction, Inc. is an Equal Opportunity Employer.

Our contact for this project is Jason Filarey at jasonfilarey@amesco.com and Matthew Adams at MatthewAdams@amesco.com or (951) 356-1275. Please fax quotes to (951) 549-9003 or email them to CABID@amesco.com.

Plans and specifications can be viewed and downloaded at:

<https://ames.sharefile.com/d-sf0f2ac2ae48347579f4294480f96d796> *SB includes HUBZone SB, SDB, WOSB, VOSB, SDVOSB, ANCS AND INDIAN TRIBES)

Sub-Bids Requested from qualified DBE Subconsultants for:

**PROGRESSIVE DESIGN-BUILD SERVICES FOR THE
ADVANCED WATER PURIFICATION FACILITY AT RP-4
PROJECT EN25070.00**

Owner: Inland Empire Utilities Agency
Location: Rancho Cucamonga, CA

Bids Due Date: January 20, 2025 @ 3:00 P.M.
Proposal Date: February 20, 2025 @ 3:00 P.M.

667 Brea Canyon Road, Suite 30 • Walnut, CA 91789
Phone: (909) 595-4397, Fax: (909) 444-4268
Contact: Lori Olivas, lori.olivas@jfshea.com

J.F. Shea Construction, Inc. is soliciting your participation in the preparation of this bid.

We are particularly interested in bids from subconsultants for the following work items:
Survey, Geotechnical Engineering, Geotechnical Drilling, Architectural Design, Structural Design, Electrical Design, Civil Design, Surge Analysis, Corrosion Control Design, Permitting, Potholing, Utility Locating with Ground Penetrating Radar.

Plans and Specifications: Please email your request to lori.olivas@jfshea.com. Project Documents may also be viewed at our Walnut Office. J.F. Shea Construction, Inc. is an equal opportunity employer and intends to negotiate in good faith with interested DBE firms and intends to utilize the lowest responsive bidder. J.F. Shea expects potential subconsultants to be bondable. J.F. Shea will pay for up to 1% for bond costs. Subconsultants are expected to bid per the Project Documents, including requirements for warranties.

INVITATION TO BID

Clark Construction, an equal opportunity employer, is seeking bids from all subcontractors, including Disadvantaged Business Enterprises (DBE), CMD Certified SF and SFPUC Micro and Small Local Business Enterprises (LBE), Minority Business Enterprises (MBE), Women Business Enterprises (WBE), and Other Business Enterprises (OBE).

Your bid is due to Clark on or before January 13th, 2025 @ 12:00PM PST.

Project Description:

SAN FRANCISCO RECREATION AND PARKS:

This project involves renovating an existing public park that is approximately 7 acres on the shore of India Basin along the southeast waterfront of San Francisco, California. The project involves the construction of two new buildings, a boathouse and a park restroom facility. The project also involves the construction of in-water components including marine way walls, a pile supported floating dock, and gangway. Other site improvements include, but are not limited to, paving, site walls, irrigation, grading, soils, planting, seating elements, site furnishings, stairs and rails, a new playground, utilities, site lighting, pergola structures, basketball courts, public art components, sidewalk frontage improvements, wayfinding signage, and interpretive signage elements.

The work is located at 900 Innes Avenue, San Francisco, California, 94124. The Engineer's Estimate for the project is \$58,000,000.

INFORMATION ABOUT PLANS AND SPECIFICATIONS

Drawings, Specifications, and Scope Information May Be Obtained From:

Todd McQuinn at todd.mcquinn@clarkconstruction.com (202-446-4516)

Bid documents can be viewed at: Clark Construction Group – California, LP, 180 Howard Street, Ste 1200, San Francisco, CA 94105 and online at our [Building ConnectedTM](http://BuildingConnectedTM) website.

Trade Packages Include: Photographic Documentation, Testing & Inspection, Field Engineering, Demolition, Concrete Reinforcement, CIP Concrete, Structural Steel, Miscellaneous Metals, Rough & Finished Carpentry, Waterproofing, Roofing, Metal Panels, Joint Sealants, Swinging Doors, Overhead Coiling Door, Glass & Glazing, Drywall/Framing, Tiling, Painting, Signage, Facility Fall Protection, Fire Suppression, Plumbing, HVAC, Electrical, Earthwork, Deep Soil Mixing, Support of Excavation, Deep Foundations, Landscaping, Asphalt, Site Concrete, Fences and Gates, Utilities and Marine Construction.

Project: Contract No. 08-1J5404 Route 10 / 15 Separation
Owner: Department of Transportation (CALTRANS)

Bid Due Date: January 9, 2025, at 2:00 PM
Federal-Aid Project: ACFIM-0151(252)E

Request for quotes from Certified DBE Subcontractors and Suppliers for the following, but not limited to scopes of work: Aggregate Supply, Asphalt Paving, Biologist, Bridge Demo, CIDH Pile, Clear and Grub, Cold Plane AC, Concrete Barrier, Concrete Supply, Construction Area Signs, Demolition, Driven Pile, Electrical, Erosion Control, Fencing, Grind Existing Pavement, Ground Anchor, Guardrail, Hydroseeding, Joint Seal, Joint Seal Assembly Supply, Landscape and Irrigation, Minor Concrete, Misc. Iron and Steel Supply, Overhead Signs, Pipe Supply, Polyester Concrete Overlay, QC Testing, Ready Mix Concrete Supply, Reinforcing Steel, Roadside Signs, Rock Slope Protection, Saw and Seal PCC, Slope Paving, Street Sweeping, Striping, Traffic Control, Underground.

PLEASE SUBMIT QUOTES BY EMAIL TO SOCALBIDS@FLATIRONCORP.COM OR FAX TO (858) 271-1330

Plans and specifications are available, at no cost, from Caltrans <https://ppmoe.dot.ca.gov/des/oe/weekly-ads/oe-project.php?q=08-1J5404> (Registration Required). Additionally, plans and specifications are available to view at Flatiron's San Diego, CA and Chino, CA offices. Please call to make an appointment to view the documents.

This project has a 22% DBE Goal. In addition to request for participation from DBE subcontractors and suppliers, Flatiron requests non-DBE subcontractors to provide lower-tier DBE participation. Bidders are required to indicate lower-tier DBE participation information to be evaluated as part of their quote.

Quotes must be valid for same duration as specified by Owner for contract award. Quotes will be broken down into comparable packages as reasonably necessary to facilitate participation. Flatiron intends to work cooperatively with all firms for scopes of work you are licensed and qualified to perform. Assistance in obtaining bonding, lines of credit, insurance, equipment, supplies, and materials is available upon request. Additionally, please contact us if you require technical assistance.

Subcontractors are required to possess and maintain a current contractor's license and must also be registered with the Department of Industrial Relations (DIR) as required by Public Contract Code Section 1725.5. Subcontractors will be required to execute Flatiron's Standard Subcontract Terms and Conditions and insurance requirements. A copy of the document in electronic format is available upon request.

Bond Requirements: Notwithstanding any contrary language in a bid to Flatiron or any prior course of dealing between Flatiron and a bidder, and unless waived in writing by Flatiron, Flatiron reserves the right to require each bidder to provide payment and performance bonds assuring bidder's obligations to Flatiron in the amount of 100 percent of the bid to Flatiron. Flatiron will reimburse the bond premium at actual cost not to exceed 3%. The surety on the bonds must be a California admitted surety.

REQUESTING SUB-QUOTES FROM QUALIFIED SBE & DBE SUBCONTRACTORS/SUPPLIERS/TRUCKERS FOR:

Contract C24218 – State Route 85 Noise Reduction (Phase 2) Project

Owner: Santa Clara VTA

Location: Mountain View, CA

Engineers' Estimate: \$12,000,000

REVISED BID DATE: January 14, 2025 @ 2:30 PM

Items of work include but are not limited to: **Alternative Crash Cushion, QC/QA, Survey, Lead Compliance Plan, Construction Area Signs, Traffic Control System, Temporary Barrier, PCMS, Water Pollution Control Program, Street Sweeping, Treated Wood Waste, Erosion Control (Temporary & Permanent), AC Dike, Asphalt Paving, Roadway Excavation, Hazardous Offhaul (ADL Type Z-0), Tack Coat, Grinding, Minor Concrete, Joint Seal, Polyester Overlay, Storm Drain Capture Housings, Reinforced Concrete Pipe, Adjust Utilities, Guard Railing, Delineator, Pavement Marker, Striping & Marking (Temporary & Permanent), Roadside Signs, Midwest Guardrail System, Transition Railing, Crash Cushion, Concrete Barrier, Thrie Beam Barrier, Electrical and Trucking.**

Granite Rock Company 'Graniterock' is signatory to Operating Engineers, Laborers, Teamsters, Carpenters and Cement Masons unions. 100% performance and payment bonds will be required from a qualified surety company for the full amount of the subcontract price. Bonding assistance is available. Graniterock will pay bond premium up to 1.5%. In addition to bonding assistance, subcontractors are encouraged to contact Graniterock Estimating with questions regarding obtaining lines of credit, insurance, equipment, materials and/or supplies, or with any questions you may have. Subcontractors must possess a current contractor's license, DIR number, insurance and worker's compensation coverage. Subcontractors will be required to enter into our standard contract. Graniterock intends to work cooperatively with all qualified firms seeking work on this project.

Flooding Is a \$400 Billion Problem That's Getting Worse

[Article originally appeared in www.governing.com]

By Carl Smith

Zeb Smathers thought he'd seen it all. Smathers is the mayor of Canton, N.C., which in 2021 suffered devastating floods that caused six deaths and \$300 million in damage. Two years later, the town's paper mill closed after more than a century in operation, removing 1,200 jobs from a community of just 4,400 people.

Canton is still being tested. After the floods, Smathers complained it was "crazy" that the mayor of a town roughly 3,000 feet above sea level had to keep an eye on tropical storm forecasts. Such vigilance, sadly, was not in vain. In September, Canton was slammed by rain from Hurricane Helene, which caused even greater damage than the 2021 storm. "There's only so much you can do when 28 feet of water comes to your hometown," Smathers said. "We were told this was a once-in-a-lifetime storm in 2021. Here we are, three years later."

It's cold comfort for the people of Canton but their situation, while extreme, is not unique. Everywhere rain can fall, it seems, flooding has gotten worse. Helene was a regionwide disaster across western counties in North Carolina. In June, hundreds of homes were damaged in Hawarden, Iowa, as the Big Sioux River rose to a record-breaking 39 feet. Climates as different as Vermont and New Mexico have seen repeated bouts of flooding this year. In August, intense rain led to hundreds of evacuations and two deaths near New Haven, Conn. "We are talking about rainfall in some areas in the 1,000-year level," said Brenda Bergeron, Connecticut's deputy emergency management commissioner.

There are many other examples in every corner of the nation. Flooding is the most dangerous and costly form of natural disaster. Already, estimated costs from flooding across the U.S. range as high as \$496 billion annually. If anything, the problem is getting worse. Record temperatures in oceans and surface

A car gets stranded due to flooding in Virginia Beach. Tribune Content Agency

air mean more moisture in the atmosphere to fuel storms. The federal government's Fifth National Climate Assessment found that the amount of precipitation in the most severe rain events has increased dramatically in every part of the country over the past 50 years — as much as 60 percent in the Northeast, 45 percent in the Midwest and nearly 40 percent in the South.

The most extreme flood events will continue to grow in number and severity, says Daniel Swain, a UCLA scientist who studies the ways climate change is affecting weather. This will be the case even in places affected by drought. (While New Mexico experienced floods last June, it was simultaneously seeing wildfires.) "In a place like California, we may not ever see an increase in average precipitation, but it's extremely likely we'll still see a big increase in flood risk there because of increasingly extreme precipitation," Swain says. "In the Eastern Seaboard and the Deep South, we see an increase in both average and extreme precipitation."

Last year, the Environmental Protection Agency (EPA) reported that there's a nationwide need of \$115 billion for stormwater infrastruc-

ture investments between now and 2041. That represented a 385 percent increase over its 2012 projection, partly as a result of "an increase in the frequency and intensity of heavy precipitation events due to climate change." The infrastructure package passed by Congress in 2021 included several grant programs specifically to fund stormwater projects, but those add up to about 1 percent of the need identified by the EPA. Another \$1 billion is available through the Building Resilient Infrastructure and Communities program, but that money isn't earmarked solely for stormwater projects.

After decades of deterioration in many cases, existing gray stormwater infrastructure — gutters, drains, stormwater channels and underground pipes — is inadequate. Almost all of it was built for a climate that no longer exists, Swain says. Engineers designing system upgrades can't rely on past storm patterns, but what lies ahead isn't yet in clear focus. The infrastructure law provided funding for the National Oceanic and Atmospheric Administration (NOAA) to update its atlas of community-level precipitation estimates to account for climate change, but this isn't expected to

be complete until 2027.

There's more at stake than the immediate danger from floodwaters. There are long-term consequences when storm overflow carries pollutants into the water supply. Financing costs and insurance go up in communities where infrastructure can't meet the test of extreme precipitation. But, while the challenges are enormous, communities across the country are adapting their stormwater systems in ways that not only address flood concerns but create amenities such as parks and preserve more water for productive use.

It remains difficult to hit a moving target. Steve Parrish, chief engineer at the Clark County, Nev., flood control district, hired scientists from the University of Illinois to run multiple rainfall scenarios that incorporated climate change effects. Some indicated less rain, others an increase of as much as 50 percent. "How do you make a decision based on such a wide swath of results?" Parrish wonders.

Lacking a solid projection, the district is linking its infrastructure planning to the demands of a 100-year storm (a storm with a 1 percent chance of happening in any given year). This is common practice, but as NOAA Climate Service Manager Victor Murphy observes, it's certain that numbers will be higher once the agency's revised precipitation estimates are finalized. Rain at today's 100-year levels is likely to occur more often, and subsequent storms will be bigger. Clark County has invested \$2.5 billion based on the best data available to it, Parrish says. If climate change rewrites this data, that could mean expensive retrofits or even liability. "It's a lot of 'what ifs,'" he says. "It's really an issue to navigate."

Construction Jobs Increase In 234 Metro Areas Between November 2023 And Last Month, But Contractors May Have More Trouble Filling Jobs In 2025

[Article originally appeared in www.agc.org]

Construction employment increased in 234, or 65 percent, of 358 metro areas between November 2023 and November 2024, according to an analysis by the Associated General Contractors of America of new government employment data. Association officials noted that firms continue to boost pay rates as many of them struggle to find enough qualified workers to hire.

"Although nearly two-thirds of metro areas have added construction workers in the past year, contractors report struggling to fill many hourly craft positions," said Ken Simonson, the association's chief economist. "These difficulties will be even greater in 2025 if the industry cannot access targeted workforce authorizations."

Houston-The Woodlands-Sugar Land, Texas added the most construction jobs (16,100 jobs or 7 percent) between November 2023 and November 2024, followed by Northern Virginia (9,000 jobs or 11 percent); Miami-Miami Beach-Kendall, Fla. (6,100 jobs, 10 percent); Orlando-Kissimmee-Sanford, Fla. (4,800 jobs, 5 percent); and Fort Worth-Arlington, Texas (4,200 jobs, 5 percent). Anchorage, Alaska had the largest percentage gain (17 percent, 1,800 jobs), followed by Fairbanks, Alaska (15 percent, 400 jobs); Detroit-Dearborn-Livonia, Mich. (15 percent, 3,800 jobs); Kahului-Wailuku-Lahaina, Hawaii (13 percent, 600 jobs); and Northern Virginia.

Construction employment declined over the year in 63 metro areas and was unchanged in 61 areas. The largest job loss occurred in New York City (-7,800 jobs, -5 percent), followed by Sacramento--Roseville--Arden-Arcade, Calif. (-4,700

jobs, -6 percent); Portland-Vancouver-Hillsboro, Ore.-Wash. (-4,200 jobs, -5 percent); Phoenix-Mesa-Scottsdale, Ariz. (-3,700 jobs, -2 percent), and Chicago-Naperville-Arlington Heights, Ill. (-3,200 jobs, -2 percent). The largest percentage decrease occurred in Bloomington, Ill. (-11 percent, -400 jobs), followed by Bangor, Maine (-8 percent, -300 jobs), and 6 percent declines in Sacramento--Roseville--Arden-Arcade; San Jose-Sunnyvale-Santa Clara, Calif. (-3,100 jobs); Silver Spring-Frederic-Rockville, Md. (-1,800 jobs); and Duluth, Minn.-Wis. (-600 jobs).

Simonson noted that as more long-time construction workers reach retirement age, the industry has become more dependent on immigrants to fill craft positions. An analysis of data from the Census Bureau's American Community Survey shows roughly one-third of construction craft workers are foreign-born.

Association officials said the biggest obstacle to recruiting new workers is the fact the federal government spends four times as much promoting four-year college degrees as it does careers in fields like construction. They urged lawmakers in Washington to close the funding gap by passing a Workforce Innovation and Opportunity Act measure that boosts funding for training in fields like construction. And they said Washington officials need to double funding for the Carl D. Perkins Vocational & Technical Education Act.

"Relatively small boosts in federal funding for construction and other skills training will help put many more people into high-paying construction careers," said Jeffrey D. Shoaf, the association's chief executive officer.

Virtual Job Networking Event for Construction Professionals #SFO

About this event

Welcome to Virtual Job & Networking Event for Construction Professionals!
Are you a construction professional looking to expand your career or explore new job opportunities? The Build Your Future Virtual Networking Event is the perfect place to connect with industry peers, explore job openings, and discover the latest trends in the construction sector.

Event Details: Date & Time: 4 PM - 6 PM (Local Time)

Venue: <https://events.tao.ai/pod/constructionhires.com/cont-66pa9gx56wgp>
No separate link required. Join directly from the platform.

Hosted by: No Worker Left Behind (NWLB)

Why Attend This Event?

- **Job Opportunities:** Explore a variety of construction job openings, from skilled trades to management positions, across multiple industries.
- **Career Networking:** Connect with construction professionals, recruiters, and employers who are looking for talent in the building and construction sector.
- **Career Development:** Receive advice on advancing your construction career, transitioning between roles, or upskilling to meet industry demands.

How to Participate:

Register: Create your profile and update your settings on the platform.

RSVP for the Event: Secure your spot to gain access to job listings and networking opportunities.
Join the Event: At the scheduled time, join the event from this platform. No separate link is required.

REGISTRE HERE:

<https://www.eventbrite.com/e/virtual-job-networking-event-for-construction-professionals-sfo-tickets-1065508026189?aff=ebdssbdtestsearch>

CALIFORNIA SUB-BID REQUEST ADS

Foothill Extension Phase 2B2 Pomona to Montclair Project
 Metro Gold Line Foothill Extension Construction Authority (Owner)
 Request for Bids
 Email: Foothill2B2.Outreach@Kiewit.com

Kiewit is assembling a team to respond to the RFP issued by the Metro Gold Line Foothill Construction Authority (Authority) to provide Design-Build services for Phase 2B2 Pomona to Montclair Project and is seeking quotes from local, small, and diverse firms interested in participating on the Project (upon award to Kiewit). Subcontractors and suppliers, **especially including those certified as Small Business Enterprise (SBE) by the Department of General Services (DGS), Los Angeles County Metropolitan Authority (Metro), and the City of Los Angeles** are welcomed and encouraged to submit bids.

The project scope of work primarily includes trackwork, utility relocations, power services, and communication systems conduits.

Kiewit is currently soliciting subcontractor/supplier bids for the scopes listed below: *
BIDS DUE TO KIEWIT JANUARY 17, 2025, BY 2PM PST

Construction: AC Paving, Aesthetic Form Liner, CIDH/Steel Driven Piles, CMU, Concrete Pumping, Demolition, EICs/ SCRRRA Inspections, F&I Emergency Access- PEMB, Kiosk, Fencing, Fire Suppression, Flatwork, Glazing, Hazardous Material Remediation, Jack N Bore, Landscape, Metal Roofing & Sheet Metal, Mosaic Tiles & Ceramic Tiles, MSE Wall Install, Painting & Coating, Pavers (Stations), Plumbing/HVAC, Post Tensioning, QC Inspections & Testing, Rail Flash-Butt Welding, Rail Grinding Sub, Rebar, Sawcutting, Security Rollup Gates, Soundwall Install, Station Signage, Steel Stringers, Caps & Pipes, Tieback & Soldier Beam Ret Walls, Track Demo, Traffic Marking & Striping, Tree Removal

Supply: Accessories – Stations, Aggregates, Anchor Bolt Supply, Bearings, Concrete Pavers, Concrete Tiles, DF Fasteners, Doors, Frames, and Hardware, Drainage (Bridge and Approach), Ductile Iron Pipe, Geotextile, HDPE Pipe, Misc. Metals – Stations, Misc. Metals Bridges, MSE Retaining Walls, OTM Package, Precast Conc Xing Panels, Precast Concrete Elements, Precast J-Ditch, Precast Soundwall, Precast Utility Structures, PVC Pipe, Rail Package, Rail Signage, Ready Mix, RCP Pipe Ready Mix, Sidewalk Grates, Special Trackwork, Station Metal Handrailing, Station Structure Steel, Structures Accessories, Sump Pump Systems, Tire Derived Aggregate, Track Timber Tie, Valves

Mass. Electric (a Kiewit subsidiary) is a major subcontractor for the project
is soliciting subcontractor/supplier bids for the scopes listed below: *
BIDS DUE TO MASS. ELECTRIC JANUARY 13, 2025, BY 12PM PST

Subcontract: Manholes/Handholes/Pullboxes, Fiber Splicing, Traffic Signal Install

Supply: Conduit, Disconnect Switches, Electrical Gear, Electrical Misc. Material, Foundations, Misc. Hardware, OCS Cantilever Pipe, OCS Hardware, OCS Poles, OCS Tools, Wire & Cable

Firms interested in providing subcontract/supply bids must join our database at: bit.ly/KiewitFoothill2B2 to receive an invitation to bid through BuildingConnected.

*Contract opportunities for both Kiewit and Mass. Electric are contingent upon contract award to Kiewit.

Kiewit and its subsidiaries are Equal Opportunity Employers.

Kiewit Infrastructure West Co.
 4650 Business Center Drive • Fairfield, CA 94534
 Attn: Brittany Hart at norcal.bids@kiewit.com • Fax: 707-439-7301

Requests quotes from qualified Subcontractors, Service Providers, Consultants, and/or Suppliers seeking to participate for the following project in Yosemite National Park, CA:

Rehabilitate El Portal Wastewater Treatment Facility and Administrative Camp
 Yosemite National Park, CA
 Solicitation No. 140P2024R0008; YOSE 196416
 Owner: National Park Services
 Bid Date: January 06, 2025 @ 2:00 PM
Quotes NO LATER THAN December 18, 2024, at 4 PM.

Kiewit requests Small Business (SB), Small Disadvantaged Business (SDB), Historically Underutilized Business Small Business (HUBZone SB), Indian Small Business Economic Enterprise (ISBEE), Service-Disabled Veteran-Owned Small Business (SDVOSB), & (VOSB), Woman-Owned Small Business (WOSB) proposals/quotes for the following scopes, but not limited to:

AC Paving • Acoustical Panel Ceiling • Aggregates • Architectural Precast Concrete and Erection • Bird Control Devices • Building • Building Commissioning • Fire Protection • Furnishing • Lockers • Safety Specialties • Toilet Accessories & Compartments • Bypassing • Casework & Countertops • Clearing & Grubbing / Tree Removal • Concrete Formliner • Concrete Formwork • Concrete Pumping • Concrete Repair • Concrete Supply • Crack Injection • Cranes and Hoists • Demolition • Dewatering • Doors & Hardware • Dump Fees • Electrical • EPDM Roofing and Roofing Accessories • Erosion Control • Fences & Gates (Temporary and Permanent) • Fire Suppression • Framing/Gypsum Board • Glass, Glazing and Storefronts • Hazardous Material Remediation and Disposal • HVAC • Indoor Air Quality Management & Testing • Insulation • Joint Sealants & Firestopping • Laboratory Equipment • Landscaping • Mechanical Equipment • Metal Joists • Metal Roofing, Walls & Soffit Panels • Minor Concrete • Misc. Metals & Structural Steel • Overhead Doors • Painting and Coating • Piping and Valves • Plumbing • Potholing / Vacuum Truck • Precast Concrete • Pre-Engineered Canopies • Process Pipe Insulation and Heat Trace • Quality Control • Rebar • Resilient Flooring • Sawcutting / Core Drill • Sewer Tank Cleaning • Shoring • Signage (Building) • Signage (Traffic) • Steel Decking • Striping / Pavement Markings • Survey • Sweeper Truck • Tanks (Plastic, FRP) • Tiling • Trucking & Hauling • Utilities Work for Admin Camp • Water Truck • Waterproofing

Certified thru, but not limited to, any of the following agencies:
www.mbd.gov; www.epa.gov; www.sba.gov

Non-DBE firms are encouraged to contract with a group of lower tier DBEs or individual DBEs.

Plans are available for viewing through SmartBidNet (SBN). All companies already registered in our SBN database will receive an invitation to bid. Please email norcal.bids@kiewit.com to have your company added to our SBN database to be able to receive bidding information, Plans and Specifications.

Performance and Payment Bonds may be required for Subcontractors, and Supply Bond for permanent material Suppliers on this project. Bond requirement can be waived on a case-by-case basis.

Please contact Kiewit for more information. Bond premiums are reimbursable by Kiewit.

Please contact Kiewit for any assistance in bonding, insurance, equipment, materials and/or supplies.

Davis-Bacon Act and California prevailing wage requirements applies.
 Disadvantaged Business Enterprises (40 CFR Part 33) applies.
 FAR 52.219-8 Utilization of Small Business Concerns applies.
 Buy American 41 U.S.C chapter 83 applies

Granite is an Equal Opportunity Employer and will work with any interested subcontractor to identify opportunities to break items into any economically feasible packages. We welcome quotes from qualified Minority Business Enterprise (MBE), Women Business Enterprises (WBE), Small Business Enterprises (SBE), Disadvantaged Business Enterprises (DBE) and other entities defined as socially and/or economically disadvantaged.

Assistance in obtaining bonding, insurance, equipment, materials and/or supplies is available upon request. Additionally, please contact us if you require any technical assistance. Quotations must be valid for same duration as specified by Owner for contract award. Granite intends to work cooperatively with all qualified firms seeking work on this project.

In addition to request for participation from Certified WBE/MBE subcontractors and suppliers, Granite requests non-DBE subcontractors to provide lower-tier DBE subcontractor and/or supplier participation. Bidders are encouraged to indicate lower-tier DBE participation, as it will be evaluated as part of their quote.

Please include your Contractor License Number and DIR Registration Number on your quote

Granite Construction Company is signatory to Operating Engineers, Laborers, Cement Masons Teamsters and Carpenters unions. Granite may require 100% performance and payment bonds for the full amount of subcontract price. Granite Construction will assist with bonding costs for subcontractors. Additionally, The US Small Business Administration may also assist you in obtaining bonding, for more information please visit them at <http://www.sba.gov/content/contractors#>. Subcontractors must possess a current contractor's license, DIR number, insurance, and worker's compensation coverage meeting Granite's requirements. All quotes are subject to the terms of Granite Construction Company's applicable standard form agreement which is available through the following link: <https://www.graniteconstruction.com/ca-resources/standard-agreements>
