

# California's Economic Growth Continues: Latest Round of State Awards to Generate \$67.4 Million in New Investments

[ Article originally appeared in <https://business.ca.gov> ]

This latest round of California Competes Tax Credit awards will continue to support the business community across California, bringing family-supporting jobs and investment that would otherwise go someplace else to the state.

The four companies – which span industries from food manufacturing to clothing design – are expected to create 636 new, full-time jobs that have an average salary of nearly \$107,000. Collectively, these companies have committed to making more than \$67.4 million of investments in communities up and down the state as a result of their awards.

- Skydio, a drone manufacturer, will use a \$10 million award to create 441 new jobs and make \$19.26 million in investments across their San Mateo and Hayward facilities.
- Liberated Brands, a clothing designer, will use a \$3 million award to create 109 new jobs and make \$16.5 million in investments in Costa Mesa and Orange County.
- CSC Manufacturing, a carboard manufacturer, will use a \$2.5 million award to create 51 new jobs and make \$20.9 million in investments in Modesto.

- Teasdale Foods, a food manufacturer, will use a \$2 million award to create 35 new jobs and make \$10.8 in investments in Atwater.

“Doubling down on ingenuity and innovation works, and no place does it better than California,” said **Dee Dee Myers, Senior Advisor to Governor Newsom and Director of GO-Biz**. “These types of investments in the state’s diverse economy ensure that California will con-

tinue to remain a global leader in the industries of both today and tomorrow.”

**How we got here**

In March, Governor Newsom announced the creation of the California Jobs First Council focused on streamlining the state’s economic and workforce development programs to create more jobs, faster – including through the California Competes program.

The California Competes Tax Credit was created in 2013 to help businesses grow and stay in California. In 2022, the program was extended for an additional five years with at least \$180 million in tax credits available for allocation to businesses each year through 2028. To date, California Competes has awarded tax credits to nearly 1,200 businesses, creating more than 159,000

# CHSR Authority Applies for \$450 Million From Federal Government to Advance Construction Toward Merced and Invest in Workforce

[ Article originally appeared in <https://greenlining.org> ]

The California High-Speed Rail Authority (Authority) is applying for new federal funding to advance construction and expedite important safety improvements between Madera and Merced along the northern portion of rail line in the Central Valley.

The grant funding for \$450 million would help the Authority to advance construction toward the

city of Merced, a crucial portion of high-speed rail’s 171-mile Merced to Bakersfield Central Valley segment. Of the \$450 million applied for, \$446 requested from the Federal Railroad Administration’s FY23 Consolidated Rail Infrastructure and Safety Improvements (CRISI) Program External Link would fund work to extend the Madera to Merced segment. Awards are expected to be announced this fall.

If awarded, this request will advance the Merced extension by:

- Constructing eight miles of the extension from Madera to Merced.
- Relocating utilities; advancing civil construction and track and systems that will connect with the 119-mile Central Valley segment already under construction.

Other costs for the project’s final design and right-of-way acquisition are being funded in part out of the record \$3.1 billion Federal-State Partnership for Intercity Passenger Rail Program grant awarded in 2023. The remaining \$4 million applied for would expand workforce training programs for underserved students in the Central Valley through a partnership with Fresno State and also continue to fund the Central Valley Training Center in Selma (Fresno County), which to date has graduated 12 cohorts and 196 students pursuing careers in the building trades since 2020.

“Creating curriculum and learning opportunities in the rail industry here in the Central Val-

ley where work is happening is a win-win,” said John Gregory Green, PhD, lecturer for the Department of Civil & Geomatics Engineering at Fresno State University. “Programs like the one we’re creating provide the necessary information and skills needed for this next generation to thrive, bringing significant job opportunities and economic benefits to disadvantaged communities in the region.”

“This funding is needed to prepare the next generation of skilled construction tradesmen and women for work on the high-speed rail project and other similar projects,” said Chuck Riojas, Executive Director for the Fresno, Madera, Tulare, Kings Building Trades Council. “Investing in living-wage jobs is investing in people and the families they support. It brings both immediate and long-term economic benefits to our region.”

The California high-speed rail project aligns with federal priorities of equity, climate, sustainability, safety, and transformation, providing ser-

## BUSINESS TOOLKIT

# Construction Estimator Skills: How to Be a Good Estimator

[ Article originally appeared in Autodesk Construction Cloud Blog. <https://construction.autodesk.com> ]

By Jeff Gerardi

Estimating tools, such as contractor software, are handy. However, they are only one tool in the entire kit. Estimators still need basic skills to be successful. Obviously, skills will be honed over time, but there are some skills that a person needs to bring to the table to start with.

### How the role of estimators is Changed

The role of an estimator has evolved. New skills for analyzing data with the latest technologies will make estimating more predictable, more sustainable, and more accurate. The data generated in the estimating process is the beginning and should feed the entire project life cycle.

### Math

Math is a fundamental skill today's estimators need. Estimating, by nature, requires a lot of work with numbers. If working with numbers and doing complex calculations are anathema to someone, professional estimating probably isn't a good career prospect for them.

### Organization

All those numbers and calculations must be kept in order, which means having stellar organizational skills. The numbers can fly fast and furiously and change in the blink of an eye, so keeping track of them all is a necessary skill for an estimator.

### Data analysis

You have to know what you're looking at. All those numbers and data that you'll be looking at will need to be evaluated and interpreted within the context of making a competitive and accurate bid. Cost estimating software can help estimators be more proficient, achieving the required balance of speed and accuracy.

### Critical thinking

Knowing strengths and weaknesses throughout the estimating process can mean the difference between winning a lucrative contract and losing it to a competitor. Experience and access to time-saving and error-reducing tools will greatly improve one's ability to identify ways to build things at the minimum cost.

### Detail oriented

Attention to detail is essential to ensure cost estimators achieve accurate results. They need to identify cost drivers quickly and ensure that when one cost changes, they know how it will affect other costs related to the project.

### Effective communication

Giving an engaging presentation will help estimators support and defend their reasoning, if necessary, and convey alternative and more cost-effective options.

### Technical skills

Having the requisite knowledge about the construction industry will help estimators improve their accuracy. This knowledge includes processes, materials, and how the various construction-related industries are changing. Moderately advanced computer skills will also enable them to develop more elaborate equations and manipulate the data for better estimates.

### Time management

Deadlines are a part of almost every job and paramount to the fast-paced world of estimating. Estimators need to be able to plan their time

wisely. The right construction estimating software can help with time management.

### Writing skills

Written communication to present complex details clearly and succinctly is another essential part of estimators' jobs, and having this basic skill will help a lot.

### Get on the leading edge of estimation

Anyone looking to become an estimator should have some combination of these essential skills. While they will all be developed over time, using the right construction estimate software will significantly help.

Estimators' jobs are evolving. If you want to be on the leading edge of estimation, it's time you level up your game. Check out our guide: 4 Habits of Highly-Effective Estimators at <https://construction.autodesk.com/resources/workflow-overview/4-habits-of-effective-estimators/>

## CALIFORNIA RIVER RESTORATION PROJECT NEWS

# Governor Newsom visits the nation's largest river restoration project

[ Article originally appeared in [www.gov.ca.gov](http://www.gov.ca.gov) ]

With parts of the Klamath River beginning to flow freely for the first time in 100 years thanks to the largest river restoration effort in American history, Governor Gavin Newsom this week visited the dam removal project that will revitalize nearly 400 miles of historical habitat for salmon and steelhead, when completed.

Last September, the first of the four dams was brought down, and the rest are slated for removal later this year as a result of ongoing collaboration between California and Oregon, the Yurok and Karuk Tribes, PacifiCorp, and fishing and environmental groups.

The Klamath was once the third-largest salmon producing river on the West Coast before the construction of concrete dams beginning in

Governor Newsom at Klamath River dam removal project in Siskiyou County this week

1918 blocked migratory salmon and steelhead from accessing nearly 400 miles of critical river habitat.

In December 2022, Governor Newsom joined U.S. Secretary of the Interior Haaland, leaders of the Yurok and Karuk Tribes, and Oregon Governor Brown to celebrate the Federal Energy Regulatory Commission's final approval of the project.

Governor Newsom earlier this year released California's first strategy to restore salmon populations amid hotter and drier weather exacerbated by climate change, and the Administration and Legislature have invested more than \$800 million over the last three years to protect the iconic fish species for generations to come. The Administration has requested a Federal Fishery Disaster

 Contact: Lori Olivas, [lori.olivas@jfshea.com](mailto:lori.olivas@jfshea.com)

J.F. Shea Construction, Inc. is soliciting your participation in the preparation of this bid. We are particularly interested in bids from subcontractors/suppliers for the following work items: **Aggregates, Demolition, Controlled Low Strength Material, Erosion Control, AC Paving, Ready-Mix Concrete, Reinforcing Steel, Masonry, Structural Steel, Metal Roof Decking, Miscellaneous Metals, Architectural Woodwork, FRP Fabrications, Insulation, Roofing, Joint Sealants, Aluminum Flush Doors, Floor Access Doors, Overhead Coiling Doors, Skylight System, Glazing, Metal Framing & Drywall, Ceramic Tiling, Acoustic Panel Ceilings, Resilient Base, Resilient Tile Flooring, Painting & Coatings, Signage, Toilet Accessories, Fire Protection Specialties, Stainless Steel Lab Cabinets, Pre-Engineered Fiberglass Shelters, Fire Suppression, HVAC, Electrical & Instrumentation, Equipment, Monorail System, and Monorail Hoists.**

**Plans and Specifications:** Email your request to: [elizabeth.pettus@jfshea.com](mailto:elizabeth.pettus@jfshea.com). Plans may also be viewed at our Walnut Office. J.F. Shea Construction, Inc. is an equal opportunity employer and intends to negotiate in good faith with interested DBE firms and intends to utilize the lowest responsive bidder. J.F. Shea expects potential subcontractors to be bondable. J.F. Shea will pay for up to 1% for subcontractor bond costs. Subcontractors and Suppliers are expected to bid per plans and specifications, including requirements for warranties. Standard manufacturer's warranties, if not in conformance with owner's specifications, will not be accepted.

**ANVIL BUILDERS INC.**  
 1550 Park Ave. Emeryville, CA 94608  
 Phone: 415-285-5000 • Fax: 415-285-5005

**Request for DBEs Subcontractors and Suppliers for**  
**Project: CARTER RESERVOIR REHABILITATION, ARROYO PUMPING PLANT IMPROVEMENT, AND ARROYO RESERVOIR REPLACEMENT**  
 Spec No: 2185  
**Bid Date: Wednesday, June 26, 2024 • Bid Time: 1:30 PM**

**Work includes:**

- At Carter Reservoir in Moraga: blasting and recoating of the interior and exterior of the existing 0.25-million-gallon steel tank, and replacement of the existing wood roof with an aluminum dome roof, and rehabilitation of the reservoir valve vault and associated mechanical piping.
- At Arroyo Pumping Plant in Moraga: demolish and replace existing meter.
- At Arroyo Reservoir in Moraga: demolition and removal of the existing 1.0-million-gallon steel tanks, valve pit, and related piping; construction of two steel tanks (0.29 million gallons capacity) Arroyo Reservoir Nos. 1 and 2 including reinforced concrete foundations, tank shells, aluminum dome roofs, valve structures and associate piping.

Seeking all trades (but not limited to): Demo, Concrete, Rebar, Fencing, Grading, Paving, HVAC, and other required work and trades.

Plans, specifications, and requirements can be viewed at our office or by using the link below. <https://construction-bids.ebmud.com/SpecMain.aspx?SpecGN=8818&BidMode=Current>

Please review all documents. By submitting a proposal your company agrees to Anvil Builders Inc standard subcontract. For assistance with bonding, lines of credit, insurance, or anything else regarding bidding on this project, contact Anvil Builders via phone or email.

Will you be bidding this project? Please email or fax your response to [estimating@anvilbuilders.com](mailto:estimating@anvilbuilders.com) / 415-285-5005.

### Request for Bids to Perform Subcontractor Construction Services

CWS Construction Group Inc. is requesting subcontractor proposals for the **Oak Grove Center** project which consist of the following scope of work:

The project includes the remodel of two buildings with a total of 10,215 SF to create a new crisis call center, drop-in clinic, and an outpatient treatment center. The Tenant Improvement includes all aspects of a fully functional tenant improvement including but not limited to interior partitions, MEP, doors & windows, fire alarm modifications, fire sprinkler modifications, casework and security alterations. In addition, the project includes exterior landscaping and a new irrigation system.

Interested subcontractors shall submit bids on or **before July 18th, 2024 by 11:00 AM**, to CWS Construction Group Inc. 1301 Grant Ave, Suite B, Novato, CA, 94945, Attn: Charlie Slack. Bids will be accepted via fax at 415-209-0228 or email at [estimator@cwsconstructiongroup.com](mailto:estimator@cwsconstructiongroup.com). Each subcontractor is responsible to ensure that the bid is received by **July 18th, 2024 by 11:00 AM**.

We are requesting proposals from all subcontractors and suppliers. **DVBE/DBE/MBE/WBE** subcontractors and suppliers are encouraged to bid. CWS Construction Group Inc signatory to the carpenter and labor unions. Please send all bids to [estimator@cwsconstructiongroup.com](mailto:estimator@cwsconstructiongroup.com)

CWS Construction Group Inc. will award the subcontracts based on the best value criteria permitted under Education Code § 17406 and as authorized by the District's governing board.

Each subcontractor's license(s) must be active and in good standing at the time it provides its proposal and must remain so throughout the term of the Contract. Each subcontractor shall comply with the registration and qualification requirements pursuant to sections 1725.5 and 1771.1 of the California Labor Code and the skilled and trained workforce requirements pursuant to section 2600, et seq., of the California Public Contract Code.

Contract Documents are available for review at 1301 Grant Ave, Suite B, Novato, CA 94945, by calling our office at 415-209-0229, or by sending an email to [estimator@cwsconstructiongroup.com](mailto:estimator@cwsconstructiongroup.com) and requesting an electronic copy.

All questions should be directed to Charlie Slack at [estimator@cwsconstructiongroup.com](mailto:estimator@cwsconstructiongroup.com).

The last day for RFI's is July 11th, 2024.

# CALIFORNIA SUB-BID REQUEST ADS

## Skanska-Coffman, a Joint Venture

Subcontractor/Supplier Bids/Proposals Requested

Skanska-Coffman, a Joint Venture is interested in soliciting in Good Faith all subcontractors and suppliers as well as CUCP certified DBE subcontractors and suppliers related to the scopes of work below for the:

**I-15 Corridor Freight & Express Lanes Project – Contract 1**

**Owner: San Bernardino County Transportation Authority (SBCTA)**

**IFB No. 23-1003032, 24% DBE Goal**

**\*\* New \*\*\* Bid Due Date: July 16, 2024 - 2:00 PM**

*(Quotes not received by 7/16/24 may not be reviewed/evaluated)*

SBCTA online portal at: <https://vendors.planetbids.com/portal/20136/bo/bo-detail/116081#>

Plans & Specs - Skanska-Coffman Plan Room: [https://bit.ly/SCJV\\_I-15ExpressLnsPlanRoom](https://bit.ly/SCJV_I-15ExpressLnsPlanRoom)

The plans and specifications for this project may only be obtained by signing the

"SSI Document Release Form" included in the solicitation as Attachment D.

Please email [bids.socal@skanska.com](mailto:bids.socal@skanska.com) to request the SSI form.

Please submit your bids to Estimating: [bids.socal@skanska.com](mailto:bids.socal@skanska.com)

**General Work Description:** The project proposes to construct express lanes with price-managed/tolled facilities for both directions of I-15 (Ontario Freeway) from approximately 0.3 miles south of Cantu-Galleano Ranch Road to approximately Baseline Road/Avenue, encompassing the cities of Eastvale, Jurupa Valley, Ontario, Rancho Cucamonga, and Fontana. **Requested scopes include, but are not limited to the following and should be based on the Contract and its amendments:** Construction area signs, Traffic Control systems, Type II Barricade, Asbestos Compliance Plan, Clearing and Grubbing, Roadway excavation, Structure excavation, Rock Blanket, Landscape and Irrigation, Hydroseed, Asphalt Paving, Concrete Grinding, Concrete Paving, Steel Casing, CIDH Piling, Concrete Barrier, Approach Slabs, Structural Concrete, Minor Concrete, Curb and Gutter, Joint seal, Reinforcing Steel, Structural Shotcrete, Roadside Signs, Overhead Signs, Masonry Walls, Retaining Walls, Ground Monitoring, Bridge Removal, Bridge Monitoring, RCP, Drain Outlet, Box Culverts, Geocomposite Drain, Corrugated Steel Pipe, Rock Slope Protection, Miscellaneous Metals, Steel, PC/PS Bridge Girders, Ground Anchors, Driven Pile, Prestressing, Polyester Bridge Deck Treatment, Chain Link Fence, Guard Railing, Pavement Markings, Striping, Rumble Strip, Electrical Systems, Ramp Metering Systems, Street Sweeping, Trucking, Construction Materials Supply, dowel baskets supply, and Petroleum, Oil Supply.

**Requirements:** Skanska-Coffman JV (SCJV) is an Equal Opportunity Employer and is requesting quotes from all qualified subcontractors and suppliers. SCJV will assist qualified subcontractors and suppliers in obtaining bonding, lines of credit, insurance, necessary equipment, materials and/or supplies. To assist DBE subcontractors and suppliers, we will divide total requirements into smaller packages, tasks or quantities and establish delivery and construction schedules which will permit maximum participation when feasible. If you are a DBE Company, please provide your certification letter with your proposal. If you are a non-DBE, please indicate all lower-tier participation in your quotation as it will be evaluated with your price. Subcontracting Requirements: SCJV's insurance requirements are Commercial General Liability (GL): \$1M ea. occ., \$1M personal injury, \$2M products and completed operations agg. and general agg.; \$1M Auto Liability; \$5M Excess/Umbrella and \$1M Workers Comp. Endorsements and waivers required are the Additional Insured End., Primary Wording End., and a Waiver of Subrogation (GL & WC). Other insurance requirements may be necessary per the scope or RFP requirement. Subcontractors may be required to furnish performance and payment bonds in the full amount of their subcontract by an admitted surety and subject to approval by SCJV. Quotations must be valid for the same duration as specified by the Owner for contract award. Conditions or exceptions in Subcontractor's quote are expressly rejected unless accepted in writing. SCJV is signatory to the Operating Engineers, Laborers, Cement Masons, and Carpenters Unions. Subcontractors must provide weekly, one original and one copy of all certified payrolls, including non-performance and fringe benefit statements if required by law or by the Prime Contract. All Contractors and Subcontractors must be registered with the DIR (Department of Industrial Relations). Include CSLB License Number and DIR Number on All Quotes Submitted.

*\*This was bid previously advertised under Skanska USA Civil.*

McCarthy Building Companies

515 S. Flower St | Ste. 3600 | Los Angeles, CA 90071 | 213-655-1100 | License #411173

### Subcontractor Solicitation of Interest Kenneth Hahn Hall of Administration – Base Isolation Seismic Retrofit Los Angeles, CA

McCarthy Building Companies, Inc., working as the Construction Manager at Risk in conjunction with the Department of Public Works for Los Angeles County, is soliciting interest from qualified subcontractors to participate in the bidding for award phase of the project.

**Project description:** The Hall of Administration Base Isolation Seismic retrofit project consists of the installation of seismic isolators under the foundation of the existing building. Hydraulic jacks and temporary load-bearing shoring will be installed in phases to support and transfer the gravity loads from the existing columns/walls to new support foundations. Seismic strengthening of the superstructure using new concrete shear walls is required at select interior locations. These interior locations will require demolition and reconstruction. Select restrooms will receive ADA upgrades and elevators are to be modernized. A moat gap will be constructed around the building perimeter using earth-retention walls. Shoring and earthwork operations will require demolition and reconstruction of the existing site around the building. Underground utilities will be modified or replaced. This project will be performed at an active site where the building is occupied during typical work hours. Provisions of various sorts will be accommodated so as not to disrupt the occupants of the building.

**Project Location:** 500 West Temple Street, Los Angeles, CA 90012

**Work categories include:** Surveying; Final Clean; Security Services; Scaffolding; Hoists & Cranes; Reinforcing Steel; Shotcrete; Exterior Ceramic Paneling; Masonry (CMU); Fiber Reinforced Polymer (FRP); Metal Decking; Finish Carpentry & Casework; Roofing; Insulation; Sheet Metal Flashings; Expansion Control/ Moat Covers; Pneumatic railings, Doors/Frames/Hardware; Window Restoration; Interior Glazing; Elevator Smoke Containment Doors; Fireproofing; Drywall & Framing (Rough Carpentry); Ceramic Tile; Acoustical Ceilings; Resilient Flooring & Carpet; Painting & Wallcoverings; Wall Protection; Signage (Site/Bldg.); Fire Extinguishers/Cabinets; Toilet Partitions & Accessories; Storage Shelving; Window Treatment; Concrete Piles/Tension Piles; Asphalt Concrete Paving; Site Concrete; Fences & Gates; Landscaping & Irrigation; Site Furnishings.

Best Value Selection for: Demolition and Abatement, Structural Steel and Metal Fabrications, Design-Build Elevators, Stone, Waterproofing & Damp-proofing, Earthwork

**Key Subcontractor Qualifications:** Design-Build experience for: Elevators.

**Key Dates:** Request for Proposals (RFP) issued to Subcontractors – 06/24/24 via Building Connected website; Proposals Due to McCarthy Building Companies – 08/01/24.

This project requires:

- Prevailing Wages
- Contractor Controlled Insurance Program (CCIP)
- A 100% Performance and Payment Bond from an admitted surety upon award of contract for all trades.
- Community Workforce Agreement (CWA)

McCarthy is an equal opportunity employer and encourages qualified Small Business and Minority Business participation. All qualified applicants will receive consideration for employment without regard to race, religion, sex, or national origin. Please contact us if you have any questions regarding project specifics:

### Treasure Island Community Development is currently requesting bid proposals for the Chapel Project on Treasure Island.

This project has Union requirements. Please confirm if you are certified SBE and/or union.

• RFP issued - Tuesday 6/11/2024

• Pre-bid Meeting - Wednesday 6/26/2024 at 10 AM at the Chapel

• RFIs due - Friday 6/28/2024

• Bids due - Monday 7/8/2024

• NOVO Construction Contact: SuYoung Kim / Project Executive - 415.513.8909,

[skim@novconstruction.com](mailto:skim@novconstruction.com)

Scope of work includes:

RENOVATION INCLUDING NEW ARCHITECTURAL FINISHES, WINDOWS, EXTERIOR DOORS. UPGRADE MULTI-STALL

BATHROOMS AND (1) SINGLE-OCCUPANT BATHROOM TO ACCESSIBILITY STANDARDS.

NO CHANGE IN OCCUPANCY OR USE, FUTURE CAFE PROPOSED ON WEST END AS ACCESSORY.

TENANT IMPROVEMENT FOR SUCH SPACE TO BE FILED UNDER SEPARATE PERMIT PARTIAL

STRUCTURAL REINFORCEMENT ARE PROPOSED, ALONG WITH MEP UPGRADES.

VARIOUS SLOPED RAMP AND STAIRWAY ARE PROPOSED TO PROVIDE ACCESS TO BUILDING FROM PARK

# CALIFORNIA SUB-BID REQUEST ADS

Requests quotes from qualified and certified DBE/SBE Subcontractors, Service Providers, Consultants, and/or Suppliers seeking to participate on the following Project:

**BART Silicon Valley Phase II Extension Program Contract Package 2 (CP2) Tunnel and Trackwork**

**ADVERTISE DATE:** Various dates beginning May 17

**OWNER:** Valley Transportation Authority (VTA)

**CONTRACT NO.:** V20221

**PROJECT DESCRIPTION:** The Project includes a 5-mile-long tunnel, extending from the terminus south of the recently opened Berryessa/North San José Station, through downtown San José along Santa Clara St., to the planned Newhall Maintenance Facility in the City of Santa Clara.

**PROJECT LOCATION:** Santa Clara County, CA

**BID DUE DATE:** Various based on advertise date

**SUBMIT QUOTES VIA:** BuildingConnected

**POINT OF CONTACT:** [KSTJV@Kiewit.com](mailto:KSTJV@Kiewit.com)

**PROJECT WEBSITE:** [www.KSTJV.com](http://www.KSTJV.com)

KSTJV seeks Disadvantaged Business Enterprise (DBE) and Small Business Enterprise (SBE) businesses for various scopes to support Tunnel Construction. Scopes may include, and are not limited to:

Asphalt Paving, Concrete: Various Scopes, Drilling/Piling, Electrical, Erosion Control/BMP STS, Fencing, Groundwater Treatment, Grouting, Instrumentation & Monitoring (I&M), Landscaping, Lumber/Wood Supply, Mobile Buildings & Support: Office Trailers, Mobile Buildings & Support: Building Furnishings, Mobile Buildings & Support: Janitorial, On Site Services: Drug Testing, On Site Services: Security Services, Portable Toilets, Quality Control/Quality Assurance, Rebar, Retaining Walls/Slurry Walls, Rigging, Mancaiges & Workdecks, Stair Towers, Steel, Street Sweeper, Surveying, TBM Support Materials, Traffic Control & Signage / MOT Supplies, Trucking & Hauling, Tunnel Ventilation, Utilities, Welding, Wells: Depressurization/Dewatering

Non-DBE firms are encouraged to contract with a group of lower tier DBE/SBEs or individual DBE/SBEs.

Plans are available through BuildingConnected (BC). If your company is interested in bidding any of the scopes listed above, please visit [www.KSTJV.com](http://www.KSTJV.com) and fill out the Sub/Supplier List at the bottom of the page. From there, KSTJV will align the company capabilities to the bid packages. If there is a match, your company will be invited into the bid dashboard of the relevant bid package.

Subcontractors must possess & provide valid current California Contractor's License and DIR Registration numbers.

Compliance to federal requirement includes, but is not limited to:

- Clean Water State Revolving Fund (CWSRF) requirements
- American Iron and Steel (AIS) requirements
- Build America Buy America (BABA) requirements
- Davis-Bacon Act and California Prevailing Wage requirements
- Disadvantaged Business Enterprises (40 CFR Part 33) requirements

All successful bidders must comply with the Project Labor Agreement and provide proof of applicable insurance and bonding capability. Further information will be provided in the bidding documents.

If you have any questions, please contact us at [KSTJV@Kiewit.com](mailto:KSTJV@Kiewit.com)

**Owner:** City of Santa Barbara

**Project Name:** El Estero Water Resource Center Electrical Distribution Renewal Project

**Location:** Santa Barbara, CA

**Bid Date:** July 18, 2024 @ 3:00pm PST

**Request for DBE sub-quotes**

Kiewit Infrastructure West Co. ("Kiewit") is seeking quotes from qualified Disadvantaged Business Enterprises (DBE) firms, including Minority Business Enterprise (MBE), Women Business Enterprise (WBE), Small Business Enterprise (SBE), Small Business in Rural Area (SBRA), Labor Surplus Area Firm (LSAF), Historically Underutilized Business (HUB) firms; and all other business enterprises to perform as subcontractors, material contractors, and suppliers. DBES must be certified by one of the following agencies prior to bid opening: The US Environmental Protection Agency (USEPA), The Small Business Administration (SBA), California Department of Transportation (CalTrans), Tribal, State and Local governments, or an independent private certifying organization.

Kiewit is requesting quotes for various areas of work listed in, but not limited to, the scopes of work below.

Dumpster and Trash Services, Site Security, Cleaning, Manhole Materials, Asphalt Paving and Supplies, Paving Specialties, Curbs and Gutter, Fencing, Ready Mix Supply, Precast Concrete, Metals, Welding Services, Stainless Steel Pipe, Metal Deck, Metal Doors and Frames, Overhead Doors, Windows, Plaster and Gypsum Board, Flooring, Painting and Coating, Louvers and Vents, Fire Protection Specialties, Hydraulic Gates and Valves, Bolts and Gaskets, Valves, Pickling and Passivation, Fire Protection Piping, Plumbing Fixtures and Equipment, Heating, Ventilation and Air Conditioning

Firms interested in receiving a bid package for this project must contact us at the e-mail address noted. Responding firms will be issued an "Invitation to Bid" through Kiewit's electronic use of BuildingConnected system (at no cost to bidder) with project information and bid instructions. Plans and specifications will also be available for review at the address listed below if requested.

This project is funded by the Clean Water State Revolving Fund (CWSRF) and is therefore subject to the requirements for American Iron and Steel, the DBE Program requirements, and the California Davis-Bacon Labor Code.

Responsive bidders must possess a valid California Contractor's license (as appropriate), be registered with the Department of Industrial Relations (DIR) and provide acceptable insurance. Responsible subcontractors and material contractors may be required to provide bonding for 100% of their contract value. Kiewit will reimburse bond premiums. Firms performing any onsite work are required to be signatory to collective bargaining agreements with the carpenters, laborers, cement masons, ironworkers, operating engineers, and teamsters. Kiewit will consider quotes from any, and all bidders who demonstrate an ability to foster and maintain labor harmony on the Project.

Kiewit intends to conduct itself in good faith with all project participants on this project. For further information regarding this project, licensing, insurance or bonding, equipment, supplies, materials, or related assistance or services or project schedule, please contact the Lead Estimator listed below.

**Owner:** Inland Empire Utilities Agency

**Project Name:** RP-1 Solids Thickening Project No. EN22044

**Location:** Ontario, California

**Revised Bid Date:** July 25, 2024, at 2:00p.m.

**Request for DBE sub-quotes**

Kiewit Infrastructure West Co. ("Kiewit") is seeking quotes from qualified Disadvantaged Business Enterprises (DBE), including Minority Business Enterprises (MBE), Woman Business Enterprises (WBE), Small Business Enterprises (SBE), Small Business in Rural Area (SBRA), Labor Surplus Area Firms (LSAF), Historically Underutilized Business (HUB) Zone Small Businesses and all other business enterprises to perform as subcontractors, material contractors, and suppliers. DBEs must provide evidence of certification by the U.S. Environmental Protection Agency (US EPA), the Small Business Administration (SBA), the CA DOT DBE Certification Program (CUCP), Tribal, State, and Local Governments, or Independent Private Organization Certifications.

Kiewit is requesting quotes for various areas of work including but not limited to:

Aggregates, geosynthetic, asbestos and lead abatement, trucking and hauling, subsurface investigation, demolition, slope protection and erosion control, grading, subgrade and roadbed, storm water pollution prevention plan, street sweeping, ductile iron pipe, reinforced concrete pipe, plastic pipe, asphalt paving, paving specialties, curb and gutter, fencing, landscaping contractors, ready mix supply, concrete forms and accessories, concrete reinforcing installation, concrete pumping, structural concrete, precast concrete, concrete drilling and saw-cutting, concrete rehabilitation, metals, stainless steel pipe, metal deck, wood and plastic material, finish carpentry, plastic fabrication, damp proofing and waterproofing, building insulation, membrane roofing, flashing and sheet metal, sheet metal roofing, joint sealer, metal doors and frames, overhead doors, plaster and gypsum board, flooring, painting and coating, louvers and vents, exterior signage, fire protection specialties, equipment, solid waste handling equipment, water supply and treatment equipment, mixers and flocculators, chemical feed equipment, sewage and sludge pump, hoists and crane, scaffolding, crane rail, bridge crane, bolts and gaskets, hangars and support, valves, pipes and tubes, plumbing fixtures and equipment, heating, ventilating and air conditioning and electrical work

Firms interested in providing a sub-quote for this project must contact Kiewit and responding firms will be issued an "Invitation to Bid" through Kiewit's electronic use of Building Connected system (at no cost to bidder) with project information and bid instructions. Plans and specifications are also available for review at Kiewit's office.

This is a public works project and is subject to state prevailing wage rates. The Project is financed in part by federal funding sources such as the Water Infrastructure Finance and Innovation Act ("WIFIA") administered by the EPA and is therefore subject to the American Iron and Steel ("AIS") Provisions, DBE Program requirements and the Davis-Bacon Related Acts.

Responsive bidders must possess a valid California Contractor's license (as appropriate) and provide acceptable insurance. Responsible subcontractors and material contractors may be required to provide bonding for 100% of their contract value. Kiewit will reimburse bond premiums. Kiewit is signatory to collective bargaining agreements with the carpenters, laborers, cement masons, ironworkers, operating engineers and teamsters. Kiewit will consider quotes from any and all bidders who demonstrate an ability to foster and maintain labor harmony on the Project.

Kiewit intends to conduct itself in good faith with all project participants on this project. For further information regarding this project, insurance, bonding, related assistance with equipment, supplies, and materials, or the project schedule, please contact our Lead Estimator.

**Trade Packages Include:** Testing & Inspection, Demolition, Concrete Reinforcement, CIP Concrete, Terrazzo, HVAC, and Electrical.

## Latest Round of State Awards to Generate \$67.4 Million in New Investments

### Continued from page 1

jobs, and resulting in \$50.58 billion of private investment in the state.

### Bigger picture

The Golden State, which has the most equitable tax system in the entire country, is #1 in the nation for new business starts, #1 for access to venture capital funding, and the #1 state for manufacturing, high-tech, and agriculture.

Last month, Governor Newsom announced that California's travel spending reached an all-time high of \$150.4 billion last year. This comes after the state's population increased for the first time since the pandemic and the International Monetary Fund's World Economic Outlook noting that California remains the 5th largest economy in the world for the seventh consecutive year, with a nominal GDP

of nearly \$3.9 trillion in 2023 and a growth rate of 6.1% since the year prior, according to the U.S. Bureau of Economic Analysis. California's per capita GDP is the second largest among large economies.

And just last week, Fortune announced that for the first time since 2014, California is home to the most Fortune 500 companies in the country – beating out Texas, Florida, and all other

states. From tech to finance to entertainment, the state's diverse economy has 57 companies on the list, while Texas and New York are tied in second with 52 companies each.

## \$450 Million From Federal Government to Advance Construction Toward Merced and Invest in Workforce

### Continued from page 1

vices in disadvantaged communities and bringing benefits to a region facing barriers – fully consistent with the Biden-Harris Administration's Justice40 initiative.

Since the start of construction, the Authority has created more than 13,000 construction jobs,

a majority going to residents from the Central Valley. More than 70% of the jobs created go back to residents living in the Central Valley. On average, nearly 1,500 individuals are dispatched each day to a high-speed rail construction site.

“With work well underway in the Central Valley and throughout the state, high-speed will improve the health, safety, access, connectivity,

and economic vitality of our region,” said Matthew Serratto, city of Merced mayor. “We're working together with the State of California to make Merced a mobility hub in the region.”

The Authority has begun work to extend the 119 miles currently under construction to 171 miles of future electrified high-speed rail from Merced to Bakersfield. There are currently more than

25 active construction sites in the Valley, with the Authority having also fully environmentally cleared 422 miles of the high-speed rail program from the Bay Area to Los Angeles County. For the latest on high-speed rail construction, visit [www.buildhsr.com](http://www.buildhsr.com)

## NEW YORK SUB-BID REQUEST AD

### Governor Hochul Announces Progress Toward Transforming Former Syracuse Developmental Center Site Into Vibrant, Mixed-Use Development

[ Article originally appeared in [www.governor.ny.gov](http://www.governor.ny.gov) ]

Governor Kathy Hochul announced progress toward the \$100 million transformation of the former Syracuse Developmental Center into a vibrant, mixed-use development in the city of Syracuse. Demolition work has commenced at 800-2 S. Wilbur Avenue, making way for more than 250 new homes, 7.5 acres of green space, and 3,600 square feet of retail commercial space as part of the first phase of construction to redevelop the site. The project, which is receiving up to \$29 million in state funding, will help to support the statewide goals of increasing New York's housing supply with new market-rate and affordable options and establishing a regional job hub to help drive the local economy.

“With demolition underway, we are transforming the long-abandoned Syracuse Developmental Center into high quality, mixed-use, mixed-income housing that will rejuvenate this community,” Governor Hochul said. “You don't win transformative projects like Micron without building and investing, and we will continue to work with local leaders like Mayor Walsh to keep building the housing we need, keep investing in new opportunity, and keep driving toward an economy of the future.”

Syracuse Mayor Ben Walsh said, “Demolition of the former Syracuse Developmental Center is a critical step toward the long-awaited transformation of this property. The site has been a neighborhood eyesore and public safety concern for years. Getting it back on the tax roll and into productive use will be a catalyst for continued investment in Syracuse's westside. The 47-acre site is ideally suited to meet the growing need for quality mixed-income housing and high-tech manufacturing space in Syracuse. I thank Governor Hochul for making this long-awaited transformative mixed-use project a reality.”

The redevelopment of the 600,000 square-foot Syracuse Developmental Center is a multi-phase, mixed-use project that will include hundreds of new housing units, an advanced manufacturing facility with office space, vibrant new green space, and retail. Phase I of the project, which is set to begin in late 2025, will include more than 250 new units of housing, 7.5 acres of green space, and 3,600 square feet of retail space. The project will help Syracuse and the surrounding Central New York region prepare for the arrival of Micron, whose \$100 billion commitment to build a new campus in the Town of Clay will create 50,000 new jobs over the next 20 years.

State funding will support pre-development site preparation work, including the demolition and remediation of the existing structures on the site as well as infrastructure investments to expand water and sewer service lines, roads and sidewalks, tree planting, canopy and lighting throughout the site. Mohawk Valley contractor Ritter & Paratore Contracting Inc. has been selected to undertake the demolition/environmental remediation of the existing structures and grading of the site in the building demolition location.

Empire State Development President, CEO & Commissioner Hope Knight said, “The revitalization of the long-vacant Syracuse Developmental Center offers a forward-thinking opportunity to address Central New York's long-term regional priorities. Inspired by Governor Hochul's unwavering commitment to both expand the economy and enhance affordability, our investment in this project will create jobs and residential options in Syracuse and the broader community for years to come.”

New York State Homes and Community Renewal Commissioner RuthAnne Visnauskas said, “This \$29 million investment is the all-important first step to realizing the complete transforma-

**J.F. Shea Construction, Inc.**  
**BIDDING OPPORTUNITY**

**City of Valhalla, NY with the following certifying authority:**  
SBA, DOT, New York State, New Jersey, Connecticut

Inviting qualified contractors, specifically firms within **New York State** to contact J.F. Shea Construction, Inc. (Prime Contractor listed below) regarding subcontracting services and material supply opportunities in connection with the upcoming tunnel and shafts project.

The Work under this contract is in the city of Valhalla. The Work consists of:

tion of an abandoned campus into a thriving community once again. HCR looks forward to helping the city of Syracuse realize the full potential of this site, with at least 250 new homes, healthy open space, retail and job training facilities. This is a great step forward and I commend Governor Hochul's vision and the commitment of the legislature and all of the partners who are making this project possible. We are all in this together and headed for a brighter future.”

State Senator John W. Mannion said, “As a lifelong Central New Yorker who watched the companies, and the jobs leave in the seventies, eighties, and nineties – it's incredible to be a part of the revitalization we are seeing across the region. Transforming the former Syracuse Developmental Center site into a new mixed-use housing and manufacturing hub is reversing years of blight and urban decay. I commend Governor Hochul for her continued focus on the needs of Central New York and am eager to see the positive impact this development will have on our communities.”

State Senator Rachel May said, “The transformation of the Syracuse Developmental Center site is a long-awaited step to continue building on Syracuse's progress. This is a great opportunity to turn the long-neglected site into a mixed-use property, including affordable housing. With our housing crisis and the arrival of Micron, we urgently need to expand our housing options, and this project, along with others, is a step in the right direction. Thank you to Governor Hochul for her commitment to revitalizing this area for the benefit of Central New York residents.”

Assemblymember William Magnarelli said, “As a young man I actually worked on the construction of the Syracuse Developmental Center. Although it brings back memories, the demolition work is necessary and will benefit not only the west side of Syracuse but the entire City. I look forward to the completion of this project and commend Governor Hochul for her support.”

Assemblymember Pamela Hunter said, “The demolition of the former Syracuse Developmental Center marks a significant milestone in our ongoing efforts to revitalize Central New York. This \$29 million investment, spearheaded by Governor Hochul, will transform a long-vacant site into a vibrant hub of economic activity and mixed-income housing. By addressing both commercial and residential needs, this project will not only create jobs but also provide much-needed affordable housing for our growing community. I am excited to see the positive impact this development will have on Syracuse and the broader region, and I commend all involved for their commitment to making this vision a reality.”

Onondaga County Executive Ryan McMahon said, “As a growing community, it is important that we make strategic investments in both workforce development and housing. We need to have the resources available to train people for the jobs of tomorrow while also ensuring they have a place to live. The redevelopment of the Syracuse Developmental Center accomplishes all of that and more.

## SUCCESS STORIES

### Lima Charlie, Inc.

[ Article originally appeared in <https://valleysierrasbdc.com> ]

Lima Charlie Inc. is known for its quality of management that is well organized, agile, detail oriented, and focused on simplicity. These core focuses allow for consistency in providing positive client experiences focused on reducing risk and expenses. Lima Charlie navigates the government contracting processes with skill and knowledge for federal agencies and local municipalities to ensure optimal outcomes. On the private side, they are able to be involved at virtually any stage of a project, which means greater efficiency throughout the life of the project. They are currently the only business in the Central Valley that hold a GSA IT contract. The closest is Alameda or Sacramento.

Lima Charlie Inc. is an agile and fast paced business. They operate alongside larger management services to pick up the smaller jobs that fall through the cracks. They pay attention to detail and focus on project timelines, delivery, cost, and quality. Their core capabilities are janitorial, landscaping, general construction, painting, maintenance, and housing missions.

Since they were born during the pandemic, Lima Charlie is purely a remote Government Relations Service. They had to develop new methods from scratch to hire staff/contractors, organize jobs, set up meetings, and find contracts. Their documents and files are stored in the cloud, and there is no physical office. They coordinate with site managers, vendors, contractors remotely via phone and zoom. "I didn't want to be bound by an office," David said. Since the beginning, David wanted to work on the business, not just in it.

Lima Charlie is also dedicated to employing veterans, service-disabled veterans, spouses of veterans, and student veterans. As a service-disabled veteran-owned small business, David has tremendous respect for the men and women who have served our country, and he's happy to be able to provide an opportunity to them.

### Maverick Plumbing Technicians Inc.

[ Article originally appeared in [www.norcalsbdc.org](http://www.norcalsbdc.org) ]

Maverick Plumbing Technicians Inc., founded by a resilient husband and wife team, exemplifies the spirit of small business innovation and determination. Launched in August, this dynamic duo embarked on an entrepreneurial journey within the competitive plumbing industry. They achieved a significant milestone early in their venture by completing the wrap of their service van, not only marking a branding triumph but also symbolizing their commitment to professional growth and visibility in the community.

The inspiration for Maverick Plumbing Technicians stemmed from a desire to create a legacy of quality, reliability, and service excellence in the plumbing sector. Fueled by a passion for craftsmanship and an entrepreneurial spirit, founders Jorge and Aracele envisioned a business that would not only meet the immediate needs of their customers but also establish new standards of customer care and innovation within the industry.

However, like many small businesses, Maverick Plumbing Technicians faced challenges, particularly in financial planning, marketing strategy development, and operational management.

With the guidance of SBDC advisors like Keith Holtaway and Molly O'Kane, the company navigated through these obstacles. From securing financing to implementing effective marketing strategies and streamlining operations with tools like QuickBooks and Google Ads, their commitment to learning and adaptation led to the successful recoupment of their initial investment and enabled both founders to draw compensation from their business.
