

Investing in America GSA Administrator Announces \$80 Million For Smart Building Technologies

[Article originally appeared in www.gsa.gov]

At RealComm, a major gathering of real estate technology leaders in Tampa, the Administrator of the U.S. General Services Administration (GSA) announced plans to invest \$80 million from the Inflation Reduction Act (IRA), the largest climate investment in U.S. history, into smart building technologies that will help reduce emissions, increase efficiency and reduce costs, and enhance comfort across an estimated 560 federal buildings. The investments, impacting 49 states, the Commonwealth of Puerto Rico, U.S. Virgin Islands, and Washington, DC, will also help create jobs and accelerate progress toward achieving net-zero emissions in the federal building portfolio by 2045, and other goals of President Biden’s Federal Sustainability Plan.

“These smart investments through President Biden’s Investing in America agenda will drive down energy costs for taxpayers while making buildings more sustainable in the long-term,” said GSA Administrator Robin Carnahan. “Through the Inflation Reduction Act, GSA is going to make our building op-

erations better, faster, and cheaper - all while creating good-paying jobs in communities.”

GSA intends to enhance operations through granular controls, expand available reporting with more advanced metering sources, and optimize the operator experience through this IRA investment, including:

- **Improve comfort level and building occupant experience in more than 70 federal buildings by installing Smart Sensors.** GSA will measure indoor air and environmental quality, carbon dioxide levels and other conditions to adjust building operations based on real-time data.
- **Make it easier for GSA to manage operations with real-time data through a new Unified User Interface for more than 150 federal buildings.** This will consolidate information currently residing in separate applications to improve the work environment through more direct access to data about equipment operation, energy usage, and sustainability performance.
- **Implement ‘best in class HVAC controls’ (based on ASHRAE Guideline 36) for approximately 15 buildings.** This investment will reduce energy usage, greenhouse gas emissions, and utility costs while increasing comfort for building occupants.
- **Optimize federal building operations and energy use by installing approximately 1,000 new meters to measure electricity, water, and gas performance.** These meters allow GSA to monitor the operations of the building, identify inefficiencies and take immediate steps to resolve them.

CALIFORNIA ECONOMY

Bay Area residents among hardest working, report says

Four Bay area cities are the hardest-working in America, according to a new study from CoworkingCafe

Sunnyvale, San Francisco, Santa Clara and San Jose ranked in the top 20 cities where a strong work culture fuels economic progress, according to the report.

Study methodology went beyond work hours, employment and unemployment rates. The report also looks at the nuances of employment

across different age groups by also factoring in the idle population. For a more comprehensive analysis, it grouped these metrics into three categories: work, productivity and efficiency.

“Sunnyvale shined as a beacon of productivity to capture the third spot in our ranking with almost 76 total points. Silicon Valley’s effect on the local economy is undeniable with the \$195 per hour of value created per worker based on the GDP of the San Jose-Sunnyvale-Santa Clara, Calif., metro area. This pushed

Sunnyvale and San Jose to third and 17th places in our ranking, respectively. However, the data also showed that the area’s economic momentum was also matched by Sunnyvale’s outstanding adoption of remote work as one in four residents works from home — a clear sign of a mindset that prioritizes efficiency.

Speaking of efficiency, Sunnyvale was one of the prime examples of working smart: Most of its contributions to the area’s prosperity are being carried by a highly active, working-age population with an employment rate of more than 81% in the 25 to 64 age bracket. Granted, on the two extremes, it was more moderate, ranking in the middle of the field when it came to the younger and older workforces. That suggests a strong focus on higher education and an above-average financial stability among retirees. Otherwise, in terms of its idle population and unemployment trends, Sunnyvale is at the low end of the list with rates of 16.5% and 4.1%, respectively.”

“San Francisco certainly one hard-working city. But, more important, the metropolitan area’s impressive \$147 of value created by each worker every hour also placed it among the most productive. The city also boasted a robust employment landscape — particularly among its young workers — with a striking 54% employment rate among those aged 16 to 24. Likewise, with more than 23% working from home and an idle workforce of less than 16%, San Francisco also excelled when it came to work flexibility and efficiency.”

“The second Silicon Valley hub on our list, Santa Clara shared the top spot on the productivity chart with its neighboring cities of Sunnyvale and San Jose. Here, the metropolitan area’s staggering \$195 hourly value created per worker was just one factor that propelled Santa Clara into the top 10.

BUSINESS TOOLKIT

Purpose of Estimation: 10 Ways it Helps

[Article originally appeared in Autodesk Construction Cloud Blog. <https://construction.autodesk.com>]

By Jeff Gerardi

A project can only come to fruition when the necessary materials and labor are assembled. These things, however, cost money. This is where cost estimation comes in. Cost estimation helps you determine your project's budget, schedule the necessary work, and manage new resources. Cost estimates are also crucial when it comes to winning new business.

Property owners also use cost estimates to assess the feasibility of their projects before embarking on actual construction. This article will give an in-depth overview of the purpose of cost estimation in construction.

Why estimation accuracy is more important than ever

The margins for projects are small, and competition has risen. The accuracy of an estimate has never been more important to identify the exact cost and time to complete a project so you can make an educated decision if a project is right for your business or not. There is tremendous risk if you are awarded a project without knowing an accurate cost.

1. Increased understanding of costs

Cost estimation aims to give project stakeholders accurate information concerning the related project costs. It is easier to make last-minute decisions if there is information to back them up. Cost estimation also gives clients value-aided options and helps clients minimize expenses.

People often confuse the term 'estimate' and 'quote.' A quote denotes the exact price the client will pay for a product or service. On acceptance, the service provider is contractually bound to complete the work at that price. On the other hand, an estimate is not contractually binding as the prices change with the project's progress. A cost estimate is divided into direct costs and indirect costs.

Direct costs

Direct costs refer to specific product, department, or project costs. They are the costs immediately linked with a project's construction. Such prices include labor and materials. These costs are also variable and fluctuate depending on market conditions. Below are some of the direct costs in cost estimation.

Material and equipment costs

These are the materials and equipment costs necessary for a project's success. The costs vary depending on market conditions. Cost estimators also look at historical data and use it to predict expected buying prices.

Labor costs

This refers to the cost of team members working on the project regarding time and wages. It also includes overtime, labor burden, worker compensation, and employee insurance.

Indirect costs

Unlike direct costs, indirect costs are not directly linked to the construction work. They can be either variable or fixed costs. They include transport, administrative, and building temporary structures, permits, design, and legal fees. Overhead costs that cannot be directly charged in a specific project but are necessary to support overall project activities are also grouped as direct costs.

Other costs are capital costs and operation and maintenance costs. Capital costs are the overall construction costs necessary to establish a facility. Operation and maintenance costs are a more significant concern to the owner than the contractor. These are the costs needed for the proper functioning of a building during its lifetime.

Other essential terms in estimation are:

- **Contingencies:** Even the most accurate estimates have unforeseeable circumstances, such as material wastage. Cost assessments have a predetermined sum to cover contingencies.
- **Profits:** Of course, the contractor adds a margin to the construction costs for profits.
- **Escalation:** It is vital to account for inflation in long-running projects. Some project clauses have clauses for handling inflation.

2. For funding requirements

It is common in the construction industry for contractors not to receive payment up to three months after construction kicks off. Even with these delayed payments, contractors need to ensure the timely progress of projects by having adequate funding to run them. Most clients also operate their projects on loans. The client and contractor are, therefore, sometimes forced to look for funding elsewhere. Loan financiers ask for construction cost estimates and use them as a criterion for whether they should issue loans or not.

WORKFORCE DEVELOPMENT

SelectPartnership USA Expanded

New International Markets, Increasing Quality Jobs and Apprenticeships through FDI

[Article originally appeared in www.commerce.gov]

The U.S. Department of Commerce announced a market expansion of SelectTalentUSA, a joint initiative across the U.S. Departments of Commerce, Labor, and Education providing technical assistance to foreign businesses to deliver recruitment and training programs for their U.S. workforce. Now SelectTalentUSA will include clients from Japan, South Korea, and Taiwan, to better serve the need of their semiconductor and supply chain firms and other companies seeking to establish or expand U.S. operations.

Launched in May 2023, SelectTalentUSA was first piloted in Austria, German, Liechtenstein, and Swiss markets, with the recent addition of, and with a focus on Registered Apprenticeships to increase cooperation and information exchange.

SelectTalentUSA helps foreign investor companies build local and state partnerships, adapt their talent-development approaches to the United States, and harness America's comparative advantage – its diverse and skilled workforce. The Departments of Commerce, Labor, and Education along with over 20 other departments comprise the SelectUSA-led Interagency Investment Working Group (IIWG) to increase coordination and provide guidance and information related to specific and broad-reaching issues that affect business investment decisions.

SelectTalentUSA will leverage the IIWG to connect foreign investors to the resources and experts to establish quality training, education, and programs. During the pilot year, SelectUSA and the Departments of Labor and Education conducted outreach to companies focusing on Registered Apprenticeships (RA) with several developing programs. This outreach has resulted in companies either signing, or close to signing, RA standards with the Department of Labor to start new U.S. training programs.

SelectTalentUSA supports efforts to promote foreign direct investment that creates good-paying jobs in America. These investments are essential to the Biden-Harris Administration's work in creating an equitable economy for workers and families and revitalizing communities that have been overlooked or left behind. This initiative also provides information and connections to foreign investors to help them successfully navigate the American workforce. The program's expansion allows for more investor companies in varying markets to access the American workforce, create a skilled, talent

CALIFORNIA SUB-BID REQUEST ADS

Sub-Bids Requested from qualified DBE Subcontractors and Suppliers for:

RP-1 SOLIDS THICKENING PROJECT
PROJECT NO: EN22044
Owner: Inland Empire Utilities Agency
Location: Ontario, CA

Revised Bid Date: July 25, 2024 @ 2:00 P.M.

667 Brea Canyon Road, Suite 30 • Walnut, CA 91789
Phone: (909) 595-4397, Fax: (909) 444-4268
Contact: Lori Olivas, lori.olivas@jfshea.com

J.F. Shea Construction, Inc. is soliciting your participation in the preparation of this bid. We are particularly interested in bids from subcontractors/suppliers for the following work items: **Aggregates, Demolition, Controlled Low Strength Material, Erosion Control, AC Paving, Ready-Mix Concrete, Reinforcing Steel, Masonry, Structural Steel, Metal Roof Decking, Miscellaneous Metals, Architectural Woodwork, FRP Fabrications, Insulation, Roofing, Joint Sealants, Aluminum Flush Doors, Floor Access Doors, Overhead Coiling Doors, Skylight System, Glazing, Metal Framing & Drywall, Ceramic Tiling, Acoustic Panel Ceilings, Resilient Base, Resilient Tile Flooring, Painting & Coatings, Signage, Toilet Accessories, Fire Protection Specialties, Stainless Steel Lab Cabinets, Pre-Engineered Fiberglass Shelters, Fire Suppression, HVAC, Electrical & Instrumentation, Equipment, Monorail System, and Monorail Hoists.**

Plans and Specifications: Email your request to: elizabeth.pettus@jfshea.com. Plans may also be viewed at our Walnut Office. J.F. Shea Construction, Inc. is an equal opportunity employer and intends to negotiate in good faith with interested DBE firms and intends to utilize the lowest responsive bidder. J.F. Shea expects potential subcontractors to be bondable. J.F. Shea will pay for up to 1% for subcontractor bond costs. Subcontractors and Suppliers are expected to bid per plans and specifications, including requirements for warranties. Standard manufacturer's warranties, if not in conformance with owner's specifications, will not be accepted.

PROJECT: TERMINAL 1 APRON REHABILITATION for Ontario International Airport
CONTRACT # 202310020
OWNER: ONTARIO INTERNATIONAL AIRPORT – DBE GOAL 13%
BID DATE: JULY 9, 2024 BID TIME: 2:00 PM **RESPOND BY 5:00 p.m., JULY 8, 2024**

Coffman Specialties, Inc. (CSI) is requesting quotes from all qualified subcontractors and suppliers for the following items of work, including but not limited to:

- AIRFIELD SAFETY AND TRAFFIC CONTROL
- SIGNAGE / BARRICADES
- CQCP / QUALITY CONTROL
- DEMOLITION / EXCAVATION
- ASPHALT SUPPLY
- AC / PCC REMOVAL
- AC MILLING
- SAW CUTTING
- FLAGGING
- SECURITY GUARDS/ GATE GUARDS
- PAVEMENT MARKING / STRIPING
- AGGREGATE SUPPLY / AGGREGATE BASE
- SPALL REPAIR
- SWPPP HAULING
- PAVEMENT MILLING
- PAVEMENT COATING/FOG SEAL
- AC PAVING
- EQUIPMENT RENTALS

Coffman Specialties, Inc. is signatory to all unions. Quotations must be valid for the same duration as specified by the Owner for contract award. Firms must possess insurance per the requirements set forth in the prime contract documents. Waiver of Subrogation will be required. 100% Payment & Performance Bonds will be required, and we will pay up to 1.5% of the cost of the bond. We will provide assistance and advice with obtaining bonds, insurance, credit, equipment, materials and supplies.

*****Subcontractors must provide a current contractor's license number with their quote.*****

Plans and specs are available at no cost to interested firms. Contact our office via e-mail: estimating@coffmanspecialties.com, phone: (858) 536-3100, or visit our San Diego office.

We are an EOE & seriously intend to negotiate with qualified firms.

**Please send quotes via email to estimating@coffmanspecialties.com or via fax to (858) 586-0164. If you have any questions or for further information, contact Marty Keane at (858) 536-3100.

Is requesting quotes from certified and qualified DBE (MBE, WBE, SBE, SBRA, LSAF, HUB Zone) and Subcontractors, Suppliers, and Service Providers for the following (but not limited to) work:

SUBS/SERVICE PROVIDERS

Archeology, Construction Engineering & Inspection Services, Construction Project & Document Control, Computer-Aided Design & Drafting (CADD), Environmental Consultant, Geotechnical Engineering, Land Surveyor, Public Relations, Regulatory Environmental, Scheduling, Structural Engineering, Utility Locate & Potholing

HI-DESERT WATER DISTRICT REQUEST FOR PROPOSALS TO PROVIDE PROGRESSIVE DESIGN-BUILD SERVICES FOR THE PHASE II WASTEWATER COLLECTION SYSTEM PROJECT

YUCCA VALLEY, CA

Proposal Submittal Date: July 3, 2024 at 1:00 p.m.

All Quotes Due Prior

Sukut Construction, LLC
4010 W. Chandler Avenue, Santa Ana, CA 92704
Contact: Lawrence Damore

Phone: (714) 540-5351 • Fax: (714) 545-2003 • Email: estimating@sukut.com

Plans/specs are available for viewing at our office by appointment, by Sukut FTP, or from Owner. Subcontractors must be prepared to furnish 100% performance and payment bonds and possess current insurance and workers' comp coverage. Sukut will assist qualified subcontractors in obtaining bonds, insurance, and/or lines of credit. Subcontractors/Vendors will be required to sign Sukut's Standard Subcontract/Purchase Order. Copies are available for examination. Please contact Lawrence Damore at Sukut Construction for assistance in responding to this solicitation.

Sukut Construction's listing of a Subcontractor in its bid to the agency is not to be construed as an acceptance of all the Subcontractor's conditions or exceptions included with Subcontractor's price quotes. Quotations must be valid for the same duration as specified by Owner for contract award.

Sukut Construction, LLC • An Equal Opportunity Employer

W.A. RASIC CONSTRUCTION
 GENERAL ENGINEERING CONTRACTOR

W.A. Rasic Construction is preparing a bid for the following project as a prime contractor and we are interested in receiving subcontractor quotations for items of work or materials required below from interested Disadvantaged Business Enterprise (DBE), Minority Business Enterprise (MBE), Women Business Enterprise (WBE), Small Business Enterprise (SBE), Small Business in Rural Area (SBRA), Labor Surplus Area Firm (LSAF), and a Historically Underutilized Business (HUB) Zone Small Business Concern or a concern under a Successor Program.

Hi Desert Water District
Progressive Design-Build Services
Phase II Wastewater Collection System Project
Bid Date: July 3, 2024 @ 1:00 PM
Outreach: DBE/ MBE/WBE
Senior Estimator: Ben Sebat (562) 928-6111
Email: BSebat@WARasic.com

W.A. Rasic is requesting bids for the following trades and/or material supplies:

Drafting Services, Community Liaison, Construction Engineering Services, Environmental Consulting Services, Geotechnical Services, Inspection Services, Schedule, Structural Engineering, Survey, Utility Potholing, Testing Services

Plans & Specifications are available at no cost to interested firms by either contacting

W.A. Rasic Construction or the Hi-Desert Water District, or by utilizing the following Dropbox link:
https://www.dropbox.com/scl/fi/xb2f18rn00p529bcxqvuz/HDWD_Phase_II_PDB_RFP_20240523.pdf?rlkey=6zn1k38n8hfps44eb233npup4&st=zxbdy1e0&dl=0

W.A. Rasic intends to seriously negotiate with qualified firms and will assist in obtaining bonds, lines of credit, insurance, equipment, supplies and materials upon request. W.A. Rasic will consider all DBE, MBE, WBE, SBE, SBRA, LSAF, HUD quotes, including those that are broken down into economically feasible tasks or quantities as well as arrange delivery schedules to facilitate and encourage maximum bidding participation. W.A. Rasic also encourages a consortium of DBE, MBE, WBE, SBE, SBRA, LSAF, HUD firms when a contract portion is too large to handle individually. Subcontractors must have a valid California Contractors License and must be registered with the Department of Industrial Relations (DIR) as required by Section 1725.5 of the Public Contract Code. Subcontractors will be required to execute W.A. Rasic's standard subcontract agreement and general insurance requirements. A copy of our subcontract agreement and insurance requirements are available in electronic format upon request. W.A. Rasic reserves the right to require each subcontractor to provide payment and performance bonds in the amount of 100% of the subcontractor's bid. Bond Premium will be reimbursed up to a cost not to exceed 1.5%. W.A. Rasic is an equal opportunity employer and Union signatory Contractor.

W.A. RASIC CONSTRUCTION
 GENERAL ENGINEERING CONTRACTOR

W.A. Rasic Construction is preparing a bid for the following project as a prime contractor and we are interested in receiving subcontractor quotations for items of work or materials required below from interested Disadvantaged Business Enterprise (DBE), Minority Business Enterprise (MBE), and Women Business Enterprise (WBE)

CALIFORNIA SUB-BID REQUEST ADS

INVITATION TO BID
CSULB Hillside North Student Housing
 1250 North Bellflower Boulevard, Long Beach, CA 90840, USA

DUE DATE BID/PREQUALIFICATIONS:
 Bidding documents will be published via BuildingConnected June 17th 2024.

PROJECT INFORMATION AND DESCRIPTION:
 CSULB Hillside North Student Housing. Also known as CSULB La Playa is a new development of a student housing project for the CSULB. The proposed new construction is composed of 5-story high building, type 1-B, Fully sprinklered with 424-bed student housing units and total building area of 107,483 SF. The building is divided into 3 clusters (A, B and C) that are considered as one building since they are connected with bridges. The existing site consists of an approximate 111,900 SF landscaped area that includes grass, trees, and underground utilities.

OUTREACH GOALS: DVBE and SBE
 Outreach Requirements: 6% DVBE and 25% SBE. 5% bid preference for DGS certified subs, and for committing to meet these requirements with lower tier subs, vendors, suppliers, up to \$50,000.

Skanska-Coffman, a Joint Venture

Subcontractor/Supplier Bids/Proposals Requested

Skanska-Coffman, a Joint Venture is interested in soliciting in Good Faith all subcontractors and suppliers as well as CUCP certified DBE subcontractors and suppliers related to the scopes of work below for the:

I-15 Corridor Freight & Express Lanes Project – Contract 1
Owner: San Bernardino County Transportation Authority (SBCTA)
IFB No. 23-1003032, 24% DBE Goal
**** New *** Bid Due Date: July 16, 2024 - 2:00 PM**
(Quotes not received by 7/16/24 may not be reviewed/evaluated)

SBCTA online portal at: <https://vendors.planetbids.com/portal/20136/bo/bo-detail/116081#>
 Plans & Specs - Skanska-Coffman Plan Room: https://bit.ly/SCJV_I-15ExpressLnsPlanRoom
 The plans and specifications for this project may only be obtained by signing the "SSI Document Release Form" included in the solicitation as Attachment D.
 Please email bids.socal@skanska.com to request the SSI form.
 Please submit your bids to Estimating: bids.socal@skanska.com

General Work Description: The project proposes to construct express lanes with price-managed/tolled facilities for both directions of I-15 (Ontario Freeway) from approximately 0.3 miles south of Cantu-Galleano Ranch Road to approximately Baseline Road/Avenue, encompassing the cities of Eastvale, Jurupa Valley, Ontario, Rancho Cucamonga, and Fontana. **Requested scopes include, but are not limited to the following and should be based on the Contract and its amendments:** Construction area signs, Traffic Control systems, Type II Barricade, Asbestos Compliance Plan, Clearing and Grubbing, Roadway excavation, Structure excavation, Rock Blanket, Landscape and Irrigation, Hydroseed, Asphalt Paving, Concrete Grinding, Concrete Paving, Steel Casing, CIDH Piling, Concrete Barrier, Approach Slabs, Structural Concrete, Minor Concrete, Curb and Gutter, Joint seal, Reinforcing Steel, Structural Shotcrete, Roadside Signs, Overhead Signs, Masonry Walls, Retaining Walls, Ground Monitoring, Bridge Removal, Bridge Monitoring, RCP, Drain Outlet, Box Culverts, Geocomposite Drain, Corrugated Steel Pipe, Rock Slope Protection, Miscellaneous Metals, Steel, PC/PS Bridge Girders, Ground Anchors, Driven Pile, Prestressing, Polyester Bridge Deck Treatment, Chain Link Fence, Guard Railing, Pavement Markings, Striping, Rumble Strip, Electrical Systems, Ramp Metering Systems, Street Sweeping, Trucking, Construction Materials Supply, dowel baskets supply, and Petroleum, Oil Supply.

Requirements: Skanska-Coffman JV (SCJV) is an Equal Opportunity Employer and is requesting quotes from all qualified subcontractors and suppliers. SCJV will assist qualified subcontractors and suppliers in obtaining bonding, lines of credit, insurance, necessary equipment, materials and/or supplies. To assist DBE subcontractors and suppliers, we will divide total requirements into smaller packages, tasks or quantities and establish delivery and construction schedules which will permit maximum participation when feasible. If you are a DBE Company, please provide your certification letter with your proposal. If you are a non-DBE, please indicate all lower-tier participation in your quotation as it will be evaluated with your price. Subcontracting Requirements: SCJV's insurance requirements are Commercial General Liability (GL): \$1M ea. occ., \$1M personal injury, \$2M products and completed operations agg. and general agg.; \$1M Auto Liability; \$5M Excess/Umbrella and \$1M Workers Comp. Endorsements and waivers required are the Additional Insured End., Primary Wording End., and a Waiver of Subrogation (GL & WC). Other insurance requirements may be necessary per the scope or RFP requirement. Subcontractors may be required to furnish performance and payment bonds in the full amount of their subcontract by an admitted surety and subject to approval by SCJV. Quotations must be valid for the same duration as specified by the Owner for contract award. Conditions or exceptions in Subcontractor's quote are expressly rejected unless accepted in writing. SCJV is signatory to the Operating Engineers, Laborers, Cement Masons, and Carpenters Unions. Subcontractors must provide weekly, one original and one copy of all certified payrolls, including non-performance and fringe benefit statements if required by law or by the Prime Contract. If you need DBE support services and assistance in obtaining bonding, lines of credit, insurance, necessary equipment, materials and/or supplies or related assistance or services, for this project call the Estimator at (925) 829-9220, or contact your local Small Business Development Center Network (<http://californiasbdc.org>) or contact the California Southwest Transportation Resource Center (www.transportation.gov/osdbu/SBTRCs). DGC is willing to breakout portions of work to increase the expectation of meeting the DBE goal.

At our discretion, 100% Payment and 100% Performance bonds may be required as a subcontract condition. This will be a PREVAILING WAGE JOB. DGC is an Equal Opportunity/Affirmative Action Employer.

McCarthy Building Companies

515 S. Flower St | Ste. 3600 | Los Angeles, CA 90071 | 213-655-1100 | License #411173

Subcontractor Solicitation of Interest

Kenneth Hahn Hall of Administration – Base Isolation Seismic Retrofit
 Los Angeles, CA

McCarthy Building Companies, Inc., working as the Construction Manager at Risk in conjunction with the Department of Public Works for Los Angeles County, is soliciting interest from qualified subcontractors to participate in the bidding for award phase of the project.

Project description: The Hall of Administration Base Isolation Seismic retrofit project consists of the installation of seismic isolators under the foundation of the existing building. Hydraulic jacks and temporary load-bearing shoring will be installed in phases to support and transfer the gravity loads from the existing columns/walls to new support foundations. Seismic strengthening of the superstructure using new concrete shear walls is required at select interior locations. These interior locations will require demolition and reconstruction. Select restrooms will receive ADA upgrades and elevators are to be modernized. A moat gap will be constructed around the building perimeter using earth-retention walls. Shoring and earthwork operations will require demolition and reconstruction of the existing site around the building. Underground utilities will be modified or replaced. This project will be performed at an active site where the building is occupied during typical work hours. Provisions of various sorts will be accommodated so as not to disrupt the occupants of the building.

Project Location: 500 West Temple Street, Los Angeles, CA 90012

Work categories include: Surveying; Final Clean; Security Services; Scaffolding; Hoists & Cranes; Reinforcing Steel; Shotcrete; Exterior Ceramic Paneling; Masonry (CMU); Fiber Reinforced Polymer (FRP); Metal Decking; Finish Carpentry & Casework; Roofing; Insulation; Sheet Metal Flashings; Expansion Control/ Moat Covers; Pneumatic railings, Doors/Frames/Hardware; Window Restoration; Interior Glazing; Elevator Smoke Containment Doors; Fireproofing; Drywall & Framing (Rough Carpentry); Ceramic Tile; Acoustical Ceilings; Resilient Flooring & Carpet; Painting & Wallcoverings; Wall Protection; Signage (Site/Bldg.); Fire Extinguishers/Cabinets; Toilet Partitions & Accessories; Storage Shelving; Window Treatment; Concrete Piles/Tension Piles; Asphalt Concrete Paving; Site Concrete; Fences & Gates; Landscaping & Irrigation; Site Furnishings.

Best Value Selection for: Demolition and Abatement, Structural Steel and Metal Fabrications, Design-Build Elevators, Stone; Waterproofing & Damp-proofing, Earthwork

Key Subcontractor Qualifications: Design-Build experience for: Elevators.

Key Dates: Request for Proposals (RFP) issued to Subcontractors – 06/24/24 via Building Connected website; Proposals Due to McCarthy Building Companies – 08/01/24.

This project requires:

- Prevailing Wages
- Contractor Controlled Insurance Program (CCIP)
- A 100% Performance and Payment Bond from an admitted surety upon award of contract for all trades.
- Community Workforce Agreement (CWA)

McCarthy is an equal opportunity employer and encourages qualified Small Business and Minority Business participation. All qualified applicants will receive consideration for employment without regard to race, religion, sex, or national origin. Please contact us if you have any questions regarding project specifics:

OWNERS AND STUDENT MEMBERS FREE

SPONSORSHIPS AVAILABLE

PROGRAM SUMMARY

A constructability review is not simply a review of whether or not something can be constructed. While that may be one aspect of the review, it is important to delve deeper into how the finished product will be used and what it may look like in the future (i.e., 5, 10, 15 years, etc.). For example, can a minor change create a substantial amount of additional "good" seats in a theatre; is this tree going to damage the buildings foundation in ten years; or do I have the ability to service or expand essential building services in the future? In this seminar, via actual examples, we will explore what it takes to provide a thorough constructability review, the cost/benefit of such a review, and shed light on additional perspectives that attendees may have not previously considered.

\$80 million for smart building technologies

Continued from page 1

“GSA is paving the way for a brighter, more sustainable future for our federal footprint and commercial facilities across the United States,” said Elliot Doomes, GSA Commissioner for Public Buildings Service. “These advanced systems will provide granular data that will reshape how our federal buildings are operated, maintained, analyzed and experienced.”
