

San Francisco Bay Oakland International Airport project approved for federal funding

[Article originally appeared in www.oaklandairport.com]

Federal Aviation Administration's grant allotted for OAK's taxiway modernization

The San Francisco Bay Oakland International Airport (OAK) will receive a \$14.6 million grant for the rehabilitation of one of the airport's critical taxiways. The grant is part of a federal program administered by the Biden-Harris administration to improve airport facilities around the country.

The grant was awarded by the U.S. Department of Transportation Federal Aviation Administration (FAA). A total of \$374 million is being approved for 299 airports in 46 states, and American Samoa.

"We are grateful to the Biden-Harris administration for this essential funding and to Congresswoman Barbara Lee for her leadership and steadfast support of our airport," said Port of Oakland Director of Aviation Craig Simon. "It is crucial that we not only maintain but improve our airport infrastructure to ensure that it's safe, resilient, and efficient."

Congresswoman Barbara Lee led a delegation of congressional representatives in support for the funds coming to OAK. The Port thanked Congresswoman Lee for her leadership and support, and delegation members Rep. John Garamendi, Rep. Eric Swalwell, and Rep. Mark DeSaulnier who joined in advocacy for the funds.

"It is vital to the East Bay region that we continue our commitment to modernize critical aviation infrastructure," said Oakland Congresswoman Barbara Lee. "I am very pleased to see this federal funding coming to OAK that will deliver benefits to the region through construction jobs and improved infrastructure. I am thankful for the Administration for their ongoing support."

The Port of Oakland owns and operates OAK and is committed to on-going infrastructure improvements while at the same time focusing on its goal of reaching zero-emissions operations.

Find more information about the federal Airport Improvement Program here - <https://www.faa.gov/airports/aip>

About San Francisco Bay Oakland International Airport

Oakland International is the main airport for the greater East Bay, the most populated area in the metropolitan San Francisco Bay area. It is the closest airport to most Bay Area employers. By roadway and BART air-rail, OAK enables excellent access to all of the region's business, entertainment and tourism venues. The vision of San Francisco Bay Oakland International Airport is to be the airport of choice for San Francisco Bay Area residents

and visitors alike. OAK is operated by the Port of Oakland, which also oversees the Oakland seaport and 20 miles of East Bay waterfront. Together with its business partners, the Port supports more than 98,000 jobs in the region with more than a \$174 billion economic impact.

Updates about current departure and arrival information, airport maps, and details about on-airport parking, shopping and dining and more, can be found at www.oaklandairport.com.

Adopting AI to Assist Your Construction Workforce, Not Replace Them

[Article originally appeared in www.constructionexec.com]

By Mateo Zimmermann

Between typically low profit margins and an ongoing labor shortage, the construction industry's need to streamline operations and cut costs is critical. New technologies like artificial intelligence present a promising start, but construction companies have been historically slow in embracing digital transformation. In a study of 22 industries, McKinsey and Company previously ranked the construction industry as second to last when it comes to readiness for digitization. To that end, further research found that 80% of construction companies possess only a beginner's knowledge of data science and therefore an astonishing 90% of data goes unused.

The construction is experiencing higher costs, longer project timelines and an inability to keep up with soaring demand. Technology can help the industry overcome these barriers and access

its myriad benefits, such as improved efficiency, profitability and sustainability.

AI TO ASSIST, NOT TAKE OVER

The predictive capabilities of AI can be particularly useful for avoiding costly errors and delays throughout the construction process. During a project's pre-design phase, AI can ingest different forms of data such as market data and financial data to identify unforeseen risks or potential cost overruns of a proposed design. Resolving these issues early on can prevent onsite surprises that break budgets and exceed projected timelines.

Likewise, AI can analyze data from previous construction projects and identify which stages and components contributed to the most inefficiencies or unplanned expenses. This allows companies to understand and manage the risks and improve the efficiency of future projects while creating more accurate and financially feasible plans and designs.

Another way AI can make construction more efficient is by automating slow and manual tasks, such as monitoring concrete resistance. AI-based sensors can generate information in real time and suggest smart actions based on the data. Though a human being would need to check these AI-generated suggestions to verify their accuracy, this type of AI technology can help improve supply-chain woes, monitor construction progress and improve coordination.

By streamlining the different phases of a construction project, AI facilitates faster and more accurate decision-making. Companies can operate with more agility and certainty and put their designs into action in shorter time frames. It's not as if AI is building the actual structure itself; the technology is merely generating the information workers need to do their jobs at a faster rate and with improved confidence.

OBSTACLES TO AI ADOPTION

Despite AI's many applications in construction, the technology's mass adoption is currently be-

ing halted by numerous obstacles, such as the layered and complex nature of industry relationships. A typical construction project involves multiple companies, specialists and supply-chain parties working together. This means that a new system or process usually cannot be introduced unless all parties are on board.

Also, as a traditionally analog industry, construction companies may be resistant to deviating from historical standards in favor of something cutting-edge. Though manual processes and paper-based systems are time-consuming and error-prone, they are still often viewed as familiar and manageable, in contrast to new technologies which might take more time to learn and integrate.

BID DATE: 9/3/24 @ 2 PM

BID DOCUMENTS:

All documents on BuildingConnected.
Contact estimating@cahill-sf.com for invite/info.

Steve Bubalo Construction Co. is preparing to bid for the following project as a prime contractor and is interested in receiving subcontractor quotations for items of work or materials required below from qualified and interested Disadvantaged Business Enterprise (DBE).

City of Inglewood
Water Main Replacement Phase 5 Project
Bid No. CB-24-12

Revised Bid Date: August 14, 2024 @ 11:30 am
Lead Estimator: Noel Moore (626) 574-7570 x 1105
Email: nmoore@stevebubalo.com

Steve Bubalo Construction Co. is an equal opportunity employer and a Union signatory contractor. We have identified portions of the project to be performed by subcontractors and are requesting bids for the following:

Asphalt Concrete Paving Materials, 1.5" AC Grind & Overlay Paving, Slurry Seal 1 Placement, Pavement Markings and Striping, Traffic Loop Install, Saw Cutting, Furnish Ductile Iron Pipe, fittings and appurtenances, Furnish Sand materials, Trucking, Land Survey.

NAICS: 237310, 238910, 561990, 332996, 212321, 484110, 541370

Plans & specifications are available for review Monday through Friday, 9:00 am to 3:30 pm, at no cost at our office located at 128 E. Live Oak Ave., Monrovia, CA 91016, and also through a requestable documents link. Please email: mhernandez@stevebubalo.com.

Steve Bubalo Construction Co. is willing to assist DBE subcontractors in obtaining bonds, lines of credit, and/or insurance. Subcontractors must have a valid California Contractor's License and must be registered with the Department of Industrial Relations (DIR). Subcontractors will be required to adhere to Steve Bubalo Construction Co.'s subcontract agreement and meet general insurance requirements.

If you are interested in participating in this project, please contact the Lead Estimator above.

PLANT

TO ALL POTENTIAL DBE SUBCONTRACTORS

Plant Construction Company, L.P. is requesting budgets from qualified subs that are certified as DBE's (Disadvantaged Business Enterprises) for the following project. All DBE's must certify with the CUCP (California United Certification Program) in order to qualify as a DBE on this project.

Crane Cove Park Playgrounds & Dog Park
Plant Project Number: 2024101
Owner: Port of San Francisco
Architect: Telamon Engineering Consultants

Project Description: Demolition of existing site features/structures and installation of new landscape improvements to Crane Cove Park. The three components are a natural play area (Riggers Yard), Play area and Dog Park.

The work includes cast-in-place concrete and finishing, anti-graffiti and protective coatings, signage, playground equipment, site furnishings, domestic water piping, electrical, earthwork site demolition and dewatering, synthetic turf system, chain link fencing, decorative metal fences and gates, site carpentry, irrigation and planting and storm drainage utilities.

Plant is seeking qualified subs for the following trade packages, but not limited to the following:

Site Concrete, Anti-Graffiti & Protective Coatings, Signage, Plumbing, Earthwork, Athletic & Recreational Surfacing, Synthetic Turf, Site Furnishings & Playground Equipment, Chain Link & Decorative Metal Fencing & Gates, Site Carpentry, Landscaping & Irrigation, Site Carpentry, and Storm Drainage Utilities.

Link to the Bid Documents:

Bid documents are on building connected. Please send an email or call Richard Mak below for an invitation.
Bids are due 8/14 at 12PM.

To be added to our Subcontractor List for this and other project opportunities subcontractors are requested to contact Plant Construction Company, L.P.'s Workforce Development & LBE Liaison:

Richard Mak at (415) 550-5952 or by email at Richardm@plantco.com

Plant Construction Company, L.P. is an equal opportunity employer.

Steve Bubalo Construction Co. Steve Bubalo Construction Co. is preparing to bid for the following project as a prime contractor and is interested in receiving subcontractor quotations for items of work or materials required below from qualified and interested Disadvantaged Business Enterprise (DBE), Minority Business Enterprise (MBE), Women Business Enterprise (WBE) and Small Business Enterprises (SBE).

Santa Clarita Valley Water Agency
Los Angeles Residental Community (LARC) Ranch Water Pipeline and Onsite Pump Station Project
Bid No. 2400036

Bid Date: August 16, 2024 @ 02:00 pm
Lead Estimator: Noel Moore (626) 574-7570 x 1105
Email: nmoore@stevebubalo.com

Steve Bubalo Construction Co. is an equal opportunity employer and a Union signatory contractor. We have identified portions of the project to be performed by subcontractors and are requesting bids for the following:

Asphalt Concrete Paving Materials, Saw Cutting, Furnish Ductile Iron Pipe, fittings and appurtenances, Furnish Sand materials, Trucking, Land Survey, Electrical Work and Instrumentation, Traffic Control, Pump Station Install Work, Soils and Compaction Testing.

NAICS: 237310, 238910, 561990, 332996, 212321, 484110, 541370, 238210.

Plans & specifications are available for review Monday through Friday, 9:00 am to 3:30 pm, at no cost at our office located at 128 E. Live Oak Ave., Monrovia, CA 91016, and through a requestable documents link. Please email: mhernandez@stevebubalo.com.

Subcontractors must have a valid California Contractor's License and must be registered with the Department of Industrial Relations (DIR). When economically feasible, we will divide total contract requirements into small portions or quantities to permit maximum participation of DBEs. Subcontractors will be required to adhere to Steve Bubalo Construction Co.'s subcontract agreement and meet general insurance requirements.

If you are interested in participating in this project, please contact the Lead Estimator above.

James E. Roberts-Obayashi Corporation is seeking proposals from all interested subcontractors and suppliers for the:

Legacy Court Townhomes
Project Location: **Richmond CA (several addresses, see plans)**

Bid Date: August 26th at 2:00pm

Start Date: October 2024 (Duration 13 months)

This project includes 43 residential townhomes (rentals).

The work performed on this project is subject to Prevailing Wages, State & Federal contracting and Section 3 requirements.

MBE/WBE/DVBE/LGBT owned businesses are encouraged to bid

REYES CONSTRUCTION, INC.
CONSTRUCTION WITHOUT COMPROMISE

Bid Request from Certified DBE Subcontractor and Suppliers

Project Name: Heritage Road Bridge Replacement & Main Street
CIP No. STM386 & STM388
Owner: City of Chula Vista
Estimated Project Value: \$48-53.5M
DBE Goal: 21%

Subcontractors: Dewatering, Contaminant Survey, Landscaping, Temp Sound Barrier, Fencing/Guardrail, Traffic Control, Minor Concrete, Minor Concrete Structures, Prestressed Concrete, CIDH Piles, Reinforcing Steel, Retaining Walls, Architectural Treatment, Demolition, Trucking, Asphalt Paving, Asphalt Dikes, Cold Milling, Electrical, Clear & Grub, Sawcutting, Hydroseed/Hydromulch, Signage & Striping Chlorination, Shoring, Cathodic Protection,

Suppliers: Ready Mix Concrete, Dowels, Joint Seal, Aggregates, Geogrid, Geotextiles, Misc. Metals, Softstop Terminal 8" Block, RCP, Concrete Lug, Modular Wetland System, BMP Materials, Traffic Control Materials, Shoring, Cement Mortar Lined pipe, Polyurethane Coated pipes, Valves, Waterworks, Pipe Supports.

Project Scope:

The Project intel's removal of existing bridge over Otay River and replacement with a new 454-ft long, 130-ft wide bridge providing six-lane prime lane geometry including a raised median, dual northbound left-turn lanes, buffered bike lanes, vehicular barriers rated M.A.S.H. TL-3, six-foot wide sidewalks, roadway lighting, and pedestrian railings. Three-span variable depth haunched concrete box girder design supported by high seat abutments over 36-inch cast in drilled hole (CIDH) piles featuring wing walls and 78-inch CIDH piles. The new bridge, wing walls, grading, rock slope protection, a portion of the drainage system, and headwall outfall adjacent to rock slope protection. Heritage Road will be realigned, widened to provide six-lane prime geometry, and repaved matching the new bridge. The scope of work consists of roadway, bicycle, ADA pedestrian, drainage, water quality, landscape, and irrigation improvements. Guardrails and M.A.S.H. rated end terminals will be installed on bridge approaches. Traffic improvements along Heritage Road include roadway markings featuring buffered bike lanes, roadway signage, street lighting, signalization of the intersection at Entertainment Circle North, a signal modification at Main Street, and signal interconnect.

REVISED BID DATE: September 04, 2024, at 2PM (PST)

EVENTS

PROGRAMS COMMITTEE PRESENTS:

IN PERSON EVENT

**TRANSFORMING
TRANSPORTATION:
THE INFRASTRUCTURE OF
TOMORROW'S INLAND EMPIRE**

**WEDNESDAY
AUGUST 14, 2024
7:30 - 9:30 AM**

7:30 - BREAKFAST
8:00 - PROGRAM

\$100 - CMAA MEMBERS
\$140 - NON-MEMBERS

SPONSORSHIPS AVAILABLE

DOUBLETREE ONTARIO AIRPORT
222 N. VINEYARD AVE, ONTARIO

PROGRAM SUMMARY

The San Bernardino County Transportation Authority (SBCTA) and the Riverside County Transportation Commission (RCTC) are driving transformative changes in the Inland Empire through comprehensive infrastructure upgrades. SBCTA's projects, such as the Interstate 10 Express Lanes and Redlands Passenger Rail, aim to enhance regional mobility and reduce congestion. Meanwhile, RCTC's initiatives, including the expansion of the 91 Freeway and Metrolink service improvements, focus on boosting connectivity and supporting sustainable growth across Riverside County. Join us for this panel discussion and to learn about upcoming projects and opportunities.

**Request for DBEs Subcontractors and Suppliers for
Project: Amador Street Infrastructure Improvements
Contract No: 2852**

Bid Date: Thursday, August 15, 2024 • Bid Time: 10:00 AM

The work is to perform infrastructure improvements to replace gravity sewer and storm drains, roadway pavement, landscape, the existing defunct Amador Street sanitary pump station, associated discharge force main pipe, fittings and appurtenances that end at Amador Street utility corridor, and all related and incidental work. The new sanitary pump station shall be equipped with automated, redundant instrument controls with provisions for future system expansion.

Seeking all trades (but not limited to): Structural Steel, Reinforcing Steel, Landscaping, Earthwork, Paving, Concrete (contractor & supplier), Traffic Control, and other required work and trades.

Plans, specifications, and requirements can be viewed at our office or by using the link below.

<https://sfport.com/business/contract-opportunities/contract-no-2852-amador-street-infrastructure-improvements>

Please review all documents. By submitting a proposal your company agrees to Anvil Builders Inc standard subcontract. For assistance with bonding, lines of credit, insurance, or anything else regarding bidding on this project, contact Anvil Builders via phone or email.

Will you be bidding this project? Please email or fax your response to
estimating@anvilbuilders.com / 415-285-5005.

**REQUEST FOR CERTIFIED SBE/DBE SUBCONTRACTORS & SUPPLIERS
US 101 & SR 25 Phase 1 Improvements Project
Santa Clara Valley Transportation Authority (VTA), San Jose, CA
Contract No. C24121**

Bid Date: August 16th, 2024 @ 2 PM EE \$85M to \$94M 16% SBE/DBE Goal

Quotes not received by noon on August 15th may not be reviewed or evaluated.

The Contract is subject to VTA's Small Business Enterprise (SBE) Program. Work consists of furnishing all labor, materials, tools, equipment, services, supervision, and incidentals necessary to construct improvements for the US 101/SR 25 Interchange - Phase 1 Project (Project) south of the City of Gilroy in southern Santa Clara County. The Project includes the following key elements:

- Construct a new SR 25 overcrossing above US 101, just north of the existing SR 25 overcrossing, and demolish the existing SR 25 overcrossing structure.
- Construct new US 101/SR 25 Interchange on-and off-ramps and demolish the existing southbound US 101 off-ramp structure to SR 25.
- Construct a slightly realigned portion of northbound US 101 at the SR 25 overcrossing.
- Construct SR 25 starting at the new overcrossing structure and conform with the existing alignment just west of the UPRR crossing.
- Construct a Class I bike path adjacent to the US 101 Southbound off-ramp between Castro Valley Road and SR 25.
- Construct new traffic signals at the US 101 ramp termini with SR 25.
- Construct bridge structures, retaining walls, barriers, overhead signs, drainage, lighting, traffic monitoring, ramp metering, and other roadway features.
- Construct an irrigation system and perform 1-year Plant Establishment Period.
- Remove access to southbound US 101 at both Castro Valley Road and Mesa Road.
- Remove and modify access to several properties and construct new local roadway or driveway connections.

Bid Form 4 will be required from all SBE/DBE Firms. Bid Form 5 will be required from all listed Subs.

Non-DBE/SBE Subs & Suppliers: You will be expected to carry a proportionate percentage of 2nd-tier SBE/DBE participation with your quote. 2nd-tier SBE/DBE participation will be evaluated with your price.

Flatiron requests DBE/SBE subcontractor, supplier & services participation for the following items of work, but not limited to: Construction Area Signs, Clearing & Grubbing, Demolition, Shoring & Excavation, Glazing, Street Sweeping, Carpentry & Drywall, Fencing/Gates, Metal Railing, Ladders & Stair Nosing, Landscaping/Irrigation, Electrical & Street Lighting, Traffic Control, Station Canopies & Sheet Metal, Elevators, Post Tensioning, Plumbing, F&I Mechanical/HVAC Equipment, Roofing, Traffic Signals, Utilities, Water & Sewer Line Construction, Surveying, Erosion Control, Precast Piles, CIDH, Operated equipment, Ready Mix Concrete, Rebar, Concrete Pumping, Striping & Markings, Roadway Signage including Station and Track Signs, Signal & Communication Systems, MSE Material, VTA Track & Rail, including Tie-in, VTA Systems, Walkway/Combined Trough, Duct Banks, OCS, TES, PTFE/Bridge Bearings and Pads, Joint Seal Assembly, Grading, AC Paving, AC Dike, Asphalt Crack Sealing, Minor Concrete, Curb/Gutter and Sidewalk, Underground & Drainage, Misc. Construction Material Supplies, QC Testing & Laboratory, SWPP Plan & Materials, Geotextile Materials, Trucking & Water Trucking, Supply & Erect Structural Steel, Painting/Concrete Staining, Welding, Asphalt Membrane Waterproofing, Steel Pipe Pile, Welded Steel Pipe, Underground Pipe for Storm & Sewer, Underground Precast, Misc. Metals, Iron & Steel, Formliner, Sheet Pile Installation, Dewatering, Ballast (VTA), Tire Shred Vibration Damping Layer, Vibration Mitigation/Monitoring, Noise Mitigation/Monitoring.

100% performance/payment bonds will be required for the full amount of the subcontract price. Please contact Flatiron for any assistance to this solicitation, including obtaining bonding, insurance, equipment, materials and/or supplies. Provide subcontractor/supplier scopes/quotes as early as possible to enable estimators to perform a thorough evaluation of all quotes received. Quotes will be broken down into comparable packages as reasonably necessary to facilitate participation. Quotes must be valid for the same duration as specified by the Owner for Contract Award. We are signatory to Operating Engineers, Laborers, Cement Masons, Carpenters and Pile Drivers Unions. Non-signatory subs will be required to sign an agreement for trades covered under our union agreements. Flatiron intends to work cooperatively with subcontractors and suppliers for all bid items you are licensed and qualified to perform. Bid items can be split to facilitate participation from all certified firms. Flatiron will reimburse for bond premium up to 2%. **Firms must possess & provide current contractor's license number & DIR Registration number on the quote.** Firms must possess insurance and workers compensation coverage meeting project requirements. Waiver of Subrogation is required. Please contact Flatiron for any assistance required by your firm. Subcontractors/Suppliers will be required to execute our standard agreements and agree to the standard general terms & conditions. Copies are available for review on our Box.com ftp site upon email request.

Project documents are available for **FREE** download at the VTA's eProcurement website <https://secure.procorenow.com/portal/vta> To download documents for this solicitation, Register as a vendor and sign up for notifications for your North American Industry Classification System ("NAICS") business codes at <https://secure.procorenow.com/signup> Please check your email inbox and follow the instructions to activate your account. There is no charge for downloading these documents. Click on the name of the solicitation that you are interested in.

Project documents may also be viewed in our office by appointment only, or downloaded for **FREE** from our iSqFt invitation link. Docs are also available on our BOX ftp site. Please send an email request to NorCalBids@flatironcorp.com to view/access plans & specs for **FREE** from Flatiron BOX ftp site, or to set-up an appointment to view and meet with an estimator.

Please send all quotes by email to NorCalBids@flatironcorp.com or to our BID FAX at 707-746-1603.

We are an Equal Opportunity Employer

**Owner: Los Angeles County Sanitation Districts
Project Name: Gardena Pumping Plant Facility Replacement
Location: Gardena, CA
Bid Date: September 10, 2024 @ 3:00pm PST**

Request for DBE sub-quotes

Kiewit Infrastructure West Co. ("Kiewit") is seeking quotes from qualified Disadvantaged Business Enterprises (DBE) firms, including Minority Business Enterprise (MBE), Women Business Enterprise (WBE), Small Business Enterprise (SBE), Disabled Veterans Business Enterprises (DVBE) firms; and all other business enterprises to perform as subcontractors, material contractors, and suppliers. DBES must be certified by one of the following agencies prior to bid opening: The US Environmental Protection Agency (USEPA), The Small Business Administration (SBA), California Department of Transportation (CalTrans), Tribal, State and Local governments, or an independent private certifying organization.

Kiewit is requesting quotes for various areas of work listed in, but not limited to, the scopes of work below.

Land surveying, dumpster and trash services, traffic control/MOT, aggregate, utility material, trucking and hauling, material landfill, demolition, shoring and underpinning, piles and caissons, street sweeping, asphalt paving, curb and gutter, fencing, ready mix supply, concrete pumping, precast concrete, masonry work, metals, metal deck, damp proofing, membrane roofing, flashing and sheet metal, sheet metal roofing, metal doors and frames, overhead door, windows, plaster and gypsum board, flooring, painting and coating, identification devices, cathodic protection, bolts and gaskets, hangers and support, valves, fire protection piping, HVAC, and fiberglass reinforced plastic pipe.

Firms interested in receiving a bid package for this project must contact us at the e-mail address noted. Responding firms will be issued an "Invitation to Bid" through Kiewit's electronic use of BuildingConnected system (at no cost to bidder) with project information and bid instructions. Plans and specifications will also be available for review at the address listed below if requested.

This project is public work and is therefore subject to the requirements for American Iron and Steel, the DBE Program requirements, and the California Davis-Bacon Labor Code.

Responsive bidders must possess a valid California Contractor's license (as appropriate), be registered with the Department of Industrial Relations (DIR) and provide acceptable insurance. Responsible subcontractors and material contractors may be required to provide bonding for 100% of their contract value. Kiewit will reimburse bond premiums. Firms performing any onsite work are required to be signatory to collective bargaining agreements with the carpenters, laborers, cement masons, ironworkers, operating engineers, and teamsters. Kiewit will consider quotes from any, and all bidders who demonstrate an ability to foster and maintain labor harmony on the Project.

Kiewit intends to conduct itself in good faith with all project participants on this project. For further information regarding this project, licensing, insurance or bonding, equipment, supplies, materials, or related assistance or services or project schedule, please contact the Lead Estimator listed below.

Kiewit Infrastructure West Co.
10704 Shoemaker Avenue, Santa Fe Springs, CA 90670
Telephone Number: 562-946-1816 • Fax Number: 562-946-3823

Plans and specs are available to review at our Berkeley office or can be sent out via Building Connected. Plans are also available under the Advertised Projects tab at the Caltrans website at: <http://ppmoe.dot.ca.gov/des/oe/contract-awards-services.html>. PDF format quotes should be emailed to the estimator or faxed to 510-526-0990 prior to 12:00 PM on the date of the bid. Quotes from DBE Subcontractors, Suppliers and Truckers are highly encouraged. OCJ is willing to breakout any portion of work to encourage DBE participation. Subcontractors must possess a current DIR, Contractors License, and insurance and workers compensation coverage including waiver of subrogation. OCJ may require Performance and Payment bonds on subcontracts. OCJ will pay the bond premium up to 2% of the contract value. Please contact OCJ for any assistance required by your firm in obtaining bonding or insurance. The US Small Business Administration may also assist you in obtaining bonding - please see the following site for information: <http://www.sba.gov/content/contractors>. Visit the California Access to Capital Program Financing Solutions website for additional resources for your small business - http://www.calbizfinance.org/cal_cert_biz_program.html. OCJ is available to help obtain necessary equipment, material and/or supplies. All subcontractors are required to execute OC Jones' standard subcontract agreement, comply with all insurance requirements, and name OCJ as additional insured. Copies of our agreement and insurance requirements are available upon request. OCJ is a Union contractor, and we are signatory to the Operating Engineers, Laborers, Teamsters, and Carpenters. OCJ is an Equal Opportunity Employer.

PUBLIC LEGAL NOTICE ADVERTISEMENTS

GOLDEN GATE BRIDGE HIGHWAY & TRANSPORTATION DISTRICT

NOTICE TO CONTRACTORS

The Golden Gate Bridge, Highway and Transportation District (District) is soliciting bids from qualified firms for **Contract No. 2024-F-010, San Francisco Ferry Terminal West and East Berth Ramp Rehabilitation**. Bids must be uploaded to the District's Procurement Portal: <https://ggbhtd.bonfirehub.com> by August 27, 2024, at 2:00 p.m., Pacific Time, at which time bids will be publicly opened and read online.

Hard copy submissions will NOT be accepted. Hard copies received will be returned (unopened) to Bidders without consideration.

The bid opening will be conducted online only, and the District will be utilizing Microsoft Teams to conduct the meeting. Below is the Microsoft Teams Meeting information for Bidders who wish to participate in the bid opening. If you have not used Microsoft Teams before, please refer to the link: Join a Meeting in Teams prior to the meeting to ensure that you are able to join without technical difficulties. On the date and time of the meeting, press Ctrl+Click on the hyperlink, "Join Bid Opening." This meeting is specifically for the bid opening relative to the above Contract. Bidders may also call the telephone number and enter the Conference ID number provided below. Join the meeting now

This public works Project consists of, in general, rehabilitating the San Francisco Ferry Terminal existing west and east berth ramps. At the west berth, the work includes refurbishing the existing hydraulic systems including refurbishing the existing hydraulic cylinders, removing and replacing existing hydraulic lines, removing and replacing existing electrical and control systems, removing and replacing existing hydraulic equipment such as pumps, valves, manifolds, and tanks, and testing and commissioning the new hydraulic systems. At the east berth, the work includes disconnecting the existing steel ramp from the termi-

nal and transporting it to an offsite facility to perform structural steel repairs as well as refurbishing the hydraulic system. The structural steel repairs include repairing cracked elements, strengthening the ramp and sandblasting and coating the steel elements, transporting and reinstalling the ramp, and performing all testing and commissioning to ensure the ramp function. Concrete repairs at the east berth are also included, all other work required to

complete the Project titled San Francisco Ferry Terminal West and East Berth Ramp Rehabilitation, as shown on the Contract Plans and as specified in the Contract Documents.

A pre-bid conference will be held on **August 7, 2024, at 10:00 a.m., Pacific Time**, at the Golden Gate Bridge Toll Plaza Administration Building, 1 Toll Plaza, San Francisco, CA, 94129-9000. A job site tour will be conducted immediately after the conference. While attendance at this conference and the job site tour is not mandatory, the District highly recommends you attend. Parties interested in attending either the pre-bid conference or the bid opening shall notify the District 24 hours prior to attending either event by contacting dmoore@goldengate.org.

Bidders bidding as the prime contractor shall possess a valid State of California Class A, General Engineering Contractor's License, with a minimum experience of one (1) similar projects with public agencies in the past five (5) years at the time of bid submittal. All subcontractors, if any, shall be properly licensed by the State of California to perform specialized trades and shall have a minimum experience of one (1) similar projects with public agencies in the past five (5) years at the time of bid submittal. Bidder shall submit satisfactory qualifications and experience listed above in bidding documents. Pursuant to Public Contract Code Section 4104, each Bid Proposal must include the name and location of the place of business of each subcontractor who shall perform work or service, or install work for the prime contractor in excess of one-half of one percent (1/2 of 1%) of the bid price, using Attachment E, List of Subcontractors, included with the Bid Documents.

Bids must be accompanied by a deposit either in the form of cash, a certified or cashier's check, or Bidder's Bond, as described in the Contract Documents, which shall be applied to damages sustained by the District if the successful Bidder fails or refuses to enter into a contract awarded to it.

Bids shall be submitted on the District's Proposal Forms, including all attachments, and plainly marked with Bidder's name, and contract name and number.

The District reserves the right to reject any and all bids or to waive any irregularities or informalities in any bid or in the bidding procedure. No Bidder may withdraw its bid for a period of ninety (90) days after the date of opening bids. Within two (2) working days of bid opening, a summary of Bidders' quotes will be available at the District's Procurement Portal website.

To review the bid results, go to the District's Procurement Portal website: <https://ggbhtd.bonfirehub.com>

and look for Contract No. 2024-F-010. Each Bidder will be notified of award, if award is made.

The successful Bidder shall furnish a Performance Bond and a Payment Bond in amounts equal to one hundred percent (100%) of the total price of the Contract. District will retain five percent (5%) from each invoice/billing statement submitted in connection with the Contract. Pursuant to Public Contract Code Section 22300, the successful Bidder may submit certain securities in lieu of the District withholding funds from progress payments (retention) during the Project.

The District hereby notifies all Bidders that it is the policy of the District to ensure nondiscrimination on the basis of race, color, national origin, or sex in the award and administration of contracts.

Bidders are strongly encouraged to obtain Disadvantaged and Small Business Enterprise (DBE/SBE) participation on this Project. **DISADVANTAGED BUSINESS ENTERPRISES (DBEs) ARE, BY DEFINITION, CONSIDERED TO BE SBEs, AND ARE COVERED BY THE REFERENCES TO SBEs IN THIS DOCUMENT.** In order to achieve such participation, the District has developed procedures to remove barriers to DBE participation in the bidding and award process and to assist DBEs to develop and compete successfully outside of the DBE Program. These procedures include the establishment of a SBE Element of the District's Diversity Program for Contracts. The District has evaluated subcontracting opportunities for this Contract and determined that such opportunities exist and has established an SBE goal of 11.4%. Bidders must meet the contract-specific SBE goal or demonstrate good faith efforts to do so. Bidders are encouraged to attend the pre-bid meeting to better understand the applicable DBE/SBE requirements. For DBE/SBE assistance, contact Artemisé Davenport, Manager, DBE and Workforce Inclusion, at (415) 257-4581.

Contractor and all lower-tier subcontractors and suppliers performing covered work shall be required to submit certified payroll and labor compliance documentation to the District electronically using LCP Tracker software.

In accordance with Section 1720 et seq. of the Labor Code, the general prevailing wage rates, as established by the Director of the California Department of Industrial Relations, will apply to this Contract. Information about prevailing wage rates for this Project is set forth in the Special Provisions. The prevailing wage rates established by the California Department of Industrial Relations are available at <http://www.dir.ca.gov/DLSR/PWD>. Hard copies can be viewed at the District's Engineering Office or requested by mail, addressed to: Prevailing Wage Unit, Division of Labor Statistics and Research, Department of Industrial Relations, P.O. Box 420603, San Francisco, CA 94142.

Should the general prevailing wage rates not specify a wage determination for a particular craft classification or type of worker, attention is directed to 8 C.C.R. 16202(b) regarding petitioning the Director of the California Department of Industrial Relations for a special wage determination. The District has made no request for such determination, as the District does not know the specific craft classifications or type of workers intended by Contractor for this Project.

Contractor and subcontractors must be registered with the California Department of Industrial Relations pursuant to Labor Code Section 1725.5. This Contract is subject to monitoring and enforcement by the DIR pursuant to Labor Code Section 1771.4. The Contractor must post job site notices, as prescribed by regulation. The Contractor shall furnish the records specified in Labor Code Section 1776 directly to the Labor Commissioner, monthly in a format prescribed by the Labor Commissioner.

Bidders' attention is directed to the requirements of the California Division of Occupational Safety and Health (Cal/OSHA).

Bid documents are available at no charge on the District's Procurement Portal at <https://ggbhtd.bonfirehub.com>. In order to download and respond to posted solicitations, Bidders are required to register on the District's Procurement Portal. Once registered the documents may be downloaded. Click on the "Open Public Opportunities" page, click View Opportunity next to the desired project.

Any revision to the Bid Documents will be made by a written addendum and be available on the District's Procurement Portal for download at no charge. Such addendum will become a part of the Bid Documents and be binding on all Bidders. Bidder's receipt of the addendum shall be acknowledged and so noted by each Bidder in the space provided on the Proposal Form. It is the responsibility of Bidder to check the District's Procurement Portal website for any Addenda that may be issued relative to this Contract.

Questions regarding technical information and clarifications shall be submitted in the District's Procurement Portal by clicking on the Opportunity Q & A tab of the message section of the project page. Such submissions shall be sent no later than eight calendar days before bid opening. Note that only written clarifications issued by the District are binding on the District. The District will post all pre-bid questions and the District's responses on the District's Procurement Portal website under Reference Number 2024-F-010. Bidders are encouraged to check the procurement portal website regularly.

John R. Eberle P.E., District Engineer

PUBLIC LEGAL NOTICE ADVERTISEMENTS

OAKLAND UNIFIED SCHOOL DISTRICT DEPARTMENT OF FACILITIES PLANNING AND MANAGEMENT

INVITATION TO BID

Various Sites Elevator

Wheelchair Repairs & Maintenance

Contract No. 24147

1. Notice is hereby given that the governing board ("Board") of the Oakland Unified School District ("District" or "Owner") will receive sealed bids for the following contract:

Various Sites Elevator Wheelchair Repairs & Maintenance Services ("Contract")

to be performed at the following District site(s):

- Various sites – District-Wide

2. Sealed Bids will be received until **2:00 PM on 21st day, August 2024, at the District Office, located at 955 High Street, Oakland, CA 94601, at the Receptionist's desk**, at or after which time the bids will be opened and publicly read aloud. Any claim by a bidder of error in its bid must be made in compliance with section 5100 et seq. of the Public Contract Code. Any bid that is submitted after this time shall be non-responsive and returned to the bidder.

3. The Contract consists of:

To provide the labor and materials for emergency

callback service, equipment repairs, and to assist with State compliance for elevators and wheelchair lifts located at various District schools and facilities on an as-needed basis. Dispatch a qualified elevator service mechanic to troubleshoot and repair the elevator or lift in order to place it back into service. Have a 24 hour dispatch available for service, entrapments for District Rep to call for emergencies priority of 1 hour response. If the elevator or lift has not been serviced within the prior six (6) months, the mechanic will examine and lubricate the components. If a hydraulic elevator, the mechanic will check the reservoir tank for unaccounted fluid loss; any unaccounted fluid loss will be reported to the District. If the elevator is equipped with Fire Service, the mechanic will test the fire service and log it. The District callback log, fluid-loss log, and fire service test logs will be filled out as needed.

4. **Contract Estimate:** The District estimates the not-to-exceed amount of the Contract at **FIVE HUNDRED THOUSAND DOLLARS NO/100 (\$500,000.00)** for duration of the entire Contract. The estimated amount is determined by the services performed in last year's scope of work.

5. The Project Manager for this Contract is John Esposito, who can be reached at 510-535-7049 or email: john.esposito@ousd.org. Bidders can obtain a complete set of contract documents from the OSD's website.

6. The full version of Contract & Bid Documents can be uploaded by clicking on the link provided:

<https://www.ousd.org/facilities-planning-management/opportunities/contract-opportunities/bids>

7. All bids shall be on the form provided by the District. Each bid must conform and be responsive to all pertinent Contract Documents, including, but not limited to, the Instructions to Bidders.

8. To bid on this Contract, the Bidder is required to possess the following State of California Contractor Licenses:

o C11- Elevator Installation – Contractors' License

The Bidder's license(s) must be active and in good standing at the time of the bid opening and must remain so throughout the term of the Contract.

9. **Prevailing Wages.** Pursuant to sections 1770 et seq. of the California Labor Code, Bidder and all Subcontractors under the Bidder shall pay all workers on all work performed pursuant to the Contract not less than the general prevailing rate of per diem wages and the general prevailing rate for holiday and overtime work as determined by the Director of the State of California Department of Industrial Relations (DIR) for the type of work performed and the locality in which the work is to be performed within the boundaries of the District. Copies of the general prevailing rates of per diem wages for each craft, classification, or type of worker

needed to execute the Contract, as determined by the DIR are available from the District or on the internet (<http://www.dir.ca.gov>).

10. Contractor Registration. Bidder shall ensure that Bidder and its Subcontractors comply with the registration and compliance monitoring provisions of Labor Code section 1771.4, including furnishing its CPRs to the Labor Commissioner, and are registered pursuant to Labor Code section 1725.5. Labor Code section 1771.1(a) states the following:

"A contractor or subcontractor shall not be qualified to bid on, be listed in a bid proposal, subject to the requirements of Section 4104 of the Public Contract Code, or engage in the performance of any contract for public work, as defined in this chapter, unless currently registered and qualified to perform public work pursuant to Section 1725.5. It is not a violation of this section for an unregistered contractor to submit a bid that is authorized by Section 7029.1 of the Business and Professions Code or by Section 10164 or 20103.5 of the Public Contract Code, provided the contractor is registered to perform public work pursuant to Section 1725.5 at the time the contract is awarded."

A full copy of the bid form must be submitted at time of Bid Opening, 21st day, Aug, 2024, @ 2:00 p.m. A copy must be downloaded with this link:

The Rosendin Foundation Inspires Future Builders with Nationwide Construction Camp

TRF Camp Build addresses skilled worker shortage with second year of free construction camps for middle schoolers

[Article originally appeared in <https://constructioncitizen.com>]

By Construction Citizen

The Rosendin Foundation, the charitable arm of Rosendin, one of the largest electrical contractors in the United States, is addressing the nationwide construction workforce shortage with a free construction camp designed to ignite a passion for building and craftsmanship among young students. The camp allows middle schoolers to explore their interest in the skilled trades through hands-on activities such as soldering and lamp building. This summer's camp season concluded after hosting events in Charlotte, Anaheim, Phoenix, Sherman, and Austin from May to July, with 107 graduates selected from more than 300 applicants.

"The camp is not only about teaching construction skills but also changing industry perceptions and showing kids that construction can be a rewarding and well-respected career," says Jolsna Thomas, President of The Rosendin Foundation. "Seeing the students' joy and confidence as they learned each day was powerful, and we're thankful to help invest in the next generation of construction professionals."

The construction industry will need to attract an estimated 501,000 additional workers on top of the normal pace of hiring in 2024 to meet the current demand for labor.

"TRF Camp Build teaches my son life lessons and how to use tools," said Viviana Villavicencio, a camper parent. "My son has enjoyed every day. Each day he shares what he learned and is excited to come back."

"I love that the leaders of TRF Camp Build trusted us and worked WITH us instead of talking TO us," said Aneesa Chaudhry, a returning camper.

During the camp, participants gained hands-on experience with heavy equipment operation, roofing, and other essen-

tial construction skills such as concrete and rebar work and soldering. They also built dog houses and bookshelves, which were donated to local charities.

The success of TRF Camp Build was made possible by the generous support from sponsors and in-kind donors who provided essential resources and expertise. Top sponsors included Rosendin, MPS, Milwaukee Tool, DEWALT, United Rentals, Border States, Graybar, and Sherwin Williams, which donated the funds, tools used by the campers,

and build supplies contributing significantly to the program's success.

"Through Camp Build, The Rosendin Foundation does an exceptional job of introducing students to the diverse range of careers within the construction industry," said Gabe Flore from the Austin Electrical Training Alliance. "It effectively imparts fundamental skills that tradespeople utilize daily across the country."

The Rosendin Foundation's TRF Camp Build is committed to building and empowering future generations by providing them with the tools and knowledge to succeed in construction. Applications will open for the 2025 camps on January 1st, and the application deadline is March 31st. For additional information about The Rosendin Foundation and its initiatives, please visit www.therosendinfoundation.org.

About The Rosendin Foundation:

Formed in 2020, The Rosendin Foundation is a 501(c)(3) charitable corporation serving as the charitable arm of Rosendin Holdings, where all charitable giving is centralized or guided. This includes Rosendin Electric, Inc. (Rosendin) and Modular Power Solutions (MPS). Although the corporation is based in San Jose, California, the Foundation provides funding to non-profit organizations across the United States. For more information, visit www.therosendinfoundation.org.
