

Delivering Results in 2024 for the City of Los Angeles

[Article originally appeared in <https://mayor.lacity.gov>]

Tens of Thousands More City Services To Improve L.A. Delivered This Year than 2023 and 2022

Metro Averages More Than One Million Daily Metro Boardings For First Time Since Pandemic

More Parks and Playgrounds Open in L.A. and Hundreds of Solar Street Lights Installed

Mayor Karen Bass this morning was joined by City sanitation workers in Koreatown to announce millions of city services were provided in this year following actions to make City government more efficient and more responsive to Angelenos ahead of the 2026 World Cup and 2028 Olympic and Paralympic Games. High-lights include:

- Tens of thousands more city services delivered this year than 2023 and 2022
- Metro ridership has increased every single month the Mayor has served in office
- Record crossing guard deployment, 250 speed humps, 450 School Slow Zones, and more than 180 quick build intersection improvements installed near schools in the city
- More than 200 solar street lights installed in the Valley, along the L.A. River and in other neighborhoods throughout L.A.

This week and next, in the run up to her second anniversary in office on December 12, Mayor Bass is crisscrossing the city to highlight how her administration has made change and delivered results to reduce homelessness and homicides, create jobs, support businesses, combat climate change, and better deliver city services.

“We are working to improve City services as we continue urgent preparations to host world events,” said **Mayor Bass**. “By focusing on and improving

processes, the City delivered more services to Angelenos this year than the last two years and our Metro system is seeing continued record ridership while we open new playgrounds and parks to benefit Angelenos for decades to come. We are making Los Angeles more livable, and that urgent action will continue into the new year.”

Cleaning Up Los Angeles and Preparing To Host The World: Mayor Bass has been working to improve the way the City of Los Angeles

serves Angelenos by prioritizing filling critical roles and maximizing resources to deliver services to all Angelenos.

- Since Mayor Bass took office, City Departments have completed millions of 311 service requests.
- This year alone, the City of Los Angeles handled tens of thousands more requests

The Transformative Power of AI in Construction

[Article originally appeared in www.constructionexec.com]

By Kris Lengieza

As an industry, construction is at a crossroads. Generational shifts in the labor market, changing risk profiles, dynamic build environments and increasing project complexity mean that companies are under immense pressure to get the best out of their most valuable asset—their people.

Technology is a key lever that construction executives can pull to drive growth and maximize their workforce’s potential in today’s evolving landscape. At the forefront of this tech revolu-

tion is artificial intelligence, a game-changing technology that has the potential to reshape the way construction projects are planned, executed and managed. With implications reaching every corner of the industry, from design and planning to project management and safety, AI is an ongoing reality for our industry to take advantage of.

Several types of AI are increasingly used in construction. First, there’s machine learning, which is typically used to predict project outcomes, helping to foresee potential issues and optimize planning. Then, there is robotics, which generally involves augmenting field tasks that would otherwise take significantly more time and ef-

fort, enhancing efficiency and precision.

Computer vision is another key technology, with a lot of focus on progress tracking, providing real-time updates and insights on the project’s status. Natural language processing is often used to extract contract details or summarize reports, making it easier to handle large volumes of textual data. Lastly, generative AI, the newest addition, can generate monthly summaries from daily logs or create schedules from specifications, highlighting its potential to streamline various cumbersome tasks.

AI ROADMAP: A JOURNEY THAT NEEDS TO START WITH DATA

As organizations consider how to utilize AI effectively, the first question to ask is about the availability of clean, consistent and reliable data.

This process starts with how data is captured, collected and imported. A sufficient volume of data that’s highly accurate will lead to higher-quality AI outputs like better cost estimates and improved risk assessments. On the other end of this spectrum is data utilization, which is how effectively the collected data is used.

Data is plentiful in construction today but often isn’t accessible, clean or fully utilized. Data maturity is a concept used to measure an organization’s capability to manage and utilize data. It’s a journey from basic data collection to transforming data into a strategic asset.

As organizations think about AI they need to first better understand where they lie on the data maturity scale and find ways to make progress. With a strong foundation of high-quality, well-managed data, organizations can be well positioned to experience the compounded benefits that AI can bring across the various phases of a construction project.

EXPEDITING PRECONSTRUCTION PROCESS

AI is revolutionizing the initial stages of construction. It enables the automatic generation and optimization of designs based on predefined criteria, helping reduce the time taken to create and finalize construction plans. AI also aids in project planning by predicting the likely outcomes of different strategies, allowing for better decision-making and risk mitigation.

WORKFORCE DEVELOPMENT

Students Head into the Trades After Completing Central Valley Training Center Pre-Apprenticeship Program

[Article originally appeared in <https://greenlining.org>]

The California High-Speed Rail Authority (Authority) today recognized 12 more students to complete the Central Valley Training Center pre-apprenticeship program located in the city of Selma. To date, 235 students have completed the program ready to venture into new careers in the trades.

The Central Valley Training Center was established in 2020 and has promoted 15 cohorts since its inception. Over the last 12 weeks, students have worked with journey-level professionals to learn about various trades and have gained several construction-related certifications to take into the field. Previous students have moved on to work for subcontractors or have been sponsored into the trades to ultimately work on the high-speed rail project.

Students have come from across the Central Valley to participate in the program. Prior to the training center, Orange Cove resident Alan Lara worked various jobs, from packing houses to poultry plants. He came to the training center because he yearns for a job in the construction trades.

Graduate Abundio Ayala was encouraged to apply for the program after enrolling his daughters in elementary school. Ayala had only lived in Selma for four months before enrolling.

Students were recognized for their accomplishments at a graduation ceremony where they heard from several speakers, including City of Selma Mayor Scott Robertson, Central Valley Regional Director Garth Fernandez, and Caltrans District 6 Director Diana Gomez.

“Our goal is to provide each of these students an opportunity to build a successful career in the construction industry and be a part of constructing the first fully electric high-speed rail in the nation. The Central Valley is already reaping the benefits of the high-speed rail project as we have created more than 14,000 good paying construction jobs since we broke ground. That number will continue to grow in the years to come.”

**-Garth Fernandez,
Central Valley Regional Director**

“It’s amazing to see how this program has evolved from the early days of the pandemic, to now introducing 15 cohorts to the construction trades,” added Gomez, who helped establish the program during her tenure with the Authority. “This program is a collaborative effort and I’m proud to see it continue to train individuals in construction that can lead to careers in transportation.”

Construction progresses every day on the California high-speed rail project. There are currently 171 miles under design and construction from Merced to Bakersfield. Of the 93 structures needed, 50 are complete, and more than 30 construction sites are active between Madera, Fresno,

no, Kings, Tulare and Kern counties.

The Authority has full environmental clearance on 463 miles of the high-speed rail program from the Bay Area to downtown Los Angeles.

The Central Valley Training Center is a project of the Authority in partnership with the Fresno, Madera, Kings, Tulare Building Trades Council, Fresno Economic Development Corporation, Fresno Economic Opportunities Commission and the city of Selma.

SOURCE: <https://tinyurl.com/26dewoul>

Alan Lara, Central Valley Training Center graduate

“I’ve always wanted to be a blue-collar worker. I like working with my hands and building stuff. This program helped me learn about the trades, how to work on a team, be disciplined and determined. With the certificates I earned and new skills I developed, I am excited to enter the workforce and start my career.”

Abundio Ayala, Central Valley Training Center graduate

“My family, my daughters, inspire me to jump start my career in construction and provide a better life for them. I feel prepared to start applying for jobs because of the skills I learned. My advice to the next cohort is to finish the program. The doors will open when you graduate, but you must put in the time and effort. Anything is possible.”

INVITATION TO BID

Clark Construction, an equal opportunity employer, is seeking bids from all subcontractors, including Disadvantaged Business Enterprises (DBE), CMD Certified SF and SFPUC Micro and Small Local Business Enterprises (LBE), Minority Business Enterprises (MBE), Women Business Enterprises (WBE), and Other Business Enterprises (OBE).

Your bid is due to Clark on or before January 13th, 2025 @ 12:00PM PST.

Project Description:
 SAN FRANCISCO RECREATION AND PARKS:

This project involves renovating an existing public park that is approximately 7 acres on the shore of India Basin along the southeast waterfront of San Francisco, California. The project involves the construction of two new buildings, a boathouse and a park restroom facility. The project also involves the construction of in-water components including marine way walls, a pile supported floating dock, and gangway. Other site improvements include, but are not limited to, paving, site walls, irrigation, grading, soils, planting, seating elements, site furnishings, stairs and rails, a new playground, utilities, site lighting, pergola structures, basketball courts, public art components, sidewalk frontage improvements, wayfinding signage, and interpretive signage elements.

The work is located at 900 Innes Avenue, San Francisco, California, 94124. The Engineer's Estimate for the project is \$58,000,000.

INFORMATION ABOUT PLANS AND SPECIFICATIONS

Drawings, Specifications, and Scope Information May Be Obtained From:
 Todd McQuinn at todd.mcquinn@clarkconstruction.com (202-446-4516)

Bid documents can be viewed at: Clark Construction Group – California, LP, 180 Howard Street, Ste 1200, San Francisco, CA 94105 and online at our *Building Connected™* website.

Trade Packages Include: Photographic Documentation, Testing & Inspection, Field Engineering, Demolition, Concrete Reinforcement, CIP Concrete, Structural Steel, Miscellaneous Metals, Rough & Finished Carpentry, Waterproofing, Roofing, Metal Panels, Joint Sealants, Swinging Doors, Overhead Coiling Door, Glass & Glazing, Drywall/Framing, Tiling, Painting, Signage, Facility Fall Protection, Fire Suppression, Plumbing, HVAC, Electrical, Earthwork, Deep Soil Mixing, Support of Excavation, Deep Foundations, Landscaping, Asphalt, Site Concrete, Fences and Gates, Utilities and Marine Construction.

BWD GENERAL ENGINEERING CONTRACTORS
 P.O. Box 1948 Lincoln, CA 95648

Request for DBE's Subcontractors and Suppliers for Project: Ella Way Well Project – Owner: Citrus Heights Water District
Bid Date: Wednesday, January 15, 2025 • Bid Time: 2:00 PM

The work to be completed is constructing all above-ground appurtenances for a new groundwater production well including, a block building; sewer, distribution, storm drain, and system piping; pump and motor; site drainage improvements; new pavement; concrete perimeter security wall ad steel fencing; automated access gate; and all site electrical and lighting.

The Engineer's estimate is \$3,000,000.

Seeking all trades (but not limited to): Roofing, Masonry, Electrical, Fencing, Painting, Paving, Well Pump & Motor, SWPPP and other required work and trades

Plans, specifications, and documents are posted on the Citrus Heights Water District website.
<http://chwd.org/about/bid-opportunities>

Please review all documents. By submitting a proposal your company agrees to BWD Construction Inc dba BWD General Engineering Contractors standard subcontract. BWD General Engineering Contractors is an equal opportunity employer and intends to negotiate in good faith with interested DBE firms and intends to utilize the lowest responsive bidder. BWD General Engineering Contractors expects potential subcontractors to be bondable. Subcontractors and Suppliers are expected to bid per plans and specifications, including requirements for warranties. Standard manufacturer's warranties, if not in conformance with the owner's specifications, will not be accepted.

For questions regarding bidding on this project, contact BWD General Engineering Contractors via phone or email. Will you be bidding this project? Please email your response to Ben@BWD.Construction or call 916-765-2867

ANVIL BUILDERS INC.
 1550 Park Ave. Emeryville, CA 94608
 Phone: 415-285-5000 • Fax: 415-285-5005

Request for LBE Subcontractors and Suppliers for Project: Sunol Valley Water Treatment Plant Short Term Improvements
 Contract No: WD-2909
Bid Date: January 16, 2025 • Bid Time: 2:00 PM

The objective of the project is to improve several treatment systems at the Sunol Valley Water Treatment Plant. This includes repair of sediment and flocculant basin concrete; replacement of sludge removal equipment, channel and filter valves, cationic polymer system, and sample pumps; and installation of chemical piping. In addition, a new utility water pump station will be installed to support the facility. The work is to be performed in Alameda County, California.

Seeking all trades (but not limited to): Demo, Concrete, Rebar, Misc Metals, Fencing, Plumbing/ Process Pipe, Asphalt Paving, Security Guard, Welding, Waterproofing, Hydroseed, and other required work and trades.

This project requires a confidentiality agreement. For plans, specifications, and requirements, please email estimating@anvilbuilders.com to be added to our confidentiality agreement. A link will then be provided with the plans and specifications. By submitting a proposal, your company agrees to Anvil Builders Inc.'s standard subcontract.

For assistance with bonding, lines of credit, insurance, or anything else regarding bidding on this project, contact Anvil Builders via phone or email.

Will you be bidding this project? Please email or fax your response to estimating@anvilbuilders.com / 415-285-5005.

REYES CONSTRUCTION, INC.
 CONSTRUCTION WITHOUT COMPROMISE

REQUEST FOR Sub-Proposals from Certified DBE Firms

Project Name: San Onofre to Pulgas Double Track Phase 2
 Contract Number: 4250093
 Owner: SANDAG
 DBE Goal: 19.6%

Subcontractors/Subconsultants/Vendors wanted for:

(Subcontractors): Fencing & Railing, Street Sweeping, Clear & Grub, Electrical, Hydroseed, Landscape/Planting, CIDH Piles, Waterproofing, Asphalt, Bridge/Structural Steel, Railroad Signal Communications, Railroad Track, Directional Drilling, Dry Utilities, Reinforcing Steel, Trucking, Steel Coating, Minor Concrete – Minor Structures, Retaining Wall, CFA (Auger) Piles, Shoring, Surveying, Signage & Striping, Quality Control and Job Coordinator.

(Suppliers): Ready Mix Concrete, Aggregates, BMP Materials, Topsoil, Rock Slope, Waterworks, RCP, Structural Backfill, Structural Steel, Railroad Ties, Sound Barrier, Bearing Pads, Miscellaneous Metals and Signage

Project Scope:

The Base Bid scope of work consists in general of grading, a new bridge, embankment, construction of drainage ditches, culverts, and retaining wall construction within the limits of MP 216.6 to MP 217.7 on a portion of the LOSSAN commuter rail corridor within Camp Pendleton in San Diego County. An Additive Alternate is included in the scope that includes the construction of 1.1 miles of second main track within the project limits.

Work includes track construction; construction of a new single-track bridge; embankment and retaining wall construction; construction of drainage ditches, culverts, associated structures; site work and track bed preparation (including site clearing, grading, ballast, and sub-ballast, maintenance access roads, utility relocation and hydroseeding); in addition to procuring all materials and performing all other work necessary to complete the work in accordance with the Contract Plans and Special Provisions.

REVISED BID DATE: January 16th at 2:00PST/PDT

REYES CONSTRUCTION, INC.
 State License Number 507561
 1383 South Signal Drive, Pomona, CA 91766
 Phone: 909-622-2259 Ext. 108 • Fax: 909-622-3053
 Contact: Christina Ramos - Fri 8:00 AM - 4:30 PM

Assistance will be available in obtaining bonds, lines of credit, insurance, necessary equipment, supplies, materials or related technical assistance.

By submitting a proposal, Respondent/Bidder acknowledges that they have performed a thorough review of the terms and conditions contained in our standard subcontract/purchase order (Contract). Respondent/Bidder quotes, including terms and conditions contained therein, will not be included in subcontracts/purchase orders issued for the project. Respondent/Bidder shall submit, in writing with their proposal/quote, any exceptions to the RCI Contract terms and conditions.

Note: RCI may disqualify and reject the respondent's proposal/bid based on the exceptions submitted.

For information on the availability of scope of work, plans and specifications, and requirements of the contract please contact our office. Plans, Specifications, and Contract requirements can be viewed online at no cost here:

- 1) Via iSqFt – please send an email request to estimating@reyesconstruction.com
- 2) Bidnet Direct - <https://www.bidnetdirect.com/private/solicitations/4497717210/abstract>
- 3) Via Sharefile – please send an email request to estimating@reyesconstruction.com

Please e-mail Quotes to: Estimating@reyesconstruction.com

ANVIL BUILDERS INC.
 1550 Park Ave. Emeryville, CA 94608
 Phone: 415-285-5000 • Fax: 415-285-5005

Request for for DBEs, MBEs, WBEs, SBEs, SBA MBEs, & HUBZone Subcontractors and Suppliers for Project: City of Palo Alto - Local Advanced Water Purification System (Local AWPS)
 Contract No: IFB193197
Bid Date: 1/31/2025 • Bid Time: 3:00 PM

The Project will construct a new odor control structure, membrane filtration, reverse osmosis system, a new permeate storage tank, blending station, new chemical storage facilities, electrical, instrumentation and control systems. Site work includes pile foundation, concrete slab, yard piping, replacement of a sewer line, paving, grading, landscaping, a metal canopy, a pre-engineered electrical building and a perimeter wall.

Seeking all trades (but not limited to): Demo, Concrete, Rebar, Piles, Asphalt, Fencing, Misc Metals, HVAC, Fire Sprinklers, Landscaping.

Plans, specifications, and requirements can be viewed at our office or by reaching out to us at estimating@anvilbuilders.com. By submitting a proposal your company agrees to Anvil Builders Inc standard subcontract. For assistance with bonding, lines of credit, insurance, or anything else regarding bidding on this project, contact Anvil Builders via phone or email.

Will you be bidding this project? Please email or fax your response to estimating@anvilbuilders.com / 415-285-5005.

CALIFORNIA SUB-BID REQUEST ADS

Mountain Cascade Inc.
555 Exchange Court, Livermore, CA 94550
(925) 373-8370, Fax (925) 373-0940

Project: Linda Manor and Old Florin Town Septic to Sewer Conversion
Contract no. 6035

Owner: Sacramento Area Sewer District
Revised Bid Date: Jan. 28th, 2025 @ 11:00 a.m.

We are requesting quotes from all qualified DBE Subcontractors and Suppliers but not limited to:
Low density cellular grout, Pipe suppliers, Bore & Jack, Bypass pumping, Concrete structures, Dewatering, Environmental services, Cast-In-Place Concrete Pipe, manholes, Shoring Subs, Surveying, SWPPP, Plumbing, Trucking.

Project Description: The work includes but not limited to: approximately 9,485' of 8" VCP by open cut; approximately 55' of 21" RCP by bore & jack; approximately 13,475' of 4" & 6" HDPE by open cut and/or HDD; 114 service laterals to existing septic plumbing on private property; sewer bypass system and removal/replacement of sewer manholes.

Engineers Estimate: \$9 Million

Project: San Joaquin Pipeline Valve & Safe Entry Improvements:
Phase 2B & 2C – Contract No. HH-1016

Owner: San Francisco Public Utilities Commission
Bid Date: January 9th, 2025 @ 2:00 p.m.

We are requesting quotes from all qualified MBE/WBE/LBE Subcontractors and Suppliers but not limited to:

Aggregates, Asphalt, Concrete, Slurry, Pipe Suppliers, Precast Materials, Cathodic Protection, Concrete Flatwork, Concrete Structures, Electrical-Building, Fencing, Reinforcing Steel, Striping, Structure Steel, Welded Steel Pipe, Crane Rental, Painting/Coatings, Grate, Valves/Water Main/Temp Facilities.

Project Description:

The objective of the project to improve existing San Joaquin Pipeline (SJPL) System for safe personnel entry into segments of pipelines without a system shutdown. Phases 2B & 2C focus on improvements at the crossover vaults (Pelican, Roselle, and Emery) and SJPL#4 tie-in. Phase 2B includes: a) Uprate by installing three (3) City-Furnished 72" butterfly valves; b) two (2) City-Furnished 54" Butterfly Valves (KGVs) and two (2) City-Furnished 36" Knife Gate Valves; c) Furnish and install fourteen (14) Removable Spool Pieces (RSPs) and reinforced concrete vaults, d) Furnish and install six (6) 8" KGVs, eight (8) 12" KGVs, and three (3) 24" KGVs that are manually operated, and e) Associated structural, corrosion control, electrical, and I&C work. Phase 2C includes: a) Uprate three (3) 60" Butterfly valves, b) Install six (6) RSPs and reinforced concrete vaults, c) Install six (6) manually operated 8" bypass KGV, and d) Associated structural, corrosion control, electrical, and I&C work. The work is to be performed in Stanislaus County, California.

Engineers Estimate: \$57 Million

Project: Local Advanced Water Purification System (Local AWPS)
ITB Number: 193197 CIP: WQ-19003
Owner: City of Palo Alto
Bid Date: January 31st, 2025 @ 3:00 p.m.

We are requesting quotes from all qualified DBE Subcontractors and Suppliers but not limited to:

Pipe Suppliers, Precast Materials, Steel Tanks, Bypass Pumping, CIDH Piles, Demolition, Electrical-Building, Fencing, Hydroseeding, Landscaping, Reinforcing Steel, Painting/Coatings, Concrete Repair, Concrete, FRP Grating, Crack Repair, Pre-engineered buildings, Misc. Metals, Valves/Water Main/ Temp Facilities, Steel Pipe, Strainers, Insulation, Generators/Switch Gear, Drainage Pumping Equipment, Pumping Plant Electrical Equipment.

Project Description:

Description of Project: The Local AWPS project consist in two Phases. This IFB is for Phase that will produce 1.125 MGD of RO permeate and will include housekeeping pads for future skids and pipe headers sized enough to accommodate expansion. Phase I Motor Control Centers will also accommodate for Phase II electrical loads. The permeate produced from the project will be blended with the existing tertiary-treated recycled water to achieve an instantaneous TDS concentration of 400 to 500 mg/L. The Local AWPS will be constructed without interruption to the current treatment operations, except as allowed under special circumstances, such as piping and utility tie-ins. The electrical service, potable water service and fire water supply will be independent from the RWQCP service. New service connections will be made with City of Palo Alto Utilities (CPAU).

Engineers Estimate: \$53.5 Million

O. C. Jones & Sons, Inc.
1520 Fourth Street • Berkeley, CA 94710
Phone: 510-526-3424 • FAX: 510-526-0990

REQUEST FOR CITY OF RICHMOND LBE SUBCONTRACTORS AND SUPPLIERS FOR:

Shields-Reid Park Field Renovation Project
City of Richmond

BID DATE: January 3, 2025 @ 2:00 PM

We are soliciting quotes for (including but not limited to): Trucking, Temporary and Permanent Hydroseed and Erosion Control Measures, QC/QA Testing, Cast-in-Place Concrete, Site Furnishings, Survey, Lime Treatment, Fencing, Planting & Irrigation, Electrical, and Construction Materials

Jason Martin (510-809-3432 jmartin@ocjones.com) is the estimator on this project and is available to provide assistance or answer questions regarding the project scope of work including bid requirements, break out of bid items, plan or spec interpretation, bonding or insurance requirements, and other bid assistance. Plans and specs are available to review at our Berkeley office or can be sent out via Building Connected. PDF format quotes should be emailed to the estimator or faxed to 510-526-0990 prior to 12:00 PM on the date of the bid. Quotes from LBE Subcontractors, Suppliers and Truckers are highly encouraged. OCJ is willing to breakout any portion of work to encourage LBE participation. Subcontractors must possess a current DIR, Contractors License, and insurance and workers compensation coverage including waiver of subrogation. OCJ may require Performance and Payment bonds on subcontracts. OCJ will pay the bond premium up to 2% of the contract value. Please contact OCJ for any assistance required by your firm in obtaining bonding or insurance. The US Small Business Administration may also assist you in obtaining bonding - please see the following site for information: <http://www.sba.gov/content/contractors>. Visit the California Access to Capital Program Financing Solutions website for additional resources for your small business - http://www.calbizfinance.org/cal_cert_biz_program.html. OCJ is available to help obtain necessary equipment, material and/or supplies. All subcontractors are required to execute OC Jones' standard subcontract agreement, comply with all insurance requirements, and name OCJ as additional insured. Copies of our agreement and insurance requirements are available upon request. OCJ is a Union contractor, and we are signatory to the Operating Engineers, Laborers, Teamsters, and Carpenters. OCJ is an Equal Opportunity Employer.

Project: Hayward WPCF Administration Building
Location: Hayward, CA
Project Bid Date: 1/28/2025 2:00P.M.
Please Submit Bids by: 1/28/2025 1:00P.M.
Owner: City of Hayward
Estimator: Billy-Joel Celeste
Est. Budget: \$36,600,000

We are actively pursuing compliance with the DBE business goals and would appreciate your bid on this project.

Project Description:

Construction, startup, and commissioning of the 21,347 sf WPCF Administration Building, including all engineering, labor, materials, and equipment as required by the Contract Documents, including but not limited to selective demolition and salvaging of existing facilities and systems; site paving and grading, landscaping and other site improvements; yard piping and electrical systems; structural and architectural work; plumbing and heating, ventilation, and air conditioning systems; laboratory; fire alarm and suppression systems; power supply systems; instrumentation and control systems; and all other items necessary for a complete and functional facility.

*** A non-mandatory pre-bid conference will be held on Tuesday December 17, 2024 @ 10 am.

*** **Pre-Bid RFI/Technical questions shall be submitted via Bidnet Direct by COB January 21st by 4:00 pm.**
Please use www.bidnetdirect.com to submit such questions by the deadline.

*** Davis-Bacon Requirements/Prevailing wage rates are required

*** CWA Requirement: This contract is subject to the Community Workforce Agreement (CWA) approved by the Hayward City Council. The successful bidder and all subcontractors, at any tier, will be required to sign an Agreement to be Bound which can be found in Attachment C in the Specifications as a condition precedent to entering into any contract for this project.

***All bidders must hold their bid pricing for 60 days.

***Bid documents are available through Building Connected or from Amoroso's Box site at:
<https://sjamoroso.box.com/v/HaywardWPCFAdministration>

S.J. Amoroso Construction Co., LLC (Amoroso) may require subcontractors to provide 100% Payment & Performance Bonds, from a California admitted surety with an AM Best rating of A-VII or better, as a condition of contract. Amoroso is signatory to the Carpenter's Collective Bargaining Agreement. Amoroso strongly encourages the use of qualified M/W/D/O/S/DVBE subcontractors and vendors. Please include the use of qualified M/W/D/O/S/DVBE suppliers and lower tier subcontractors where applicable. It is the subcontractor's responsibility to review the Owner's General and Special Conditions for this project, as they will be binding. Subcontractors will also be required to execute Amoroso's standard Subcontract Agreement and comply with Amoroso's standard insurance requirements and safety requirements, all without modification, should we both be awarded this project. These documents can be found on our website, www.sjamoroso.com. Amoroso's listing of a subcontractor is not to be construed as an acceptance of all of the sub's conditions or exceptions included with the price quote. Per California Labor Code 1771.1: A contractor or subcontractor shall not be qualified to bid on, be listed in a bid proposal, subject to the requirements of Section 4104 of the Public Contract Code, or engage in the performance of any contract for public work, as defined in this chapter, unless currently registered and qualified to perform public work pursuant to Section 1725.5. Subcontractor's must provide their CA License & DIR Certification numbers with proposals.

WE ARE AN EQUAL OPPORTUNITY EMPLOYER.

Project: Brackney Landslide Area Pipeline Risk Reduction Project
CWO # 2020-003
Owner: City of Santa Cruz
Bid Date: February 7th, 2025 @ 2:00 p.m.

We are requesting quotes from all qualified DBE Subcontractors and Suppliers but not limited to:

Aggregates, Asphalt, Concrete Material, Slurry, Low Density Cellular Grout, Pipe Suppliers, Analytical Testing, Directional Drilling, Geotech Engineers, Striping, Surveying, Vibration Monitoring, Trucking, Hazmat, Valves/Water Main/ Temp Facilities.

Project Description:

The Work of this Contract includes the construction of the Newell Creek Pipeline in the Brackney Landslide area in Felton, CA between Glen Arbor Road and Brackney Road. The Brackney Landslide Area Pipeline Risk Reduction project will relocated approximately 2,250 feet of the Newell Creek Pipeline to increase the resiliency and reliability of water supply from the Loch Lomond reservoir. The project area is at particular risk of geotechnical hazards with approximately 2,700 linear feet new 24-inch inside diameter (ID) carrier pipeline, including an approximately 1,685 foot long portion to be installed by horizontal directional drilling (HDD). HDD through deep bedrock formation was determined to be the most cost-effective method to avoid landslide hazards. The project will require new easements for realignment. Due to limited access and construction staging, the project will require close coordination with neighbors and other utility owners, and the County of Santa Cruz.

Engineers Estimate: \$10 Million

REVISED BID DATE: Thursday, January 16th, 2025 at 2pm

LBE Requirement: 11%
Subcontracting Participation Breakdown: 4.9% MBE; 1.8% WBE; 4.3% OBE
Total Project Value: \$45M - \$50M

Email quotes to jmiranda@shimmick.com and ebrosnan@shimmick.com

Bid Items: Shimmick Construction Company, Inc. is requesting quotes from certified LBE subcontractors and suppliers in the following scopes of work, including, but not limited to, the following. Please reach out to the lead estimator listed below for more details on scopes needed:

Welding Contractor; Reinforcing Steel Contractor; Pipeline Contractor; Fencing Contractor; Sanitation Systems Contractor; Earthwork & Paving; Painting; Traffic Control Services; Concrete Contractor; Metal Products Contractor; Scaffolding Contractor; Trucking & Hauling; Fencing Materials & Supplies; Photography Services

All items of work listed above are made available, even items of work normally performed by Shimmick. Please contact the lead estimator for assistance with breaking down items of work into economically feasible units, assistance obtaining equipment, supplies, materials, bonding, insurance, estimating, or any additional assistance. Shimmick Construction's listing of a Subcontractor is not to be construed as an acceptance of all of the Subcontractor's conditions or exceptions included with the Subcontractor's price quote.

Plans and Specifications: Plans and specifications are protected by a Confidentiality Agreement. For more information on how to access the plans and specifications, please visit <https://webapps.sfpuc.org/bids/BidDetail.aspx?bidid=4521>. You may also contact Jamie Miranda at jmiranda@shimmick.com for assistance.

The Bid Documents are also available for inspection at SFPUC Contractors Assistance Center. Please visit <https://sfpuc.org/construction-contracts/contractor-assistance/contractors-assistance-center> for additional information.

Shimmick Contacts: Should you require assistance with your bid, please contact our lead estimator Erin Brosnan at ebrosnan@shimmick.com.

Additional Information: 100% Performance and Payment bonds with a surety company subject to approval of Shimmick Construction Company, Inc. are required of subcontractors for this project. Shimmick Construction will pay bond premium up to 1.5%. Subcontractors will be required to abide by terms and conditions of the AGC Master Labor Agreements and to execute an agreement utilizing the latest SCCI Long Form Standard Subcontract incorporating prime contract terms and conditions, including payment provisions. For assistance with bonding, insurance or lines of credit contact Amanda Mobley at amanda.mobley@shimmick.com.

Bidders are alerted to the City's surety bond program, which assists LBE contractors in obtaining bonding and financing for contracts awarded by the SFPUC. For further information regarding enrollment eligibility and program services contact Jennifer Elmore at (415) 217-6578.

All subcontractors must possess a current contractor's license and Public Works Registration number (DIR).

The project scope of work primarily includes trackwork, utility relocations, power services, and communication systems conduits.

Kiewit is currently soliciting subcontractor/supplier bids for the scopes listed below: *
BIDS DUE TO KIEWIT JANUARY 17, 2025, BY 2PM PST

Construction: AC Paving, Aesthetic Form Liner, CIDH/Steel Driven Piles, CMU, Concrete Pumping, Demolition, EICs/ SCRRRA Inspections, F&I Emergency Access- PEMB, Kiosk, Fencing, Fire Suppression, Flatwork, Glazing, Hazardous Material Remediation, Jack N Bore, Landscape, Metal Roofing & Sheet Metal, Mosaic Tiles & Ceramic Tiles, MSE Wall Install, Painting & Coating, Pavers (Stations), Plumbing/HVAC, Post Tensioning, QC Inspections & Testing, Rail Flash-Butt Welding, Rail Grinding Sub, Rebar, Sawcutting, Security Rollup Gates, Soundwall Install, Station Signage, Steel Stringers, Caps & Pipes, Tieback & Soldier Beam Ret Walls, Track Demo, Traffic Marking & Striping, Tree Removal

Supply: Accessories – Stations, Aggregates, Anchor Bolt Supply, Bearings, Concrete Pavers, Concrete Tiles, DF Fasteners, Doors, Frames, and Hardware, Drainage (Bridge and Approach), Ductile Iron Pipe, Geotextile, HDPE Pipe, Misc. Metals – Stations, Misc. Metals Bridges, MSE Retaining Walls, OTM Package, Precast Conc Xing Panels, Precast Concrete Elements, Precast J-Ditch, Precast Soundwall, Precast Utility Structures, PVC Pipe, Rail Package, Rail Signage, Ready Mix, RCP Pipe Ready Mix, Sidewalk Grates, Special Trackwork, Station Metal Handrailing, Station Structure Steel, Structures Accessories, Sump Pump Systems, Tire Derived Aggregate, Track Timber Tie, Valves

Mass. Electric (a Kiewit subsidiary) is a major subcontractor for the project
is soliciting subcontractor/supplier bids for the scopes listed below: *
BIDS DUE TO MASS. ELECTRIC JANUARY 13, 2025, BY 12PM PST

Subcontract: Manholes/Handholes/Pullboxes, Fiber Splicing, Traffic Signal Install

Supply: Conduit, Disconnect Switches, Electrical Gear, Electrical Misc. Material, Foundations, Misc. Hardware, OCS Cantilever Pipe, OCS Hardware, OCS Poles, OCS Tools, Wire & Cable

Firms interested in providing subcontract/supply bids must join our database at: bit.ly/KiewitFoothill2B2 to receive an invitation to bid through BuildingConnected.

*Contract opportunities for both Kiewit and Mass. Electric are contingent upon contract award to Kiewit.

Kiewit and its subsidiaries are Equal Opportunity Employers.

McCarthy Building Companies
515 S. Flower St | Ste. 3600 | Los Angeles, CA 90071 | 213-655-1100 | License #411173

LACCD ELAC KWAC
Monterey Park, CA

McCarthy Building Companies, Inc. is soliciting interest from qualified subcontractors and suppliers to participate in the bidding for award phase of the project. The Scope of Work includes:

a. **LACCD East Los Angeles College, Kinesiology Wellness Athletic Center (ELAC KWAC)**

McCarthy and HED have been awarded the LACCD Kinesiology Wellness Athletic Center (KWAC). The KWAC building is a new 96,000 SF consisting of a new competition gymnasium, weight room, lockers rooms, juice bar, studio and fitness rooms, conference rooms, classrooms, offices, workstation areas, huddle rooms, Physical Therapy lab spaces, support spaces, and Rooftop PV. The existing Bungalows portables and parking lot areas will need to be demolished prior to the start of KWAC construction. The existing Child Development Center is an active building which needs to be maintained throughout construction while the existing Men's Gym needs to remain active until the KWAC Building is completed. The new KWAC Building will connect to the existing campus hydronic loop at the CUP, the campus Medium Voltage Loop and the campus communication fiber loop. The new Site work includes a new Multipurpose Field, public gathering/seating areas, landscape areas, and a new fire access road.

Bidders will be awarded a Stipulated Sum (Lump Sum) Design Build/Assist Contract. The contract will require Part A & Part B services (Part A = Design & Preconstruction Costs; Part B = Construction Costs). Each Bid Trade Package will have the specific Part A design and preconstruction responsibilities outlined in a McCarthy Scope Sheet.

Note: LACCD requires contractors to be able to satisfy their Project Labor Agreement (PLA). Technology contractors must be pre-approved with LACCD.

Project Location: 1301 Avenida Cesar Chavez, Monterey Park, CA 91754

Work categories to be awarded include: Structural Steel, and High Density Shelving.

Key Subcontractor Qualifications: Design-build experience; bondable and prequalified with McCarthy Building Co.

Key Dates (subject to change): Request for Proposals (RFP) issued to Subcontractors – 12/20/24 via Building Connected; RFI's Due 1/08/25; Proposals Due to McCarthy – 1/17/25.

* - This project will require subcontractors to sign the Project Labor Agreement (PLA)

* - This project contains an Owner Controlled Insurance Program (OCIP)

* - A 100% Performance and Payment Bond from an admitted surety will be required upon award of contract for all trades.

* - McCarthy is an equal opportunity employer and encourages qualified Small Business and Minority Business participation.

* - LACCD requires an EMR of 1.24 or lower.

Please contact us if you have any questions regarding project specifics:

The Transformative Power of AI in Construction

Continued from page 1

SUPPORTING DECISION-MAKING DURING THE COURSE OF CONSTRUCTION

In project management, AI shines in its ability to process vast amounts of data to generate actionable insights and speed decision-making. In an industry survey of over 1,000 professionals, on an average 18% of the total time on a project is spent looking for data or information. In the same survey, 43% of respondents felt they would make better decisions if they had greater access to real-time and historical information on project performance.

These are all areas where AI can have a big impact. It can expedite the speed of decision-making by putting critical information at the fingertips of decision makers. It can also analyze project timelines, resource allocation and performance data to provide recommendations for efficiency improvements. AI can even forecast potential project delays or cost overruns, enabling preventive measures to be taken. AI will play a

huge role in reducing risk by helping stakeholders make data driven decisions.

AI also holds significant promise in improving construction safety. AI-powered drones and robots can be used to monitor sites for safety hazards, while data from wearables can be analyzed to detect signs of worker fatigue or stress. AI can allow us to often see what can not be seen in real time by a human to help prevent accidents and improve overall site safety.

HELPING REDUCE FINANCIAL RISKS

AI is becoming an instrumental tool in financial management within the construction industry, particularly in helping to mitigate risk, minimize cost overruns and enhance forecasting accuracy. AI technologies can enable a more in-depth understanding of resource usage and project spending, which can lead to cost savings through informed decision-making and resource allocation.

PUBLIC LEGAL NOTICE ADVERTISEMENTS

OAKLAND UNIFIED SCHOOL DISTRICT DEPARTMENT OF FACILITIES PLANNING AND MANAGEMENT

NOTICE TO BIDDERS DOCUMENT 00 11 11

Notice is hereby given that the Oakland Unified School District (hereinafter referred to as "Owner") will receive sealed bids prior to the date and time stated for the bid opening for the award of a contract to construct the ("Contract"), **Project No. 24166**

**Melrose Leadership Academy at
Maxwell Site Improvement
4730 Fleming Ave, Oakland, CA 94619**

as per the Contract Documents, including the drawings and specifications, which may be obtained from the Printing Facility listed below.

Project consists of:

The contractor will demolish the existing play structure, basketball hoop, safety surfacing, and planter beds. Contractor to install safety surfacing tiles for new play structure. The new play structure will be installed by others. Additional work includes tree planting with irrigation and drainage and applying a double layer of seal coating on existing pavement, and expansion of the garden area. Work will follow strict safety standards and coordination with OUSD. See further details in the specifications.

Engineer's Estimate: \$409,500.00

Project Manager is Muhanad Amous, who can be reached at: muhanad.amous@ousd.org and/or 408-613-5703.

The Owner reserves the right to add or deduct any of the additive or deductive items after the lowest responsible and responsive bidder is determined. The lowest bid shall be determined on the amount of the base bid.

This Contract is subject to prequalification pursuant to Public Contract Code section 20111.6. Prospective bidders must currently be on the District's Certified Contractor's List.

This Contract is subject to the District's Project Labor Agreement. The full version of OUSD's latest Project Labor Agreement can be found by going to the OUSD home page: <https://www.ousd.org/facilities-planning-management-department/opportunities>

Contract Documents will be available for review on or after **December 18, 2024**, at **East Bay Blue Print, located at 1745 14th Avenue, Oakland, CA 94606**. All requests should be addressed Attention: Sandy Petty. Plans can be ordered by:

Ph: 510-261-2990 Fax: 510-261-6077

Email: ebbp@eastbayblueprint.com.

Attn: Sandy. Online using the Plan Command System at www.eastbayblueprint.com or plans can be delivered to a place of business, at requester's own expense. Payment for plan sets must be made with East Bay Blue Print and are **NON-REFUNDABLE**

In addition, Contract Documents are available for bidders' review at the following builders' exchanges:

Builder's Exchange of Alameda County
McGraw Hill Construction Data
San Francisco Builder's Exchange
Reed Construction Market Data
Contra Costa Builder's Exchange
Marin Builder's Exchange

Public works projects shall be subject to compliance monitoring and enforcement by the Department of Industrial Relations. For all projects over Twenty-Five Thousand Dollars (\$25,000), a contractor or subcontractor shall not be qualified to submit a bid or to be listed in a bid proposal subject to the requirements of Public Contract Code section 4104 unless currently registered and qualified under Labor Code section 1725.5 to perform public work as defined by Division 2, Part 7, Chapter 1 (§§1720 et seq.) of the Labor Code. For all projects over Twenty-Five Thousand Dollars (\$25,000), a contractor or subcontractor shall not be qualified to enter into, or

engage in the performance of, any contract of public work (as defined by Division 2, Part 7, Chapter 1 (§§1720 et seq.) of the Labor Code) unless currently registered and qualified under Labor Code section 1725.5 to perform public work and proof of registration is provided.

The Contract Time shall be forty-five (45) calendar days, and liquidated damages for delay shall accrue.

Bids must be sealed and filed at

**Front Desk
Facilities Planning & Management,
955 High Street, Oakland, CA 94601**

on **January 16, 2025, before 2:00 p.m.** on the clock designated by the Owner or its representative as the bid clock at or after which time the bids will be opened and publicly read aloud. No bid will be accepted by the Owner after this time. Facsimile (FAX) copies of the bid will not be accepted. Any bid that is submitted after this time shall be non-responsive and returned to the bidder. Any claim by a bidder of error in its bid must be made in compliance with section 5100 et seq. of the Public Contract Code.

Mandatory pre-bid **site visit** will be held on **January 9, 2025 at 10:00 a.m.**, at Front entrance of the MLA at Maxwell School Site. Bidders not attending the site visit will be disqualified.

Bids must be accompanied by a bidder's bond, cashier's check, or certified check for at least ten percent (10%) of the amount of the base bid and made payable to the Owner, as detailed in the Contract Documents.

Owner, or its designee, has determined that certain materials, services, products or things designated by specific brand or trade name shall not be subject to Public Contract Code section 3400(a) in order that a field test or experiment may be made to determine the product's suitability for future use; in order to match other materials, services, products or things in use on a particular Owner public improvement either completed or in the course of completion; in order to obtain a necessary item that is only available from one source; and in order to respond to an emergency declared by Owner.

Pursuant to the Contract Documents, the successful bidder will be required to furnish a Payment (Labor and Material) Bond in the amount of one hundred percent (100%) of the Contract Sum, and a Faithful Performance Bond in the amount of one hundred percent (100%) of the Contract Sum.

The successful bidder will be allowed to substitute securities or establish an escrow in lieu of retainage, pursuant to Public Contract Code Section 22300, and as described in the Agreement Between Owner and Contractor and General Conditions.

The Owner will not consider or accept any bids from contractors who are not licensed to do business in the State of California, in accordance with the California Public Contract Code, providing for the licensing of contractors. In accordance with Section 3300 of said Code, the bidder shall have an **A- General Engineering and/or B- General Building Contractor Contractor's** license at the time of award and shall maintain that license in good standing through Completion of the Contract and all applicable warranty periods. For all projects over Twenty-Five Thousand Dollars (\$25,000), the bidder shall state the public works contractor registration number on the Designation of Subcontractors form for each subcontractor performing more than one-half of one percent (0.5%) of the bidder's total bid.

The Director of Industrial Relations of the State of California, in the manner provided by law, has ascertained the general prevailing rate of per diem wages and rate for legal holidays and overtime work. The Contractor must pay for any labor therein described or classified in an amount not less than the rates specified. Copies of the required rates are on file at the Owner's business office and are available on request.

OAKLAND UNIFIED SCHOOL DISTRICT DEPARTMENT OF FACILITIES PLANNING AND MANAGEMENT

INVITATION TO BID

3 Years Plumbing Routine Repair & Maintenance Services Contract No. 70052

1. Notice is hereby given that the governing board ("Board") of the Oakland Unified School District ("District" or "Owner") will receive sealed bids for the following contract:

Plumbing (routine), Plumbing (sewer/storm drain), Maintenance Services ("Contract")

to be performed at the following District site(s):

• All District Facilities.

Delivering Results in 2024 for the City of Los Angeles

Continued from page 1

- than last year, including additional bulky item removals and more graffiti removal cases.
- Mayor Bass this year appointed new Commissioners to the Board of Public Works to serve all of Los Angeles by ensuring that city services to clean, maintain and improve communities are effectively delivered to neighborhoods.
- Mayor Bass believes that jurisdictional lines should not stand in the way of a clean, healthy and safe Los Angeles. The City established a new partnership with Caltrans to help keep areas near freeways clean and safe with the State reimbursing the City for costs expended. The City also entered into a new agreement with Union Pacific Railroads to help coordinate maintenance and cleanliness efforts near its railroad tracks throughout the city. Mayor Bass looks forward to expanding these partnerships.

Making Public Transportation Safer, Faster and More Accessible: Mayor Bass has led transportation improvements in the city, which benefits the entire region, helping to ensure that Angelenos have reliable transportation, and working toward competitive alternatives to driving a car.

- Metro ridership has increased every month for the last 24 months. Most recently, Metro announced that it is averaging a million daily boardings on the system.
- While Mayor Bass was Chair of the Metro Board of Directors, Mayor Bass called for a surge of law enforcement presence on trains, buses and in stations in response to a string of recent violent incidents. Metro data shows a reduction in violent crime dur-

ing the surge.

- In April 2024, the Metro Board approved Mayor Bass' motion to make the Student GoPass Pilot Program permanent. GoPass provides no-cost, unlimited Metro rides to K-12 and community college students. Currently, more than 350,000 students are registered, representing 1,570 schools across 115 school districts.
- After Supervisor Holly Mitchell created the Metro Ambassadors Program, it was expanded to support public safety by making the rider experience safer and more welcoming. Following Mayor Bass' direction, the Ambassadors were trained to administer Narcan, saving nearly 200 lives since that decision was made.
- Mayor Bass and the Metro Board voted to create an in-house community safety department that will meet the unique safety needs of Metro and keep riders, operators and staff safe. The in-house safety department will be developed in the coming years.
- Mayor Bass and the Metro Board of Directors worked to accelerate the installation of reinforced barriers to keep bus operators safe. All buses will be outfitted with new protections by the end of 2024. The Department of Transportation is also installing protective barriers in its buses.
- Metro has helped bring more than 2,000 people inside. In addition to the Mayor's motion to better coordinate homelessness solutions, Metro participated in the annual Point-In-Time Count for the first time ever.
- More than 50 bus shelters were installed to provide shade, comfort and real time information for bus riders. The remaining shelters are anticipated to be installed in the

coming months.

- Thousands of permanent supportive and affordable housing units have opened through Metro's joint development projects that locate housing near Metro bus and rail lines to lower pollution and improve access to opportunities.
- The Mayor is supporting efforts to improve bus service and reliability for riders who depend on the bus system to get around L.A. This year, Metro and the LA Department of Transportation launched the Camera Bus Lane Enforcement Pilot, which aims to improve bus speed and reliability by prioritizing bus-only lanes, making buses a more competitive option compared to cars. Over the past two years, the city has added more than 42 miles of priority bus-only lanes, including routes along La Brea Ave, Venice Blvd, and the San Fernando Valley.
- More than 80,000 people took Metro to attend the Dodgers Championship Parade in Downtown L.A.

Historic Action To Make Streets Near Schools Safer: Following a direct commitment made between LAUSD Superintendent Alberto Carvalho and Mayor Bass to address dangerous streets near schools in the wake of tragic accidents, the City completed installation of projects and actions taken to make areas around schools safer ahead of this school year, including:

- Implementing street safety projects in the form of "quick build" street improvements at more than 180 intersections at more than 40 schools.
- Installing more than 250 speed humps near 92 schools where speeding is a known issue.
- Establishing School Slow Zones with reduced 15 mph speed limits on more than

450 street segments adjoining 190 schools.

- Expediting the hiring of crossing guards, the Los Angeles Department of Transportation (LADOT) will deploy more than 500 crossing guards for the coming school year, continuing the widest deployment in over a decade.
- Signing an agreement with LAUSD to encourage safe passage that is free from violence for students traveling to and from schools.

Preparing and Modernizing City Infrastructure: Ahead of the World Cup and Olympic and Paralympic Games, Mayor Bass signed Executive Directive 9 to continue improving Los Angeles' infrastructure and delivery of services by repairing streets, cleaning parks and enhancing infrastructure projects and city services. The Mayor's executive action will support the City's work to ensure much needed infrastructure improvements to Los Angeles in a way that will benefit the region for decades to come. The directive will also improve City department coordination to complete projects more efficiently and cheaply; align with voter-approved Measure HLA; and ensure L.A. has its first comprehensive long term plan for all investments on streets, parks, and public spaces to guide this.

- Redundant and inefficient working groups are being streamlined into three efficient groups to steward these efforts moving forward.
- The City is implementing a digital asset management system to coordinate maintenance and repairs in L.A.'s public spaces. T
