

This foundation tries to get young Californians into transportation jobs

[Article originally appeared in
www.calmatters.org]

By Zayna Syed CalMatters

UC Berkeley professor Susan Shaheen has sent over a dozen students to the Education Symposium, a two-day conference that exposes college juniors and seniors in California to careers in transportation.

During the event, students learn about the transportation industry, get matched with a mentor, meet with practitioners in the field and participate in a competition. At the end, they're eligible to apply for three Education Symposium scholarships to enter the industry.

The symposium is organized by the California Transportation Foundation, a non-profit started by Heinz Heckerroth, a former deputy director for the California Department of Transportation. The foundation works to make students interested in transportation careers, offering dozens of scholarships to students to enter the field, among other things.

"My perception has been that a lot of people who go to it are very inspired," Shaheen, who is on the board for the foundation, said. "You're hearing from people who are really senior in the field, and they're talking to you, they're focused on you, they're answering your questions, and working side-by-side with you on a project for the symposium."

As part of this year's symposium, held in Fresno in November, students participated in a mock grant competition, designing proposals to address sustainable transportation.

"Transportation is not necessarily the sexiest career choice," said Marnie Primmer, the executive director for the foundation. "It doesn't have all the bells and whistles that maybe some other career choices open to students, but that's why our education symposium is such a great opportunity, because it introduces students to what it's really like to be a transportation professional."

Part of what makes the program successful is the type of mentors it's able to recruit, according to Primmer and Shaheen. These include people working in both the public and private sectors and academia. They range from engineers to planners to policymakers and many of them are high-ranking in their sphere, with several former directors of Caltrans serving as mentors.

A key challenge Primmer faces with courting students is helping them understand exactly what jobs there are in the transportation industry: everything from the engineers that design highways to the policymakers that plan public transit systems to the maintenance workers who keep the systems functioning.

In the past few years, the industry has seen a dip in students interested in transportation, Primmer said. For example, engineering students have opted for careers in software engineering instead of civil engineering. However, this is changing as students seek more hands-on careers, she said.

"If you work on a highway project, or you work on a new transit system, you actually get to see the fruits of your labor and the impact that it makes on your community," she said. "With many students who are interested in passion projects, and in connecting their purpose with

Fewer Than Half the States Meet Recommended Cybersecurity Goals

[Article originally appeared in
www.governing.com]

By Jule Pattison-Gordon

In Brief:

- Nearly all states participated in the Nationwide Cybersecurity Review to assess their cyber strengths and weaknesses. Less than half reached or surpassed the recommended minimum level of cyber maturity.
- Many governments lack advanced abilities to detect potential threats, or procedures for taking away lessons after suffering a cyber incident.
- Chief information officers say lack of funding and recruiting enough staff are big challenges. A federal assistance program may be on the chopping block under the Trump administration.

Cyber attacks are a huge concern for state and local governments. Falling victim can mean downed services, compromised sensitive information, stolen money, and costly response and

recovery work. Cybersecurity tops state chief information officers' priority lists for 2025, according to the National Association of State Chief Information Officers.

But governments at all levels face challenges in this area, with funding and cyber professionals often in short supply. Figuring out the next steps for ramping up cybersecurity — and getting executive buy-in to do so — can be easier if the government knows what its strengths and weaknesses are and how it matches up against its peers.

The Nationwide Cybersecurity Review (NCSR) aims to provide that kind of information. The NCSR is a voluntary self-assessment that helps state, local, tribal and territorial governments, as well as state agencies and local departments, understand how well they're prepared to deter and respond to cyber attacks. It's sponsored by the Department of Homeland Security and the Multi-State Information Sharing and Analysis Center and offered at no cost.

Last year, 48 states participated in the NCSR, which ranks governments on a scale from 1 to

7. Twenty-two achieved a score of 5 or higher. Getting such a score reflects that states have documented policies and procedures and are in the process of aligning them with a formal security framework. States scoring below 5 might not yet have a formal cybersecurity policy in place, or may still be working on documenting standards and procedures that support the policy.

Local governments averaged just above 4 on the scale. These respondents included counties and cities, as well as K-12 public school districts, local police, public utilities and others. About 1,248 out of 3,122 participating local government entities (or 40 percent) hit the recommended score of 5 or more. A significant portion of other respondents appeared either to not conduct cybersecurity activities or do so with "informal, ad hoc processes."

In general, state, local, tribal and territorial participants showed strengths in identity management and access control, restricting access to facilities and assets to only authorized users or devices. Many were also prepared to respond to contain a cyber incident and limit its impact.

Participants also commonly had some level of continuous security monitoring in place.

But governments overall showed weaknesses when it came to having more advanced threat detection capabilities. Many lacked a formal strategy for assessing risks. They didn't always analyze cyber incidents after they occurred, which would allow them to learn and then update their strategies, policies or procedures. And many in the government sector didn't formally review and update their disaster recovery plans.

An Ongoing Problem

Governments are facing off against hackers who keep upping their game, launching more sophisticated ransomware and phishing attacks. Public-sector entities worry about emerging technologies, including malicious parties using artificial intelligence against them. They worry about their own potentially harmful mistakes when using AI to automate operations.

CALIFORNIA SUB-BID REQUEST ADS

ANVIL BUILDERS INC.
1550 Park Ave. Emeryville, CA 94608
Phone: 415-285-5000 • Fax: 415-285-5005

Request for LBE Subcontractors and Suppliers for
Project: Sunol Valley Water Treatment Plant Short Term Improvements
Contract No: WD-2909

Bid Date: January 16, 2025 • Bid Time: 2:00 PM

The objective of the project is to improve several treatment systems at the Sunol Valley Water Treatment Plant. This includes repair of sediment and flocculant basin concrete; replacement of sludge removal equipment, channel and filter valves, cationic polymer system, and sample pumps; and installation of chemical piping. In addition, a new utility water pump station will be installed to support the facility. The work is to be performed in Alameda County, California.

Seeking all trades (but not limited to): Demo, Concrete, Rebar, Misc Metals, Fencing, Plumbing/ Process Pipe, Asphalt Paving, Security Guard, Welding, Waterproofing, Hydroseed, and other required work and trades.

This project requires a confidentiality agreement. For plans, specifications, and requirements, please email estimating@anvilbuilders.com to be added to our confidentiality agreement. A link will then be provided with the plans and specifications. By submitting a proposal, your company agrees to Anvil Builders Inc.'s standard subcontract.

For assistance with bonding, lines of credit, insurance, or anything else regarding bidding on this project, contact Anvil Builders via phone or email.

Will you be bidding this project? Please email or fax your response to estimating@anvilbuilders.com / 415-285-5005.

ANVIL BUILDERS INC.

PROJECT NAME: Hayward – Water Pollution Control Facility – Admin Building
3700 Enterprise Avenue, Hayward, CA 94545

BID DATE: January 27, 2025 at 4:00 PM. Include completed Bid form

Swinerton is requesting quotations from certified DBE's.

Trades: All Trades needed. Note all long lead items & the anticipated lead times.

RFIs Due: January 20, 2025, 4 PM.

Project Description:

Swinerton is Bidding this project for The City of Hayward. This bid is for award.

This project involves construction, startup, and commissioning of the WPCF Administration Building, including all engineering, labor, materials, and equipment as required by the Contract Documents. The following items are included but are not limited to: selective demolition and salvaging of existing facilities and systems; site paving and grading; landscaping and other site improvements; yard piping and electrical systems; structural and architectural work; plumbing and heating, ventilation, and air conditioning systems; laboratory; fire alarm and suppression systems; power supply systems; instrumentation and control systems; and all other items necessary for a complete and functional facility.

PLANS & SPECIFICATIONS: Available via Building Connected

Contact: Peter Rafferty • Tel: (925) 493-0644 • EMAIL TO: prafferty@swinerton.com

- This is a Public Works project that is federally funded. Subcontractor must be registered with the CA Department of Industrial Relations before submitting a bid. Application and renewal are completed online with an annual, non-refundable fee.
- Davis-Bacon Act Requirements and Wage Determinations shall apply to this contract.
- Compliance with the Hayward Community Workforce Agreement is required.

We reserve the right to require all subcontractors to furnish 100% performance and payment bonds from a U.S. Treasury-listed surety. Premium cost to be included as a separate item. At our discretion, a bid bond and/or letter of bondability from a U.S. Treasury-listed surety may be required within 48 hours of demand.

"Swinerton is an Equal Employment Opportunity, Minority, Women, Disability, and Veteran Employer"

Project: San Joaquin Pipeline Valve & Safe Entry Improvements:
Phase 2B & 2C – Contract No. HH-1016
Owner: San Francisco Public Utilities Commission
Bid Date: January 9th, 2025 @ 2:00 p.m.

We are requesting quotes from all qualified MBE/WBE/LBE Subcontractors and Suppliers but not limited to:
Aggregates, Asphalt, Concrete, Slurry, Pipe Suppliers, Precast Materials, Cathodic Protection, Concrete Flatwork, Concrete Structures, Electrical-Building, Fencing, Reinforcing Steel, Striping, Structure Steel, Welded Steel Pipe, Crane Rental, Painting/Coatings, Grate, Valves/Water Main/Temp Facilities.

Project Description:

The objective of the project to improve existing San Joaquin Pipeline (SJPL) System for safe personnel entry into segments of pipelines without a system shutdown. Phases 2B & 2C focus on improvements at the crossover vaults (Pelican, Roselle, and Emery) and SJPL#4 tie-in. Phase 2B includes: a) Uprate by installing three (3) City-Furnished 72" butterfly valves; b) two (2) City-Furnished 54" Butterfly Valves (KGVs) and two (2) City-Furnished 36" Knife Gate Valves; c) Furnish and install fourteen (14) Removable Spool Pieces (RSPs) and reinforced concrete vaults, d) Furnish and install six (6) 8" KGVs, eight (8) 12" KGVs, and three (3) 24" KGVs that are manually operated, and e) Associated structural, corrosion control, electrical, and I&C work. Phase 2C includes: a) Uprate three (3) 60" Butterfly valves, b) Install six (6) RSPs and reinforced concrete vaults, c) Install six (6) manually operated 8" bypass KGV, and d) Associated structural, corrosion control, electrical, and I&C work. The work is to be performed in Stanislaus County, California.

Engineers Estimate: \$57 Million

Project: Brackney Landslide Area Pipeline Risk Reduction Project
CWO # 2020-003
Owner: City of Santa Cruz
Bid Date: **February 7th, 2025 @ 2:00 p.m.**

We are requesting quotes from all qualified DBE Subcontractors and Suppliers but not limited to:
Aggregates, Asphalt, Concrete Material, Slurry, Low Density Cellular Grout, Pipe Suppliers, Analytical Testing, Directional Drilling, Geotech Engineers, Striping, Surveying, Vibration Monitoring, Trucking, Hazmat, Valves/Water Main/Temp Facilities.

Project Description:
The Work of this Contract includes the construction of the Newell Creek Pipeline in the Brackney Landslide area in Felton, CA between Glen Arbor Road and Brackney Road. The Brackney Landslide Area Pipeline Risk Reduction project will relocate approximately 2,250 feet of the Newell Creek Pipeline to increase the resiliency and reliability of water supply from the Loch Lomond reservoir. The project area is at particular risk of geotechnical hazards with approximately 2,700 linear feet new 24-inch inside diameter (ID) carrier pipeline, including an approximately 1,685 foot long portion to be installed by horizontal directional drilling (HDD). HDD through deep bedrock formation was determined to be the most cost-effective method to avoid landslide hazards. The project will require new easements for realignment. Due to limited access and construction staging, the project will require close coordination with neighbors and other utility owners, and the County of Santa Cruz.

Engineers Estimate: \$10 Million

Project information, including plans & specifications can be found by contacting:
estimating@mountaincascade.com

Please feel free to contact Mountain Cascade, Inc. at 925.373.8370 with any questions concerning bonding, insurance, lines of credit, and job overview. We look forward to your response.

Project: Local Advanced Water Purification System (Local AWPS)
ITB Number: 193197 CIP: WQ-19003
Owner: City of Palo Alto
Bid Date: **January 31st, 2025 @ 3:00 p.m.**

We are requesting quotes from all qualified DBE Subcontractors and Suppliers but not limited to:
Pipe Suppliers, Precast Materials, Steel Tanks, Bypass Pumping, CIDH Piles, Demolition, Electrical-Building, Fencing, Hydroseeding, Landscaping, Reinforcing Steel, Painting/Coatings, Concrete Repair, Concrete, FRP Grating, Crack Repair, Pre-engineered buildings, Misc. Metals, Valves/Water Main/ Temp Facilities, Steel Pipe, Strainers, Insulation, Generators/Switch Gear, Drainage Pumping Equipment, Pumping Plant Electrical Equipment.

Project Description:
Description of Project: The Local AWPS project consist in two Phases. This IFB is for Phase that will produce 1.125 MGD of RO permeate and will include housekeeping pads for future skids and pipe headers sized enough to accommodate expansion. Phase I Motor Control Centers will also accommodate for Phase II electrical loads. The permeate produced from the project will be blended with the existing tertiary-treated recycled water to achieve an instantaneous TDS concentration of 400 to 500 mg/L. The Local AWPS will be constructed without interruption to the current treatment operations, except as allowed under special circumstances, such as piping and utility tie-ins. The electrical service, potable water service and fire water supply will be independent from the RWQCP service. New service connections will be made with City of Palo Alto Utilities (CPAU).

Engineers Estimate: \$53.5 Million

LAWA
LOS ANGELES WORLD AIRPORTS

Los Angeles World Airports (LAWA) is seeking bids from all interested firms, including LAWA's Progressive Design-Build, Skanska-Flatiron, A Joint Venture (SFJV), and certified DBEs, for various bid packages for the **Airfield and Terminal Modernization Program – Roadway Improvements Project**. The Successful Bidder will be awarded a sub-contract by SFJV. Various work packages include potholing for large diameter CIDH pile, retaining walls, earthwork, drainage systems, civil/site work demolition, and a reinforced concrete box culvert. All bid packages can be found at: <https://app.buildingconnected.com/public/67409e17eb94da219f69ac9f>

A non-mandatory, but highly encouraged virtual pre-bid meeting will be held on 12/20/2024 at 10:30 AM. Please register for pre-bid meeting at: <https://events.teams.microsoft.com/event/78f7a288-7d39-4fd2-b65e-1091d11b243d@0741658c-4389-4f59-96b1-83a79508d207>

Should you have any questions or desire to quote on this project, please refer to the procedures described in the Invitation to Bid found in the bid package. Assistance in bonding, insurance, lines of credit or obtaining equipment, supplies and materials may be available upon request. This advertisement is in response to ATMP DBE program. LAWA intends to conduct itself in good faith with DBE firms regarding participation on this project.

This foundation tries to get young Californians into transportation jobs

Caltrans employees and contractors work to stabilize the southbound portion of California Highway 1 that collapsed into the Pacific Ocean, which occurred in March after days of heavy rainfall, hail and powerful winds, in Big Sur. Photo by Melina Mara, The Washington Post via Getty Images

Continued from page 1

their career, civil engineering becomes a much more attractive opportunity, because you're actually seeing the results of the work you put in."

Many of Shaheen's students are interested in sustainable transportation, particularly since she directs the Innovative Mobility Research lab at the Transportation Sustainability Research Center at Berkeley. "With any transition, the jobs do change," she said. "When we go from horse and carriage to car, there's major changes. And when you make changes to electronics, to the sensing systems, or the propulsion systems and how they're fueled, that involves education and workforce development."

Another major shift in the industry, perhaps the biggest one, is self-driving cars, Primmer said. Google, Apple, Ford, Mercedes, Tesla, Honda, Toyota and more are all working on self-driving programs.

"I think that technology is advancing in a way that will be transformative for transportation in the next 5 to 10 years," she said. "But I do think that opens up new opportunities for students who are tech savvy and who are willing to be the bridge between how we've always done things, and how we're going to do things in the future."

Primmer says one of the most important ways to attract students to the industry is storytelling, which helps them put it in perspective.

"It's the foundation of everything we do," she said. "You can't get to your dentist appointment, you couldn't get there if you didn't have a good transportation network. Your access to education, your access to good paying jobs, your access to amenities in your community, is all dependent on a functioning transportation network."

McCarthy Building Companies
 515 S. Flower St | Ste. 3600 | Los Angeles, CA 90071 | 213-655-1100 | License #411173

LACCD ELAC KWAC
 Monterey Park, CA

McCarthy Building Companies, Inc. is soliciting interest from qualified subcontractors and suppliers to participate in the bidding for award phase of the project. The Scope of Work includes:

a. LACCD East Los Angeles College, Kinesiology Wellness Athletic Center (ELAC KWAC)

McCarthy and HED have been awarded the LACCD Kinesiology Wellness Athletic Center (KWAC). The KWAC building is a new 96,000 SF consisting of a new competition gymnasium, weight room, lockers rooms, juice bar, studio and fitness rooms, conference rooms, classrooms, offices, workstation areas, huddle rooms, Physical Therapy lab spaces, support spaces, and Rooftop PV. The existing Bungalows portables and parking lot areas will need to be demolished prior to the start of KWAC construction. The existing Child Development Center is an active building which needs to be maintained throughout construction while the existing Men's Gym needs to remain active until the KWAC Building is completed. The new KWAC Building will connect to the existing campus hydronic loop at the CUP, the campus Medium Voltage Loop and the campus communication fiber loop. The new Site work includes a new Multipurpose Field, public gathering/seating areas, landscape areas, and a new fire access road.

Bidders will be awarded a Stipulated Sum (Lump Sum) Design Build/Assist Contract. The contract will require Part A & Part B services (Part A = Design & Preconstruction Costs; Part B = Construction Costs). Each Bid Trade Package will have the specific Part A design and preconstruction responsibilities outlined in a McCarthy Scope Sheet.

Note: LACCD requires contractors to be able to satisfy their Project Labor Agreement (PLA). Technology contractors must be pre-approved with LACCD.

Project Location: 1301 Avenida Cesar Chavez, Monterey Park, CA 91754

Work categories to be awarded include: Structural Steel, and High Density Shelving.

Key Subcontractor Qualifications: Design-build experience; bondable and prequalified with McCarthy Building Co.

Key Dates (subject to change): Request for Proposals (RFP) issued to Subcontractors – 12/20/24 via Building Connected; RFI's Due 1/08/25; Proposals Due to McCarthy – 1/17/25.

* - This project will require subcontractors to sign the Project Labor Agreement (PLA)

* - This project contains an Owner Controlled Insurance Program (OCIP)

* - A 100% Performance and Payment Bond from an admitted surety will be required upon award of contract for all trades.

* - McCarthy is an equal opportunity employer and encourages qualified Small Business and Minority Business participation.

* - LACCD requires an EMR of 1.24 or lower.

Please contact us if you have any questions regarding project specifics:

PUBLIC LEGAL NOTICE ADVERTISEMENTS

OAKLAND UNIFIED SCHOOL DISTRICT DEPARTMENT OF FACILITIES PLANNING AND MANAGEMENT

NOTICE TO BIDDERS DOCUMENT 00 11 11

Notice is hereby given that the Oakland Unified School District (hereinafter referred to as "Owner") will receive sealed bids prior to the date and time stated for the bid opening for the award of a contract to construct the ("Contract"), **Project No. 24166**

**Melrose Leadership Academy at
Maxwell Site Improvement
4730 Fleming Ave, Oakland, CA 94619**

as per the Contract Documents, including the drawings and specifications, which may be obtained from the Printing Facility listed below.

Project consists of:

The contractor will demolish the existing play structure, basketball hoop, safety surfacing, and planter beds. Contractor to install safety surfacing tiles for new play structure. The new play structure will be installed by others. Additional work includes tree planting with irrigation and drainage and applying a double layer of seal coating on existing pavement, and expansion of the garden area. Work will follow strict safety standards and coordination with OUSD. See further details in the specifications.

Engineer's Estimate: \$409,500.00

Project Manager is Muhanad Amous, who can be reached at: muhanad.amous@ousd.org and/or 408-613-5703.

The Owner reserves the right to add or deduct any of the additive or deductive items after the lowest responsible and responsive bidder is determined. The lowest bid shall be determined on the amount of the base bid.

This Contract is subject to prequalification pursuant to Public Contract Code section 20111.6. Prospective bidders must currently be on the District's Certified Contractor's List.

This Contract is subject to the District's Project Labor Agreement. The full version of OUSD's latest Project Labor Agreement can be found by going to the OUSD home page: <https://www.ousd.org/facilities-planning-management-department/opportunities>

Contract Documents will be available for review on or after **December 18, 2024**, at **East Bay Blue Print, located at 1745 14th Avenue, Oakland, CA 94606**. All requests should be addressed Attention: Sandy Petty. Plans can be ordered by:

Ph: 510-261-2990 Fax: 510-261-6077

Email: ebbp@eastbayblueprint.com.

Attn: Sandy. Online using the Plan Command System at www.eastbayblueprint.com or plans can be delivered to a place of business, at requester's own expense. Payment for plan sets must be made with East Bay Blue Print and are **NON-REFUNDABLE**

In addition, Contract Documents are available for bidders' review at the following builders' exchanges:

Builder's Exchange of Alameda County
McGraw Hill Construction Data
San Francisco Builder's Exchange

Reed Construction Market Data
Contra Costa Builder's Exchange
Marin Builder's Exchange

Public works projects shall be subject to compliance monitoring and enforcement by the Department of Industrial Relations. For all projects over Twenty-Five Thousand Dollars (\$25,000), a contractor or subcontractor shall not be qualified to submit a bid or to be listed in a bid proposal subject to the requirements of Public Contract Code section 4104 unless currently registered and qualified under Labor Code section 1725.5 to perform public work as defined by Division 2, Part 7, Chapter 1 (§§1720 et seq.) of the Labor Code. For all projects over Twenty-Five Thousand Dollars (\$25,000), a contractor or subcontractor shall not be qualified to enter into, or engage in the performance of, any contract of public

work (as defined by Division 2, Part 7, Chapter 1 (§§1720 et seq.) of the Labor Code) unless currently registered and qualified under Labor Code section 1725.5 to perform public work and proof of registration is provided.

The Contract Time shall be forty-five (45) calendar days, and liquidated damages for delay shall accrue.

Bids must be sealed and filed at

**Front Desk
Facilities Planning & Management,
955 High Street, Oakland, CA 94601**

on **January 16, 2025, before 2:00 p.m.**, on the clock designated by the Owner or its representative as the bid clock at or after which time the bids will be opened and publicly read aloud. No bid will be accepted by the Owner after this time. Facsimile (FAX) copies of the bid will not be accepted. Any bid that is submitted after this time shall be non-responsive and returned to the bidder. Any claim by a bidder of error in its bid must be made in compliance with section 5100 et seq. of the Public Contract Code.

Mandatory pre-bid **site visit** will be held on **January 9, 2025 at 10:00 a.m.**, at Front entrance of the MLA at Maxwell School Site. Bidders not attending the site visit will be disqualified.

Bids must be accompanied by a bidder's bond, cashier's check, or certified check for at least ten percent (10%) of the amount of the base bid and made payable to the Owner, as detailed in the Contract Documents.

Owner, or its designee, has determined that certain materials, services, products or things designated by specific brand or trade name shall not be subject to Public Contract Code section 3400(a) in order that a field test or experiment may be made to determine the product's suitability for future use; in order to match other materials, services, products or things in use on a particular Owner public improvement either completed or in the course of completion; in order to obtain a necessary item that is only available from one source; and in order to respond to an emergency declared by Owner.

Pursuant to the Contract Documents, the successful bidder will be required to furnish a Payment (Labor and Material) Bond in the amount of one hundred percent (100%) of the Contract Sum, and a Faithful Performance Bond in the amount of one hundred percent (100%) of the Contract Sum.

The successful bidder will be allowed to substitute securities or establish an escrow in lieu of retainage, pursuant to Public Contract Code Section 22300, and as described in the Agreement Between Owner and Contractor and General Conditions.

The Owner will not consider or accept any bids from contractors who are not licensed to do business in the State of California, in accordance with the California Public Contract Code, providing for the licensing of contractors. In accordance with Section 3300 of said Code, the bidder shall have an **A- General Engineering and/or B- General Building Contractor Contractor's** license at the time of award and shall maintain that license in good standing through Completion of the Contract and all applicable warranty periods. For all projects over Twenty-Five Thousand Dollars (\$25,000), the bidder shall state the public works contractor registration number on the Designation of Subcontractors form for each subcontractor performing more than one-half of one percent (0.5%) of the bidder's total bid.

The Director of Industrial Relations of the State of California, in the manner provided by law, has ascertained the general prevailing rate of per diem wages and rate for legal holidays and overtime work. The Contractor must pay for any labor therein described or classified in an amount not less than the rates specified. Copies of the required rates are on file at the Owner's business office and are available on request.

OAKLAND UNIFIED SCHOOL DISTRICT DEPARTMENT OF FACILITIES PLANNING AND MANAGEMENT

INVITATION TO BID

3 Years Plumbing Routine Repair & Maintenance Services Contract No. 70052

1. Notice is hereby given that the governing board ("Board") of the Oakland Unified School District ("District" or "Owner") will receive sealed bids for the following contract:

Plumbing (routine), Plumbing (sewer/storm drain), Maintenance Services ("Contract")

to be performed at the following District site(s):

• All District Facilities.

2. Sealed Bids will be received until **2:00 PM on 15th day of January 2025, at the District Office, located at 955 High Street, Oakland, CA 94601, at the Front Receptionist's desk**, at or after which time the bids will be opened and publicly read aloud. Any claim by a bidder of error in its bid must be made in compliance with section 5100 et seq. of the Public Contract Code. Any bid that is submitted after this time shall be non-responsive and returned to the bidder.

3. The Contract consists of:

Services shall include, without limitation, routine work, repair, and/or maintenance of:

Gas lines, sewer lines, water lines, grease traps, area drains, sump pumps, injection pumps, and/or water heaters. Provide and maintain 24/7 on-call service availability to District for emergency calls or other types of plumbing needs that may arise. see Exhibit A to the Agreement, the Bid Form, and all other Contract Documents.

The full version of Contract & Bid Documents can be uploaded by clicking on the link provided: <https://www.ousd.org/facilities-planning-management-department/opportunities/contract-opportunities/bids>

4. **Contract Price:** The total compensation under this Contract shall be an amount not-to-exceed **ONE MILLION THREE HUNDRED THOUSAND DOLLARS (\$1,300,000.00)** for the Thirty-six (36) Months duration of the entire Contract.

5. The Project Manager for this Contract is Mark Griggs, who can be reached at 510-879-2913 or mark.griggs@ousd.org.

6. All bids shall be on the form provided by the District. Each bid must conform and be responsive to all

pertinent Contract Documents, including, but not limited to, the Instructions to Bidders.

7. To bid on this Contract, the Bidder is required to possess the following State of California Contractor Licenses:

• C-36 – Plumbing Contractor

The Bidder's license(s) must be active and in good standing at the time of the bid opening and must remain so throughout the term of the Contract.

8. **Prevailing Wages.** Pursuant to sections 1770 et seq. of the California Labor Code, Bidder and all Subcontractors under the Bidder shall pay all workers on all work performed pursuant to the Contract not less than the general prevailing rate of per diem wages and the general prevailing rate for holiday and overtime work as determined by the Director of the State of California Department of Industrial Relations (DIR) for the type of work performed and the locality in which the work is to be performed within the boundaries of the District. Copies of the general prevailing rates of per diem wages for each craft, classification, or type of worker needed to execute the Contract, as determined by the DIR are available from the District or on the internet (<http://www.dir.ca.gov>).

9. **Contractor Registration.** Bidder shall ensure that Bidder and its Subcontractors comply with the registration and compliance monitoring provisions of Labor Code section 1771.4, including furnishing its CPRs to the Labor Commissioner, and are registered pursuant to Labor Code section 1725.5. Labor Code section 1771.1(a) states the following:

"A contractor or subcontractor shall not be qualified to bid on, be listed in a bid proposal, subject to the requirements of Section 4104 of the Public Contract Code, or engage in the performance of any contract for public work, as defined in this chapter, unless currently registered and qualified to perform public work pursuant to Section 1725.5. It is not a violation of this section for an unregistered contractor to submit a bid that is authorized by Section 7029.1 of the Business and Professions Code or by Section 10164 or 20103.5 of the Public Contract Code, provided the contractor is registered to perform public work pursuant to Section 1725.5 at the time the contract is awarded."

A full copy of the bid form must be submitted at time of Bid Opening, 15th day of January 2025, @ 2:00 p.m. A copy must be downloaded from <https://www.ousd.org/facilities-planning-management-department/opportunities/contract-opportunities/bid> under the Bids subheading.

SANTA VALLEY WATER DISTRICT (VALLEY WATER)

NOTICE TO PROSPECTIVE PROPOSERS

REQUEST FOR PROPOSALS (RFP)

PB FILE NO. VW0503

CONSTRUCTION MANAGEMENT SERVICES FOR ANDERSON

DAM SEISMIC RETROFIT PROJECT (ADSRP)

Santa Valley Water District (Valley Water) is seeking proposals from qualified firms to provide construction management services for the Anderson Dam Seismic Retrofit Project.
