

Battery Park City North West Resiliency Project

By Battery Park City Authority

Editor's note: A progressive design-build team comprised of a Turner Construction Company and E.E. Cruz joint venture, along with Arcadis, the Bjark Ingels Group (BIG), Scape Landscape Architecture, and WSP, was selected by the Battery Park City Authority for its North West Resiliency Project. See the Turner-EECruz event notice below, and learn how your firm might participate.

The combined North West Battery Park City Resiliency Project contemplates the creation of an integrated coastal flood risk management system from First Place, north along the Battery Park City Esplanade, across to the east side of West Street/Route 9A, and terminate above Chambers Street at a high point on Greenwich Street. Work will proceed through a progressive design-build effort.

Principal purposes of the NWBPCR Project:

- Provide a reliable coastal flood barrier system to provide risk reduction to property, residents, and assets within the vicinity of Battery Park City that addresses the design storm event;
- Preserve, enhance, and protect to the maximum extent practicable and integrate to the proposed design the open space and waterfront cultural resources of Battery Park City;
- Preserve and enhance the character, accessibility, including universal access, and design aesthetic of the community and its interface with the BPC waterfront and access to coastal view sheds, particularly views of the Hudson River, the New York Harbor, and the Statue of Liberty;
- Avoid or minimize disruption to existing below- and above-ground infrastructure (i.e., water and sewer infrastructure, tunnels, utilities, etc.) from both construction impacts and flood events.

Specific objectives of the NWBPCR Project:

- Provide a reliable and adaptable coastal flood barrier system that minimizes risk and the need for operational interventions by relying on passive flood control rather than mechanical "deployable" flood barrier systems to the extent practicable;
- Minimize urban heat island effect and enhance outdoor occupant thermal safety to the extent practicable;

- Construct and operate the project in an environmentally responsible manner;
- Utilize cost-effective low-impact solutions to maximize capital investment over the lifespan of the NWBPCR Project.

SKANSKA USA CIVIL

IS SOLICITING COST PROPOSALS FROM NEW YORK AND NEW JERSEY DBE SUBCONTRACTORS AND VENDORS

Manhattan Tunnel Project

Gateway Development Commission RFP No. GDC23-005

Bid Date: November 7, 2024

Description of project:

The Manhattan Tunnel consists of two separate mined tunnels to be constructed utilizing Sequential Excavation Methods ("SEM") tunneling techniques in combination with in-situ ground improvements (e.g., ground freezing and jet grouting) from about 50 feet west of the Manhattan Bulkhead ("Bulkhead") to an interface with the HYCC-3, within the Hudson Yards. The construction of two sets of shafts for support of tunnel excavation: the Temporary Shafts (located by the Manhattan bulkhead) and the 12th Avenue Shaft.

Many bidding opportunities are available: geotechnical instrumentation, haul and dispose soil, rodent control, photography, rebar fabrication, electrical sub, soil and water sampling, park restoration, office trailers, fencing, curbs and sidewalks, site work, security guard service, utility work, QA/QC inspections.

If you are interested in bidding on this project, please contact Skanska's Outreach Coordinator: Aislinn.Speranza@skanska.com • EOE/M/F/Vet/Disabled

IS SOLICITING COST PROPOSALS FROM NEW YORK STATE DBE SUBCONTRACTORS AND VENDORS

Design-Build Services for LIRR West Side Yard Flood Mitigation Measures

MTA Construction and Design Contract No. 6401

Bid Date: February 3, 2025

Description of project:

Design, furnish, construct, and install concrete perimeter flood walls, seepage cut-off barriers below the concrete flood walls, flood gates, deployable flood barriers, sump pumps, a tide gate chamber, drainage system improvements, workable aisles and a diesel generator, an automatic transfer switch, ancillary electrical equipment, and required communications.

This project will develop flood protection solutions for the West Side Yard in order to prevent and mitigate flooding of the LIRR Tunnels. The flood protection below the WSY perimeter will be accomplished via a combination of permanent flood walls and deployable flood barriers.

Many bidding opportunities are available: deep foundations, minipiles, jetgrout, sheeting, rebar installation, concrete supply, site work, electrical work, painting, paving, curb and sidewalk, site utilities.

If you are interested in bidding on this project, please contact Skanska's Diversity and Outreach Coordinator: Aislinn.Speranza@skanska.com • EOE/M/F/Vet/Disabled

Federal Contracting: Woman-Owned Small Business (WOSB) Certification Program Webinar

Tuesday, October 15, 2024, 2:00 pm–3:30 pm Online

Main Sponsor(s): US Small Business Administration

Contact: Patrice Dozier, patrice.dozier@sba.gov

Fee: Free; registration required

Welcome to the WOSB webinar series! Are you a woman owner of a small business? The federal government's goal is to award at least five percent of all federal contracting dollars to woman-owned small businesses each year. Join us for training on how to register for SBA's 'Woman-Owned Small Business (WOSB)' program, which helps eligible small businesses to qualify for federal contracting opportunities. The monthly sessions will include an overview of the self-certification process, as well as a discussion of the NAICS codes that qualify as WOSB or EDWOSB. Register for this free webinar at <https://www.eventbrite.com/e/woman-owned-small-business-wosb-certification-program-tickets-853224426227>

8(a) Orientation and SAM Registration Webinar

Wednesday, October 16, 2024, 10:30 am–11:30 am Online

Main Sponsor(s): US Small Business Administration

Contact: SBA Illinois District Office, 312-353-4528, illinois.do@sba.gov

Fee: Free; registration required

Join the Small Business Administration (SBA)

Illinois District Office for a virtual workshop providing an overview of the 8(a) Business Development program, eligibility requirements, and program benefits. Also learn how to increase your potential for federal contract opportunities through System for Award Management (SAM) registration, including information that you need for the registration process. SBA presenters will offer additional tips, address FAQs, give directions on where to get further assistance, and answer your other questions. To register for this free webinar, visit <https://www.eventbrite.com/e/8a-orientation-sam-registration-tickets-518989961947>

Selling to the Federal Government Webinar

Thursday, October 24, 2024, 1:00 pm–4:00 pm Online

Main Sponsor(s): US Small Business Administration

Contact: George Tapia, 610-382-3086, george.tapia@sba.gov

Fee: Free; registration required

Did you know that the federal government is the largest purchaser of goods and services in the world? Interested in learning how your business can market your services or goods to the federal government?
